

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

LETTER OF TRANSMITTAL.

DEPARTMENT OF THE CORPORATION COMMISSION,

RALEIGH, December 31, 1909.

*His Excellency, W. W. KITCHIN,
Governor of North Carolina,
Raleigh, N. C.*

SIR:—We hand you herewith our report for the year 1909, it being the eleventh annual report of the Corporation Commission. This report includes the cases disposed of during the calendar year, 1909; the annual reports of railroad companies, street railway companies, telegraph companies, telephone companies, the Southern Express Company, and The Pullman Company, for the fiscal year ending June 30, 1909, and tabulated statements therefrom; also summary of State and savings banks of report made the 16th day of November, 1909; the assessment of railroads, street railways, telephone and telegraph companies, express company, the Pullman Company, banks, State and National, cotton mills, and other corporations, being all of the properties assessed by the Corporation Commission, and the distribution of the assessment as the law requires.

We have published in this report the law establishing the Corporation Commission as revised and brought forward in The Revisal of 1905, with all amendments thereof to date.

RAILROADS.

There are 4,387.25 miles of main line of railroad, 35.74 miles of new mileage being added during the year; and there are 911.86 miles of side track, 82.35 miles being added during the year.

The income of railroads within the State for the year ending June 30, 1909, was \$10,646,036.49; for the year 1908, \$8,535,706.88; 1907, \$8,332,546.29; 1906, \$9,100,281.67.

There were passengers carried earning revenue on the four larger railroads, the Atlantic Coast Line Railroad, Seaboard Air Line Rail-

way, Southern Railway, and the Norfolk and Southern Railway, for the year 1909, 7,889,815; for the year 1908, 8,519,645; for the year 1907, 6,713,392; for the year 1906, 6,254,142.

The income from the passenger service was as follows: 1909, \$7,353,755.16; 1908, \$7,712,246.91.

The number of tons of freight transported in the State of North Carolina by the Atlantic Coast Line Railroad Company, Seaboard Air Line Railway, Southern Railway Company, and the Norfolk and Southern Railway was as follows: 1909, 12,901,525; 1908, 12,476,417; 1907, 12,910,200; and 1906, 12,323,270.

The most gratifying comparison with former reports is in the great decrease in casualties. This is as follows:

	<i>Killed.</i>		<i>Injured.</i>	
	1909.	1908.	1909.	1908.
Passengers	1	6	83	334
Employees	25	34	310	469
Other persons	44	80	71	145
Other causes than movement of trains..	6	1	581	510

BANKS.

During the calendar year twenty-one banks were licensed to do business, so that there are now 321 State banks. Comparison of the summaries shows the resources of the State banks as follows: 1909, \$55,852,328; 1908, \$47,915,076.

Two banks, the Bank of Carteret, Morehead City, and the Citizens Bank and Trust Company, Southern Pines, were closed by order of the Commission, but no depositor lost any money, and prompt liquidation and settlements were made.

ASSESSMENTS.

The transfer to this Department by the General Assembly of 1909 of the duty of assessing all corporations theretofore assessed by the Auditor, added greatly to the work of the Commission.

3,779 corporations were assessed at \$191,949,306. Corporation excess, \$124,207,469.

268 public service corporations assessed at \$94,183,725. Corporation excess, \$89,690,885.

LETTER OF TRANSMITTAL.

v

48 railroads assessed at \$86,347,553. Corporation excess, \$84,-845,288.

373 banks assessed at \$18,795,463. Corporation excess, \$16,-976,831.

251 cotton mills assessed at \$32,573,472. Corporation excess, \$5,791,835.

2,808 domestic corporations (other than above) assessed at \$41,-920,360. Corporation excess, \$9,987,943.

Respectfully,

FRANKLIN McNEILL, *Chairman.*

SAM. L. ROGERS,

B. F. AYCOCK,

Commissioners.

CORPORATION COMMISSION LAW.

FROM CHAPTER 20, REVISAL OF 1905, INCLUDING AMENDMENTS OF THE LEGISLATURES OF 1905, 1907, 1908 AND 1909. ALSO MISCELLANEOUS ACTS IN RELATION TO THE CORPORATION COMMISSION.

VI. Penalties,	1086—1093
VII. Jurisdiction,	1094—1103
VIII. Rates,	1104—1112
IX. Duties,	1113—1118

I. COURT.

1054. COURT OF RECORD. There shall be a court of record, known as the "corporation commission." Such court shall adopt a seal, and shall have all of the powers and jurisdiction of a court of general jurisdiction as to all subjects embraced in this chapter. The members and clerk thereof may administer oaths. 1899, c. 164, ss. 1, 31.

1055. NUMBER OF COMMISSIONERS. The court shall consist of three commissioners, who shall be elected by the qualified voters of the state, in the same manner as other state officers are elected. The court shall organize by the election of one of the commissioners as chairman. 1899, c. 164, s. 1.

1056. TERM OF OFFICE. The term of office of the commissioners shall begin on the first day of January next after their election, and shall continue for six years and until their successors are elected and qualified. One member of the court shall be elected at each general election. 1899, c. 164.

1057. VACANCY. If for any cause there shall be a vacancy in the commission, the governor shall appoint to such vacancy. Such appointee shall hold until the election and qualification of his successor, who shall be elected at the next general election, after the vacancy occurred. The person so elected shall hold office for the unexpired term. 1899, c. 164; 1901, c. 194.

1058. QUALIFICATION OF COMMISSIONERS. It shall be unlawful for any member or official of said court to jointly, severally, or in any other way, either directly or indirectly, hold any stock or bond, or be the agent, attorney or employee, or have any interest in any way, in any steamboat, railroad, canal, navigation, express, telegraph, telephone, bank or building and loan company, or association. If any member or official of said court shall, during the term of his office, as distributee or legatee, or in any other way, have or become entitled to any stock or bonds or interest therein of any such company he shall at once dispose of the same, and upon failure to do so shall forfeit his office, and may be suspended by the governor. 1899, c. 164.

1059. **OATH OF OFFICE.** The members of the court, in addition to the oath to support the constitution and laws of the United States and the constitution and laws of the state of North Carolina, shall take, to be administered by one of the judges of the supreme court, the following oath of office, which oath shall be signed by such commissioners and attested by said judge and recorded in the office of the secretary of state: "I do solemnly swear (or affirm) that I am not the owner of any steamboat or of any stock or bond of any railroad, navigation or canal company, express, telegraph or telephone company, or of any bank or building and loan association, or the agent or attorney or employee of any such company or association; that I have no interest in any way in any such company or association, and that I will well and faithfully execute the duties of my office as a member of the corporation commission and as state tax commissioner to the best of my knowledge and ability, without fear, favor, malice, reward or the hope of reward. So help me, God." 1899, c. 164, s. 1; 1903, c. 251, s. 3.

1060. **PLACE OF MEETING.** The court shall be held in the city of Raleigh. Special sessions may be held at any place, in the state, when in the judgment of the court the convenience of all parties is best subserved and expense is thereby saved. 1899, c. 164, ss. 30, 31; 1901, c. 679, s. 4.

1061. **OPEN AT ALL TIMES.** The court shall be open at all times for the transaction of business, and each member shall devote his whole time to the discharge of the duties of his office, and it shall be his duty to remain in the office of the commission at least fifteen days in each month, unless detained therefrom on official business. 1899, c. 164, s. 30; 1903, c. 251, s. 3.

1062. **QUORUM.** Any two members of the court shall constitute a quorum for the transaction of business. The chairman is hereby authorized and empowered to perform the duties and exercise the powers conferred by law upon the corporation commission as to or over banks and building and loan associations, but this shall not prevent, as to banking and building and loan associations, the other members of the court from acting with the chairman in all of such matters. 1899, c. 164, s. 29.

1063. **CLERK.** The court shall appoint a clerk, who shall be an expert accountant, experienced in railroad statistics and transportation rates. His term of office shall be for two years. He shall take and subscribe to oaths of office similar to those prescribed for the commissioners. Provided, this shall not prevent the clerk from holding stock in state or national banks. 1907, c. 999; 1899, c. 164, ss. 9, 31.

II. INVESTIGATIONS.

1064. **EXAMINATIONS.** The commissioners shall from time to time visit the places of business, and investigate the books and papers of all corporations, firms or individuals engaged in the transportation of freight or passengers, the transmission of messages either by telegraph or telephone, all public or private banks, loan and trust companies, and all building and loan associations, to ascertain if all the orders, rules and regulations of the corporation commission have been complied with, and shall have full power and authority to examine all officers, agents and employees of such companies, individuals, firms or corporations, and all other persons under oath or otherwise, and to compel the production of papers and the attendance of witnesses to obtain the information necessary for carrying into effect and otherwise enforcing the provisions

of this chapter, and the chapter entitled "Banks" and "Building and Loan Associations." 1899, c. 164, s. 1.

1065. RAILROAD ACCIDENTS. The commission may investigate the causes of any accident on a railroad or steamboat which it may deem to require investigation, and any evidence taken upon such investigation shall be reduced to writing, filed in the office of the commission, and be subject to public inspection. 1899, c. 164, s. 24.

III. POWERS.

1066. GENERAL POWERS. The corporation commission shall have such general control and supervision of all railroad, street railway, steamboat, canal, express and sleeping car companies or corporations and of all other companies or corporations engaged in the carrying of freight or passengers, of all telegraph and telephone companies, of all public and private banks and all loan and trust companies or corporations, and of all building and loan associations or companies, necessary to carry into effect the provisions of this chapter, and the laws regulating such companies, and to require all transportation and transmission companies to establish and maintain all such public service facilities and conveniences as may be reasonable and just. 1907, c. 469, s. 2; 1899, c. 164; 1901, c. 679.

1067. WITNESSES; PRODUCTION OF PAPERS; CONTEMPT. The corporation commission shall have the same power to compel the attendance of witnesses, require the examination of persons and parties, and compel the production of books and papers, and punish for contempt, as by law is conferred upon the superior courts. 1899, c. 164, ss. 1, 9, 10.

1068. RULES OF PRACTICE. The corporation commission shall prescribe rules of practice and procedure in all matters before it and in all examinations necessary to be made under this chapter. 1899, c. 164, s. 2, subsec. 24.

1069. RULES OF EVIDENCE. In all cases under the provisions of this chapter the rules of evidence shall be the same as in civil actions, except as provided by this chapter. 1899, c. 164, s. 26.

1070. SUBPOENAS, HOW ISSUED; SERVED. All subpoenas for witnesses to appear before the commission or before any one or more of the commissioners, and notice to persons or corporations, shall be issued by one of the commissioners or its clerk and be directed to any sheriff, constable or to the marshal of any city or town, who shall execute the same and make due return thereof as directed therein under the penalties prescribed by law for a failure to execute and return the process of any court. 1899, c. 164, s. 10.

1071. SERVICE OF ORDERS. The clerk of the commission may serve any notice issued by it and his return thereof shall be evidence of said service; and it shall be the duty of the sheriffs and other officers to serve any process, subpoenas and notices issued by the commissioners, and they shall be entitled therefor to the same fees as are prescribed by law for serving similar papers issuing from the superior court. 1899, c. 164, s. 9.

1072. UNDERTAKINGS. All bonds or undertakings required to be given by any of the provisions of this chapter shall be payable to the state of North Carolina, and may be sued on as are other undertakings which are payable to the state. 1899, c. 164, s. 7.

1073. CONTROVERSIES MAY BE SUBMITTED TO COMMISSION. Whenever any company or corporation embraced in this chapter has a controversy with another

corporation or person and all the parties to such controversy agree in writing to submit such controversy to the commission as arbitrators, the commission shall act as such, and after due notice to all parties interested shall proceed to hear the same, and their award shall be final. Such award in cases where land or an interest in land is concerned shall immediately be certified to the clerk of the superior court of the county in which said land is situated and shall by such clerk be docketed in the judgment docket for such county, and from such docketing shall be a judgment of the superior court for such county. Parties may appear in person or by attorney before such arbitrators. 1899, c. 164, s. 25.

IV. APPEALS.

1074. **RIGHT OF; HOW TAKEN.** From all decisions or determinations made by the corporation commission any party affected thereby shall be entitled to an appeal. Before such party shall be allowed to appeal, he shall, within ten days after notice of such decision or determination, file with the commission exceptions to the decision or determination of the commission, which exceptions shall state the grounds of objection to such decision or determination. If any one of such exceptions shall be overruled, then such party may appeal from the order overruling the exception, and shall, within ten days after the decision overruling the exception, give notice of his appeal. When an exception is made to the facts as found by the commission, the appeal shall be to the superior court in term time; otherwise to the judge of the superior court at chambers. The party appealing shall, within ten days after the notice of appeal has been served, file with the commission exceptions to the decision or determination overruling the exceptions, which statement shall assign the errors complained of and the grounds of the appeal. Upon the filing of such statement the commission shall, within ten days, transmit all the papers and evidence considered by it, together with the assignment of errors filed by the appellant, to a judge of the superior court holding court or residing in some district in which such company operates or the party resides. If there be no exceptions to any facts as found by the commission, it shall be heard by the judge at chambers at some place in the district, of which all parties shall have ten days' notice. 1899, c. 164, ss. 7, 28; 1903, c. 126.

1075. **APPEAL DOCKETED; PRIORITY OF TRIAL; BURDEN.** The cause shall be entitled "State of North Carolina on relation of the Corporation Commission against (here insert name of appellant)," and if there are exceptions to any facts found by the commission, it shall be placed on the civil issue docket of such court and shall have precedence of other civil actions, and shall be tried under the same rules and regulations as are prescribed for the trial of other civil causes, except that the rates fixed or the decision or determination made by the commission shall be *prima facie* just and reasonable. 1899, c. 164, s. 7. Note. See s. 1112.

1076. **HEARD AT CHAMBERS BY CONSENT.** By consent of all parties the appeal may be heard and determined at chambers before any judge of a district through or into which the railroad may extend, or any judge holding court therein, or in which the person or company does business. 1899, c. 164, s. 7.

1077. **TO SUPREME COURT.** Either party may appeal to the supreme court from the judgment of the superior court under the same rules and regulations

as are prescribed by law for appeals, except that the state of North Carolina if it shall appeal shall not be required to give any undertaking or make any deposit to secure the cost of such appeal, and such court may advance the cause on its docket so as to give the same a speedy hearing. 1899, c. 164, s. 7.

1078. RATES VACATED PENDING APPEAL, NOW. The rates of freight and fare fixed by the commission shall be and remain the established rates and shall be so observed and regarded by corporations appealing until the same shall be changed, reversed or modified by the judgment of the superior court, unless the railroad company shall within fifteen days file with said commission a justified undertaking, in a sum to be fixed by the commission, conditioned to pay the state of North Carolina the difference between the aggregate freights charged or received and those fixed by said commission, and to make a report of freights charged or received every three months during the pendency of such appeal; and whenever such difference in freights equals or exceeds the penalty of such undertaking the commission may require another to be executed and filed with them. From the time the undertaking first mentioned is filed the judgment appealed from shall be vacated; but a failure for ten days to file any additional undertaking required by the commission shall eo instanti revive such judgment. Out of the funds paid into the state treasury under this section there shall be refunded to shippers the overpaid freight ascertained by the final determination of the appeal on the recommendation of the commission, if application therefor is made within one year from such final determination. 1899, c. 164, s. 7.

1079. JUDGMENT SUPERIOR COURT NOT VACATED BY APPEAL. Any freight or passenger rates fixed by the commission, when approved or confirmed by the judgment of the superior court, shall be and remain the established rates and shall be so observed and regarded by an appealing corporation until the same shall be changed, revised or modified by the final judgment of the supreme court, if there shall be an appeal thereto, and until changed by the corporation commission. 1899, c. 164, s. 7.

1080. JUDGMENT ON APPEAL ENFORCED BY MANDAMUS. In all cases in which, upon appeal, a judgment of the corporation commission is affirmed, in whole or in part, the appellate court shall embrace in its decree a mandamus to the appellant to put said order in force, or so much thereof as shall be affirmed. 1905, c. 107, s. 2.

1081. PEREMPTORY MANDAMUS TO ENFORCE ORDER, WHEN NO APPEAL. If no appeal is taken from an order or judgment of the corporation commission within the time prescribed by the law, but the corporation affected thereby fails to put said order in operation, the corporation commission may apply to the judge riding the superior court district which embraces Wake county, or to the resident judge of said district at chambers, upon ten days' notice, for a peremptory mandamus upon said corporation for the putting in force of said judgment or order; and if said judge shall find that the order of said commission was valid and within the scope of its powers, he shall issue such peremptory mandamus. An appeal shall lie to the supreme court in behalf of the corporation commission, or the defendant corporation, from the refusal or the granting of such peremptory mandamus. 1905, c. 107.

V. INJUNCTION.

1082. WHEN GRANTED; BOND. No judge shall grant an injunction, restraining order or other process staying or affecting, during the pending of any appeal, the enforcement of any determination of the corporation commission fixing rates or fares, without requiring as a condition precedent the executing and filing with the corporation commission of a justified undertaking in the sum of not less than twenty-five thousand dollars for any company whose road is of less length than fifty miles, and fifty thousand dollars for any company whose road is over fifty miles in length, conditioned that the company will make and file with the corporation commission a sworn statement every three months during the pending of the appeal of the items of freight, with names of shippers, carried over such company's road within the pending ninety days, showing the freights charged and those fixed by the corporation commission; and in the event the determination of the corporation commission appealed from is affirmed in part or in whole such company shall within thirty days pay into the treasury of North Carolina the aggregate difference between the freights collected and those fixed by the final determination of the matter appealed. 1899, c. 164, s. 7.

1083. RESTRAINING ORDER VACATED, WHEN. Whenever the aggregate difference between the freights collected and those fixed by the corporation commission shall equal or exceed the sum specified in the undertaking, the corporation commission shall notify the appellant that another justified undertaking in like sum and with the same conditions as the original undertaking is required to be executed and filed with the corporation commission. A failure to file with the corporation commission the sworn statement provided for in the preceding section, or any one of them when more than one is required or asked for, or a failure to give an additional undertaking when required within fifteen days from notice so to do, shall vacate and render null and void any restraining order, injunction or other process to stay the enforcement of any determination of the corporation commission as to schedules of rates. 1899, c. 164, s. 7.

1084. SUITS ON INJUNCTION BOND. When any of the conditions of such undertaking are broken it may be sued on and enforced in the name of the state of North Carolina on the relation of the corporation commission by summons returnable to the superior court of any county in the state at a regular term thereof. The solicitor of the district shall prosecute the action in his court in behalf of the state, and shall be allowed such fees, to be taxed in the bill of costs, as the court may order; and the attorney-general shall prosecute on appeal to the supreme court on behalf of the state and shall be allowed such fees, to be taxed in the bill of costs, as the court shall allow. 1899, c. 164, s. 7.

1085. WHAT RECOVERED; APPLICATION OF RECOVERY. In cases where the sworn statements herein required to be made are not made the whole penalty of the undertaking shall be enforced and paid into the state treasury. The sums paid into the treasury under the provisions of this section shall be used to reimburse the shippers of freight for the excess of freights paid over what should have been paid, such reimbursements to be made on recommendation of the corporation commission: Provided, application therefor is made within one year after the determination of the appeal in which the undertaking was given. The recovery in each undertaking shall be applied to such excess of freights as has been paid during the period covered by such undertaking. 1899, c. 164, s. 7.

VI. PENALTIES.

1086. **FOR VIOLATING RULES.** If any railroad company doing business in this state by its agents or employees shall be guilty of a violation of the rules and regulations provided and prescribed by the commission, and if after due notice of such violation given to the principal officers thereof, if residing in the state, or, if not, to the manager or superintendent or secretary or treasurer if residing in the state, or if not then to any local agent thereof, ample and full recompense for the wrong or injury done thereby to any person or corporation as may be directed by the commission shall not be made within thirty days from the time of such notice, such company shall incur a penalty for each offense of five hundred dollars. 1899, c. 164, s. 15.

1087. **REFUSING TO OBEY ORDERS OF COMMISSION.** Any railroad or other corporation which violates any of the provisions of this chapter or refuses to conform to or obey any rule, order or regulation of the corporation commission shall, in addition to the other penalties prescribed in this chapter, forfeit and pay the sum of five hundred dollars for each offense, to be recovered in an action to be instituted in the superior court of Wake county, in the name of the state of North Carolina on the relation of the corporation commission; and each day such company continues to violate any provision of this chapter or continues to refuse to obey or perform any rule, order or regulation prescribed by the corporation commission shall be a separate offense. 1899, c. 164, s. 23.

1088. **DISCRIMINATION BETWEEN CONNECTING LINES.** All common carriers subject to the provisions of this chapter shall according to their powers afford all reasonable, proper and equal facilities for the interchange of traffic between their respective lines and for the forwarding and delivering of passengers and freights to and from their several lines and those connecting therewith, and shall not discriminate in their rates and charges against such connecting lines, and connecting lines shall be required to make as close connection as practicable for the convenience of the traveling public. And common carriers shall obey all rules and regulations made by the commission relating to trackage. 1899, c. 164, s. 21.

1089. **FAILURE TO MAKE REPORTS.** Every officer, agent or employee of any railroad company, express or telegraph company who shall willfully neglect or refuse to make and furnish any report required by the commission for the purposes of this chapter, or who shall willfully or unlawfully hinder, delay or obstruct the commission in the discharge of the duties hereby imposed upon it, shall forfeit and pay five hundred dollars for each offense, to be recovered in an action in the name of the State. A delay of ten days to make and furnish such report shall raise the presumption that the same was willful. 1899, c. 164, s. 18.

1090. **GENERAL OFFENSES.** If any railroad company shall violate the provisions of this chapter not otherwise provided for, such railroad company shall incur a penalty of one hundred dollars for each violation, to be recovered by the party injured. 1899, c. 164, s. 17.

1091. **VIOLATION OF RULES, CAUSING INJURY; DAMAGES; LIMITATION.** If any railroad company doing business in this state shall, in violation of any rule or regulation provided by the commission, inflict any wrong or injury on any person, such person shall have a right of action and recovery for such wrong or injury, in any court having jurisdiction thereof, and the damages to be

recovered shall be the same as in an action between individuals, except that in case of willful violation of law such railroad company shall be liable to exemplary damages: Provided, that all suits under this chapter shall be brought within one year after the commission of the alleged wrong or injury. 1899, c. 164, s. 16.

1092. ACTION FOR WHEN AND HOW BROUGHT. An action for the recovery of any penalty under this chapter shall be instituted in the county in which the penalty has been incurred, and shall be instituted in the name of the state of North Carolina on the relation of the corporation commission against the company incurring such penalty; or whenever such action is upon the complaint of any injured person or corporation, it shall be instituted in the name of the state of North Carolina on the relation of the corporation commission upon the complaint of such injured person or corporation against the company incurring such penalty. Such action shall be instituted and prosecuted by the attorney-general or the solicitor of the judicial district in which such penalty has been incurred, and the judge before whom the same is tried shall determine the amount of compensation to be allowed the attorney-general or such solicitor prosecuting said action for his services, and such compensation so determined shall be taxed as part of the cost. The procedure in such actions, the right of appeal and the rules regulating appeals shall be the same as are now provided by law in other civil actions. 1899, c. 164, s. 15.

1093. REMEDIES CUMULATIVE. The remedies given by this chapter to persons injured shall be regarded as cumulative to the remedies now given or which may be given by law against railroad corporations, and this chapter shall not be construed as repealing any statute giving such remedies. 1899, c. 164, s. 26.

VII. JURISDICTION.

1094. DELIVERING FREIGHT, EXPRESS AND BAGGAGE. The corporation commission shall make reasonable and just rules—

1. For the handling of freight and baggage at stations.

2. As to charges by any company or corporation engaged in the carriage of freight or express for the necessary handling and delivery of the same at all stations. 1899, c. 164, s. 2, subsecs. 2, 7.

1095. PREVENT DISCRIMINATIONS. The corporation commission shall make reasonable and just rules and regulations—

1. To prevent discrimination in the transportation of freight or passengers.

2. To prevent the giving, paying or receiving of any rebate or bonus, directly or indirectly, or the misleading or deceiving the public in any manner as to real rates charged for freight, express or passengers. 1899, c. 164, s. 2, subsecs. 3, 5.

1096. (As amended.) TELEGRAPH AND TELEPHONE RATES. The commission shall have power and are directed to make just and reasonable rates of charges for the transmission and delivery of messages by any telegraph company, and to make just and reasonable rates of charges for the rental of telephones and furnishing telephonic communication by any telephone company or corporation. 1907, c. 469, s. 4; 1899, c. 164, s. 2, subsecs. 10, 11.

AN ACT TO COMPEL INDIVIDUALS OWNING TELEPHONE AND TELEGRAPH LINES, WHO RENT PHONES OR WIRES TO PERSONS GENERALLY, TO BE AND BECOME SUBJECT TO SUPERVISION OF THE CORPORATION COMMISSION AND TO ALL PAINS AND PENALTIES PROVIDED BY LAW AS APPLICABLE TO CORPORATIONS OPERATING TELEPHONE AND TELEGRAPH LINES.

SECTION 1. That every person or individual owning and operating any telephone or telegraph line in North Carolina, and who rents phones or wires to persons generally, shall be subject to the same control and supervision by the corporation commission, and the same pains and penalties under the law, as are corporations owning and operating telephone and telegraph lines.

SEC. 2. That this act shall be in force from and after its ratification. 1907, c. 966.

1097. (As amended.) **STATIONS AND DEPOTS.** The commission is empowered and directed—

1. To require, where the public necessity demands and it is demonstrated that the revenue received will be sufficient to justify it, the establishment of stations by any company or corporation engaged in the transportation of freight and passengers in this state, and to require the erection of depot accommodations commensurate with such business and revenue: Provided, the commissioners shall not require any company or corporation to establish any station nearer to another station than five miles. 1899, c. 164, s. 2, subsec. 12.

2. To require a change of any station or the repairing, addition to, or change of any station house by any railroad or other transportation company in order to promote the security, convenience and accommodation of the public and to require the raising or lowering of the track at any crossing when deemed necessary. 1899, c. 164, s. 2, subsec. 13.

3. To require, when practicable, and when the necessities of the case, in the judgment of the corporation commission, require, any two or more railroads which now or hereafter may enter any city or town to have one common or union passenger depot for the security, accommodation and convenience of the traveling public, and to unite in the joint undertaking and expense of erecting, constructing and maintaining such union passenger depot, commensurate with the business and revenues of such railroad companies or corporations, on such terms, regulations, provisions and conditions as the commission shall prescribe. The railroads so ordered to construct a union depot shall have power to condemn land for such purpose, as in case of locating and constructing a line of railroad: Provided, that nothing in this section shall be construed to authorize the commission to require the construction of such union depot should the railroad companies at the time of application for said order have separate depots, which, in the opinion of the corporation commission, are adequate and convenient and offer suitable accommodations for the traveling public. 1903, c. 126.

4. To require the establishment of separate waiting rooms at all stations for the white and colored races. 1899, c. 164, s. 2, subsec. 14.

5. To require the construction of side tracks by any railroad company to industries already established or to be established: Provided, it is shown that the proportion of such revenue accruing to such side track is sufficient within five years to pay the expense of its construction. This shall not be construed

to give the commission authority to require railroad companies to construct side tracks more than five hundred feet in length. 1899, c. 164, s. 2, subsec. 15.

6. To require, when practicable and when the necessities of the traveling public, in the judgment of the corporation commission, demand, that any railroad in this state shall install and operate one or more passenger or freight trains over its road, and also require any two or more railroads having intersecting points to make close connection at such points: Provided, that no order under this act shall be made unless the business of the railroad justifies it. 1907, c. 469, s. 3.

7. From time to time to carefully examine into and inspect the condition of each railroad, its equipment and facilities, in regard to the public's safety and convenience; and if any are found by them to be unsafe, they shall at once notify and require the railroad company to put the same in repair. 1907, c. 469, s. 3.

8. That all powers and duties in every respect conferred by law upon the corporation commission with respect to railroads and other transportation companies are hereby conferred upon said corporation commission to control and regulate telegraph, telephone and all other companies engaged in transmission of messages, in so far as they apply. 1907, c. 469, s. 3.

1008. DEPOTS NOT ABANDONED. A railroad corporation which has established and maintained for a year a passenger station or freight depot at a point upon its road shall not abandon such station or depot, nor substantially diminish the accommodation furnished by the stopping of trains except by consent of the commission. Freight or passenger depots may be relocated upon the written approval of the commission. 1899, c. 164, ss. 19, 20.

1009. FREIGHT AND PASSENGER RATES. The commission shall make reasonable and just rates—

1. Of freight, passenger and express tariffs for railroads, street railways, steamboats, canal and express companies or corporations, and all other transportation companies or corporations engaged in the carriage of freight, express or passengers.

2. For the through transportation of freight, express or passengers.

3. Of charges for the transportation of packages by any express company or corporation.

4. Of charges for the use of railroad cars carrying freight or passengers.

5. And rules and regulations as to contracts entered into by any railroad company or corporation to carry over its line or any part thereof the car or cars of any other company or corporation.

5. And rules and regulations as to contracts entered into by any railroad rates on grain; or lumber to be dressed and shipped over the line of the railroad company on which such freight originated.

7. And, conjointly with such railroad companies, shall have authority to make special rates for the purpose of developing all manufacturing, mining, milling, and internal improvements in the state.

Nothing in this chapter shall prohibit railroad or steamboat companies from making special passenger rates with excursion or other parties, also rates on such freights as are necessary for the comfort of such parties, subject to the approval of the commission. 1899, c. 164, ss. 2, 14; 1903, c. 683.

1100. DEMURRAGE; STORAGE; PLACING AND LOADING OF CARS. The commission shall make rules, regulations and rates governing demurrage and storage

charges by railroad companies and other transportation companies; and shall make rules governing railroad companies in the placing of cars for loading and unloading and in fixing time limit for delivery of freights after the same have been received by the transportation companies for shipment. 1903, c. 342.

1101. **MAY FIX RATE OF SPEED TRAINS MAY RUN THROUGH A TOWN; PETITION TO BE FILED; PROCEDURE.** If any railroad company shall be of the opinion that an ordinance of a city or town through which a line of its railroad passes, except in the counties of Cumberland, Rockingham, Union and Wayne, regulating the speed at which trains may run while passing through said city or town, is unreasonable or oppressive, such railroad company may file its petition before the corporation commission, setting forth all the facts, and asking relief against such ordinance, and that the corporation commission prescribe the rate of speed at which trains may run through said municipality. Upon the filing of the petition a copy thereof shall be mailed, in a registered letter, to the mayor or chief officer of the town or municipality, together with a notice from the corporation commission, setting forth that on a day named in the notice the petition of the railroad company will be heard, and that the city or town named in the petition will be heard at that time in opposition to the prayer of the petition. And upon the return day of the notice the corporation commission shall hear the petition: Provided, that any hearing granted by the corporation commission, as authorized by this section, shall be had at the town, city or locality where the conditions complained of are alleged to exist, or some member of the said commission shall take evidence both for the petition and against it, at such city, town or locality, and report to the full commission before any decision is made by the commission. 1903, c. 552.

1102. **TO PASS ON ORDINANCE, AND FIX RATE OF SPEED.** Either party, petitioner or respondent, shall have the right to introduce testimony and to be heard by counsel, and the corporation commission, after hearing the petition, answer, evidence and argument, shall render judgment thereon. If the commission shall find that such ordinance is reasonable and just the petition shall be dismissed, and the petitioner shall pay all the costs to be taxed by the clerk to the corporation commission. If the corporation commission shall be of the opinion that the ordinance is unreasonable, it shall so adjudge; and in addition thereto it shall prescribe the maximum rates of speed for passing through such town. And thereafter the railroad company may run its trains through such town or city at speeds not greater than those prescribed by the corporation commission, and the ordinance adjudged to be unreasonable shall not be enforced against such railroad company. 1903, c. 552, s. 2.

1103. **WHEN COSTS ON HEARING TO FIX RATE OF SPEED IN DISCRETION OF COMMISSION.** If the judgment of the corporation commission shall be in favor of the petitioner, it shall be lawful for the corporation commission to make such order as to the payment of the costs as shall seem just. It may require either party to pay the same or it may divide the same. The costs in such proceeding shall be the same as are fixed by law for similar services in the superior court. 1903, c. 552, s. 3.

VIII. RATES.

1104. **HOW FIXED.** In fixing any maximum rate or charge, or tariff of rates or charges for any common carrier, person or corporation subject to the provisions of this chapter the commission shall take into consideration if proved,

or may require proof of, the value of the property of such carrier, person or corporation used for the public, in the consideration of such rate or charge, or the fair value of the service rendered in determining the value of the property so being used for the convenience of the public. It shall furthermore consider the original cost of the construction thereof and the amount expended in permanent improvements thereon and the present compared with the original cost of construction of all its property within the state; the probable earning-capacity of such property under the particular rates proposed and the sum required to meet the operating expenses of such carrier, person or corporation, and all other facts that will enable them to determine what are reasonable and just rates, charges and tariffs. 1899, c. 164, s. 2, subsec. 1.

1105. WHAT MAY BE CARRIED FREE. Nothing in this chapter shall prevent the carriage, storage or handling of property free or at reduced rates for the United States, state or municipal governments or for charitable or educational purposes; or for any corporation or association incorporated for the preservation and adornment of any historic spot, or to the employees or officers of such company or association while traveling in the performance of their duties, provided they shall not travel further than ten miles one way on any one trip free of charge, or to or from fairs or exhibitions for exhibition thereat; or the free carriage of destitute and homeless persons transported by charitable societies, and the necessary agents employed in such transportation, or the free transportation of persons traveling in the interest of orphan asylums or homes for the aged and infirm, or any department thereof, or ex-Confederate soldiers attending annual reunions, or the issuance of mileage, excursion or commutation passenger tickets; or to prohibit any common carrier from giving reduced rates to ministers of religion, or to municipal governments for the transportation of indigent persons, or to inmates of national homes or state homes for disabled volunteer soldiers, and of soldiers' and sailors' orphan homes, including those about to enter and those returning home after discharge under arrangements with the boards of managers of said homes; or to prevent railroads from giving free carriage to their own officers and employees and members of their families, or to prevent the principal officers of any railroad company from exchanging passes or tickets with other railroad companies for their officers or employees. Nothing in this section shall be construed to prevent or restrict transportation companies from contracting with newspapers for advertising space in exchange for transportation over their lines to such an extent as may be agreed upon between the two parties for said consideration. The commissioners and their clerks shall be transported free of charge over all railroads and other transportation lines which are under the supervision of the commission; and when traveling on official business they may take with them experts or other agents whose service they may deem temporarily of public importance. 1899, c. 164, s. 22; 1899, c. 642; 1901, c. 679, s. 2; 1901, c. 652; 1905, c. 312.

1106. REVISION OF RATES. The commission shall from time to time, and as often as circumstances may require, change and revise or cause to be changed and revised any schedules of rates fixed by the commission, or allowed to be charged by any carrier of freight, passengers, or express, or by any telegraph or telephone company. 1899, c. 164, s. 7.

1107. LONG AND SHORT HAULS. It shall be unlawful for any common carrier to charge or receive any greater compensation in the aggregate for the

transportation of passengers or of like kind of property under substantially similar circumstances and conditions for a shorter than for a longer distance over the same line in the same direction, the shorter being included within the longer distance; but this shall not be construed as authorizing any common carrier within the terms of this chapter to charge and receive as great compensation for a shorter as for a longer distance: Provided, however, that upon application to the commission, such common carrier may in special cases be authorized to charge less for longer than for shorter distances for the transportation of passengers or property; and the commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section: Provided, that nothing in this chapter contained shall be taken as in any manner abridging or controlling the rates of freight charged by any railroad in this state for conveying freight which comes from or goes beyond the boundaries of the state and on which freight less than local rates on any railroad carrying the same are charged by such railroads. 1899, c. 164, s. 14.

1108. **CONTRACTS AS TO RATES.** All contracts and agreements between railroad companies as to rates of freight and passenger tariffs shall be submitted to the commission for inspection and correction, that it may be seen whether or not they are a violation of law or of the rules and regulations of said commission, and all arrangements and agreements whatever as to the division of earnings of any kind by competing railroad companies shall be submitted to the commission for inspection and approval in so far as they affect the rules and regulations made by the commission to secure to all persons doing business with such companies just and reasonable rates of freight and passenger tariffs, and the commission may make such rules and regulations as to such contracts and agreements as may then be deemed necessary and proper, and any such agreements not approved by the commission, or by virtue of which rates shall be charged exceeding the rates fixed for freight and passengers, shall be deemed, held and taken to be violations of this chapter and shall be illegal and void. 1899, c. 164, s. 6.

1109. **PUBLISHED.** All carriers shall, whenever required by the commission, file with it a schedule of the rates of charges for freight and passengers, and the commission is authorized and required to publish the rates, or a summary thereof, in some convenient form for the information of the public, and quarterly thereafter the changes made in such schedules if they deem it advisable. 1899, c. 164, s. 7.

1110. (As amended.) **INTERSTATE COMMERCE.** Upon the complaint of any person or community to the commission of any unjust discrimination or unjust or unreasonable rate in carrying freight which comes from or goes beyond the boundaries of the state by any railroad company, whether organized under the laws of this state or of another state and doing business in this state, the commission shall investigate such complaint, and if the same be sustained it shall be the duty of the commission to bring such complaint before the interstate commerce commission for redress in accordance with the provisions of the act of Congress establishing the interstate commerce commission. They shall receive upon application the services of the attorney-general of the state and he shall represent them before the interstate commerce commission. The corporation commission shall have authority to employ counsel whenever and for such

periods of time as in their judgment it is necessary to do so, and counsel so employed shall be paid such fee and compensation as may be agreed upon by them. 1907, c. 469, s. 5; 1899, c. 164, s. 14.

1111. **DUPLICATE FREIGHT RECEIPTS; CHARGES STATED; FREIGHT DELIVERED ON PAYMENT OF CHARGES.** All railroad companies shall on demand issue duplicate freight receipts to shippers in which shall be stated the class or classes of freight shipped, the freight charges over the road giving the receipt, and so far as practicable shall state the freight charges over the roads that carry such freight. When the consignee presents the railroad receipt to the agent of the railroad that delivers such freight such agent shall deliver the articles shipped upon payment of the rate charged for the class of freight mentioned in the receipt. 1899, c. 164, s. 17.

1112. **SCHEDULE OF RATES, EVIDENCE.** The schedule containing rates fixed by the commission shall, in suits brought against any company wherein is involved the charges of any company for the transportation of any passenger or freight or cars or unjust discrimination in relation thereto, be taken in all courts as prima facie evidence that the rates therein fixed are just and reasonable rates of charges for the transportation of passengers and freights and cars upon the railroads. All such schedules shall be received and held in all suits as prima facie evidence, the schedules of the commission without further proof than the production of the schedules desired to be used as evidence, with a certificate of the clerk of the commission that the same is a true copy of the schedule prepared or approved by it for the railroad company or corporation therein named. 1899, c. 164, s. 7.

IX. DUTIES.

1113. **NOTICE GIVEN OF VIOLATIONS; SUITS INSTITUTED.** The commission, whenever in its judgment any corporation has violated any law, shall give notice thereof in writing to such corporation, and, if the violation or neglect is continued after such notice shall forthwith present the facts to the attorney-general, who shall take such proceedings thereon as he may deem expedient. 1899, c. 164, s. 8.

1114. **FEES PAID TO TREASURER.** All license fees and seal tax and all other fees paid into the office of the corporation commission shall be turned into the state treasury; also all moneys received from fines and penalties. 1899, c. 164, ss. 26, 33.

1115. **RECORD OF RECEIPTS AND DISBURSEMENTS.** The commission shall keep a record showing in detail all receipts and disbursements. 1899, c. 164, s. 34.

1116. **FISCAL YEAR.** The fiscal year for which all reports shall be made which may be required of any railroad or transportation company by the commission under this chapter shall end on the thirtieth of June. 1899, c. 164, s. 28.

1117. **REPORT OF COMMISSION.** It shall be the duty of the commission to make to the governor annual reports of its transactions, and recommend from time to time such legislation as it may deem advisable under the provisions of this chapter, and the governor shall have one thousand copies of such report printed for distribution. 1899, c. 164, s. 27.

1118. **EXPENSES.** All the expenses of the commission, except as otherwise provided by law, including all necessary expenses for transportation incurred by the commission or by their employees under their orders in making any

investigation, or upon official business, or for any other purposes necessary for carrying out the provisions of this chapter, and necessary furniture, stationery, postage, lights and heat, shall be allowed, and the auditor shall issue his warrant upon presentation of itemized vouchers therefor approved by the chairman of the commission: Provided, that the expenses allowed under this section shall not exceed three thousand six hundred dollars annually. 1899, c. 164, s. 32; 1899, c. 688.

2600. MAP OF RAILROAD MADE AND FILED. Every railroad corporation shall, within a reasonable time after their road shall be constructed, cause to be made a map and profile thereof, and of the land taken or obtained for the use thereof, and file the same in the office of the corporation commission. Every such map shall be drawn on a scale and on paper to be designated by the corporation commission, and certified and signed by the president or engineer of such corporation. Code, s. 1977; 1871-2, c. 138, s. 41.

2614. FAST MAIL TRAINS AUTHORIZED; ONE TRAIN A DAY IN EACH DIRECTION REQUIRED. The corporation commission is hereby empowered, whenever it shall appear wise and proper to do so, to authorize any railroad company to run one or more fast mail trains over its road, which shall only stop at such stations on the line of the road as may be designated by the company: Provided, that in addition to such fast mail train said railroad shall run at least one passenger train in each direction over its road on every day except Sunday, which shall stop at every station on the road at which passengers may wish to be taken up or put off: Provided further, that nothing in this section shall be construed as preventing the running of local passenger trains on Sunday. 1893, c. 97.

2615. VESTIBULE FRONTS ON STREET RAILWAY CARS. All street passenger railway companies shall use vestibule fronts, of frontage not less than four feet, on all passenger cars run by them on their lines during the latter half of the month of November and during the months of December, January, February and March of each year: Provided, that such companies shall not be required to close the sides of the vestibules: Provided further, such companies may use cars without vestibule fronts in cases of temporary emergency in suitable weather, not to exceed four days in any one month within the period herein prescribed for use of vestibule fronts. The corporation commission is hereby authorized to make exemptions from the provisions of this section in such cases as in their judgment the enforcement of this section is unnecessary. 1901, c. 743.

2616. STREET RAILWAYS TO HAVE FENDERS IN FRONT OF PASSENGER CARS. All street passenger railway companies shall use practical fenders in front of all passenger cars run by them. The corporation commission is hereby authorized to make exemptions from the provision of this section in such cases as in their judgment the enforcement of this section is unnecessary. 1901, c. 743, s. 2.

2619. SEPARATE ACCOMMODATIONS FOR DIFFERENT RACES. All railroad and steamboat companies engaged as common carriers in the transportation of passengers for hire, other than street railways, shall provide separate but equal accommodations for the white and colored races at passenger stations or waiting rooms, and also on all trains and steamboats carrying passengers. Such accommodations may be furnished by railroad companies either by separate

passenger cars or by compartments in passenger cars, which shall be provided by the railroads under the supervision and direction of the corporation commission: Provided, that this shall not apply to relief trains in cases of accident, to Pullman or sleeping cars, or through express trains that do not stop at all stations and are not used ordinarily for traveling from station to station, to negro servants in attendance on their employers, to officers or guards, transporting prisoners, nor to prisoners so transported. 1899, c. 384; 1901, c. 213.

2620. CORPORATION COMMISSION MAY EXEMPT CERTAIN ROADS AND TRAINS. The corporation commission is hereby authorized to exempt from the provisions of the preceding section steamboats, branch lines and narrow-gauged railroads and mixed trains carrying both freight and passengers, if in its judgment the enforcement of the same be unnecessary to secure the comfort of passengers by reason of the light volume of passenger traffic, or the small number of colored passenger travelers on such steamboats, narrow-gauge, branch lines or mixed trains. 1899, c. 384, s. 2; 1901, c. 213.

2621. WHEN TWO RACES PUT IN SAME COACH. When any coach or compartment car for either race shall be completely filled at a station where no extra coach or car can be had, and the increased number of passengers could not be foreseen, the conductor in charge of such train may assign and set apart a portion of a car or compartment assigned for passengers of one race to passengers of the other race. 1899, c. 384, s. 3.

2622. PENALTY FOR FAILING TO PROVIDE SEPARATE CARS. Any railroad company failing to comply in good faith with the provisions of the three preceding sections shall be liable to a penalty of one hundred dollars per day, to be recovered in an action brought against such company by any passenger on any train or boat of any railroad or steamboat company which is required by this chapter to furnish separate accommodations to the races, who has been furnished accommodations on such railroad train or steamboat in only a car or compartment with a person of a different race, in violation of law. 1899, c. 384, s. 5.

2630. FREIGHT RATES POSTED. It shall be the duty of all railroad and other transportation companies to keep posted in a conspicuous place in their depots or places where freight is received for shipment, a list of its charges for carrying freight, specifying name of place, class of freight and charge for carrying the same. Such charges shall not be increased without giving fifteen days notice, and the company represented by any agent refusing to comply with this section shall be liable to a penalty of not less than fifty nor more than one hundred dollars. Code, s. 1965; 1879, c. 182, s. 2.

2631. PENALTY FOR FAILURE TO RECEIVE. Agents or other officers of railroads and other transportation companies whose duty it is to receive freights shall receive all articles of the nature and kind received by such company for transportation whenever tendered at a regular depot, station, wharf or boat landing, and every loaded car tendered at a side track, or any warehouse connected with the railroad by a siding, and shall forward the same by the route selected by the person tendering the freight under existing laws; and the transportation company represented by any person refusing to receive such freight shall forfeit and pay to the party aggrieved the sum of fifty dollars for each day said company refuses to receive said shipment of freight, and all damages actually sustained by reason of the refusal to receive freight. If such loaded car be tendered at any siding or warehouse at which there is no agent, notice shall be given to an

agent at the nearest regular station at which there is an agent that such car is loaded and ready for shipment. Code, s. 1964; 1903, cc. 444, 693.

2632. (As amended.) FAILURE TO TRANSPORT IN REASONABLE TIME; REASONABLE TIME DEFINED; FORFEITURE. It shall be unlawful for any railroad company, steamboat company, express company or other transportation company doing business in this state to omit or neglect to transport within a reasonable time any goods, merchandise or articles of value received by it for shipment and billed to or from any place in the state of North Carolina, unless otherwise agreed upon between the company and the shipper, or unless same be burned, stolen or otherwise destroyed, or unless otherwise provided by the North Carolina corporation commission. Each and every company violating any of the provisions of this section shall forfeit to the party aggrieved the sum of fifteen dollars for the first day and two dollars for each succeeding day of such unlawful detention or neglect where such shipment is made in carload lots, and in less quantities there shall be a forfeiture in like manner of ten dollars for the first day and one dollar for each succeeding day: Provided, the forfeiture shall not be collected for a period exceeding thirty days. In reckoning what is reasonable time for such transportation it shall be considered that such transportation company has transported freight within a reasonable time if it has done so in the ordinary time required for transporting such articles of freight between the receiving and shipping stations; and a delay of two days at the initial point and forty-eight hours at one intermediate point for each hundred miles of distance or fractions thereof over which said freight is to be transported shall not be charged against such transportation company as unreasonable and shall be held to be prima facie reasonable, and a failure to transport within such time shall be held prima facie unreasonable. 1903, c. 590, s. 3; 1905, c. 545; 1907, c. 217, s. 4.

AN ACT TO CONSTRUE CERTAIN PENAL STATUTES AND TO DECLARE WHERE THE BURDEN OF PROOF IS UNDER SUCH STATUTES.

SECTION 1. That section two thousand six hundred and thirty-two, Revisal of one thousand nine hundred and five of North Carolina, providing a penalty for delay in the transportation of freight, shall not be construed to refer only to delay in starting the freight from the station where it is received, but in addition thereto shall be construed to require the delivery at its destination within the time specified: Provided, however, that if said delay shall be due to causes which could not in the exercise of ordinary care have been foreseen, and which were unavoidable; and upon establishment of these facts to the satisfaction of the justice of the peace or jury trying the cause, the defendant transportation company shall be relieved and discharged from any penalty for delay in the transportation of freight, but it shall not be relieved from the costs of such action.

SEC. 2. That in all actions to recover penalties against a transportation company under section two thousand six hundred and thirty-two, Revisal of one thousand nine hundred and five of North Carolina, the burden of proof shall be upon the transportation company to show where the delay, if any, occurred.

SEC. 3. That this act shall not apply to any causes of action which arose prior to the passage of this act.

SEC. 4. That all laws and clauses of laws in conflict with this act are hereby repealed.

SEC. 5. That this act shall be in force from and after its ratification. 1907, c. 461.

2633. PAID AT CLASSIFIED RATES; PENALTY FOR OVERCHARGE. All common carriers doing business in this state shall settle their freight charges according to the rate stipulated in the bill of lading, provided the rate therein stipulated be in conformity with the classifications and rates made and filed with the interstate commerce commission in case of shipments from without the state and with those of the corporation commission of this state in case of shipments wholly within this state, by which classifications and rates all consignees shall in all cases be entitled to settle freight charges with such carriers; and it shall be the duty of such common carriers to inform any consignee or consignees of the correct amount due for freight according to such classification and rates, and upon payment or tender of the amount due on any shipment which has arrived at its destination according to such classification and rates such common carrier shall deliver the freight in question to consignee or consignees, and any failure or refusal to comply with the provisions hereof shall subject such carrier so failing or refusing to a penalty of fifty dollars for each such failure or refusal, to be recovered by any consignee or consignees aggrieved by any suit in any court of competent jurisdiction. 1905, c. 330.

2634. TIME WITHIN WHICH LOSS OR DAMAGE MUST BE PAID; PENALTY; AMOUNT OF RECOVERY; ACTIONS UNITED; REMEDY CUMULATIVE. Every claim for loss of or damage to property while in possession of a common carrier shall be adjusted and paid within sixty days in case of shipments wholly within this state, and within ninety days in case of shipments from without the state, after the filing of such claim with the agent of such carrier at the point of destination of such shipment or point of delivery to another common carrier: Provided, that no such claim shall be filed until after the arrival of the shipment, or of some part thereof, at the point of destination, or until after the lapse of a reasonable time for the arrival thereof. In every case such common carrier shall be liable for the amount of such loss or damage, together with interest thereon from the date of the filing of the claim therefor until the payment thereof. Failure to adjust and pay such claim within the periods respectively herein prescribed shall subject each common carrier so failing to a penalty of fifty dollars for each and every such failure, to be recovered by any consignee aggrieved in any court of competent jurisdiction: Provided, that unless such consignee recover in such action the full amount claimed, no penalty shall be recovered, but only the actual amount of the loss or damage, with interest as aforesaid. Causes of action for the recovery of the possession of the property shipped for loss or damage thereto and for the penalties herein provided for may be united in the same complaint. 1905, c. 330, ss. 2, 4, 5.

AN ACT TO REQUIRE EXPRESS COMPANIES TO PAY CLAIMS FOR LOSSES OR DAMAGE TO PROPERTY.

SECTION 1. That section two thousand six hundred and thirty-four of the Revisal shall apply to every express company, firm or corporation doing express business in the state of North Carolina.

SEC. 2. This act shall be in force from and after its ratification. 1907, c. 983.

2635. EXISTING REMEDIES CONTINUE. The preceding section shall not deprive any consignee of any rights or remedies now existing against common carriers in regard to freight charges or claims for loss or damage to freight, but shall be deemed and held as creating an additional liability upon said common carrier. 1905, c. 330, s. 5.

2636. CARRIER'S RIGHT AGAINST OTHER CARRIER. Any common carrier, upon complying with the provisions of the two preceding sections, shall have all the rights and remedies herein provided for against a common carrier from which it receives the freight in question. 1905, c. 330, s. 3.

2641. CHARGES ON PARTIAL FREIGHT DELIVERIES. Whenever any freight of any kind shall be received by any common carrier in this state to be delivered to any consignee in this state, and a portion of the same shall not have been received at the place of destination, it shall not be lawful for the carrier to demand any part of the charges for freight or transportation due for such portion of the shipment as shall not have reached the place of destination. The carrier shall be required to deliver to the consignee such portion of the consignment as shall have been received upon the payment or tender of the freight charges due upon such portion. But nothing in this section shall be construed as interfering with, or depriving a consignor, or other person having authority, of his rights of stoppage in transitu. 1893, c. 495.

2642. NOT TO RECEIVE MORE THAN TARIFF RATE. No railroad, steamboat, express or other transportation company engaged in the carriage of freight, and no telegraph company or telephone company shall demand, collect or receive for any service rendered or to be rendered in the transportation of property or transmission of messages more than the rates appearing in the printed tariff of such company in force at the time such service is rendered, or more than is allowed by law. 1903, c. 590.

2643. OVERCHARGE ON TARIFF RATES REFUNDED. In case of any overcharge, contrary to the preceding section, the person aggrieved may file with any agent of the company collecting or receiving greater compensation than the amount allowed in the preceding section a written demand, supported by a paid freight bill and an original bill of lading or duplicate thereof for refund of overcharge, and a maximum period of sixty days shall be allowed such company to pay claims filed under this section. 1903, c. 590, s. 2.

2644. PENALTY FOR FAILURE TO REFUND OVERCHARGE. Any company failing to refund such overcharge, within the time allowed, shall forfeit to the party aggrieved the sum of twenty-five dollars for the first day and five dollars per day for each day's delay thereafter until said overcharge is paid, together with all costs incurred by the party aggrieved: Provided, the total forfeiture shall not exceed one hundred dollars. 1903, c. 590, s. 2.

3749. DISCRIMINATION IN CHARGES. If any common carrier shall, directly or indirectly, by any special rate, rebate, drawback or other device, charge, demand,

collect or receive from any person a greater or less compensation for any service rendered or to be rendered in the transportation of passengers or property subject to the provisions of law than it charges, demands or collects or receives from any other person or persons for doing for him or them a like and contemporaneous service in the transportation of a like kind of traffic under substantially similar circumstances and conditions; or shall make or give any undue or unreasonable preference or advantage to any particular person, company, firm, corporation or locality or any particular description of traffic in any respect whatsoever, or shall subject any particular person, company, firm, corporation or locality or any particular description of traffic to any undue or unreasonable prejudice or disadvantage in any respect whatsoever, such person or corporation shall be, upon conviction thereof, fined not less than one thousand nor more than five thousand dollars for each and every offense. 1899, c. 164, s. 13.

3751. **DISCRIMINATION AGAINST CONNECTING LINES.** If any common carrier shall not afford all reasonable, proper and equal facilities for the interchange of traffic between their respective lines and for the forwarding and delivering of passengers and freights to and from their several lines and those connecting therewith, or shall discriminate in their rates and charges against such connecting lines, or if any connecting lines shall not make as close connection as practicable for the convenience of the traveling public, or shall not obey all rules and regulations made by the corporation commission relating to trackage, it shall be punished by a fine of not less than five hundred dollars nor exceeding five thousand dollars for each and every offense. 1899, c. 164, s. 21.

3762. **POOLING FREIGHTS.** If any person shall be concerned in pooling freights or shall directly or indirectly allow or accept rebates on freights, he shall be guilty of a misdemeanor, and upon conviction shall be fined not less than one thousand dollars or imprisoned not less than twelve months. Code, s. 1968; 1879, c. 237, s. 2.

3768. **UNREASONABLE RATES.** If any railroad doing business in this state shall charge, collect, demand or receive more than a fair and reasonable rate of toll or compensation for the transportation of passengers or freight of any description, or for the use and transportation of any railroad car upon its track or any of the branches thereof or upon any railroad in this state which has the right, license or permission to use, operate or control the same, it shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than five hundred nor more than five thousand dollars. 1899, c. 164, s. 12.

3800. **STREET CARS TO HAVE VESTIBULE FRONTS.** If any city and street passenger railway company shall refuse or fail to use vestibule fronts, of frontage not less than four feet, on all passenger cars run, manipulated or transported by them on their lines during the latter half of the month of November and during the months of December, January, February and March of each year, except in cases of temporary emergency in suitable weather, not to exceed four days in any one month within the period herein prescribed for use of vestibule fronts, such company shall be guilty of a misdemeanor and shall be subject to a fine of not less than ten dollars or more than one hundred dollars for each day: Provided, that said company shall not be required to close the sides of said vestibules. The North Carolina corporation commission is hereby authorized to make exemptions from the provisions of this section in such cases as in their judgment the enforcement of this section is unnecessary. 1901, c. 743, s. 1.

3801. STREET CARS TO HAVE FENDERS. If any city and street passenger railway company shall refuse or fail to use practical fenders in front of all passenger cars run, manipulated or transported by them, such company shall be guilty of a misdemeanor and shall be subject to a fine of not less than ten dollars or more than one hundred dollars for each day. The North Carolina corporation commission is hereby authorized to make exemptions from the provisions of this section in such cases as in their judgment the enforcement of this section is unnecessary. 1901, c. 743, s. 2.

AN ACT TO EXTEND AND ENLARGE THE POWERS OF THE NORTH CAROLINA CORPORATION COMMISSION.

SECTION 1. That in addition to the powers already conferred upon and possessed by the North Carolina corporation commission it shall have power:

(a) To make any necessary and proper rules, orders and regulations for the safety, comfort and convenience of passengers, shippers or patrons of any public service corporation, and to require the observance of the same by the company and its employees.

(b) To require any railroad company to install and put in operation and maintain upon the whole or any part of its road a block system of telegraphy or any other reasonable safety device, but no railroad company shall be required to install a block system upon any part of its road upon which is not operated as many as or more than eight trains each way per day.

(c) To require the raising or lowering of any track or highway at any highway crossing and to designate who shall pay for the same, and, when they think proper, partition the cost of abolishing grade crossings and the raising or lowering of said track or highway among the railroads and municipalities interested.

(8) That all powers and duties in every respect conferred by law upon the corporation commission with respect to railroads and other transportation companies are hereby conferred upon said corporation commission to control and regulate telegraph, telephone and all other companies engaged in transmission of messages, in so far as they apply.

SEC. 6. All persons and corporations affected by this act shall have the same right of appeal from the action of the corporation commission under the powers contained in this act as are now provided by law.

SEC. 7. That subsection nine of section two thousand five hundred and sixty-seven of the Revisal of one thousand nine hundred and five be and is hereby repealed.

SEC. 8. That this act shall be in force from and after its ratification. 1907, c. 469.

AN ACT TO ENLARGE THE POWERS OF THE NORTH CAROLINA
CORPORATION COMMISSION.

SECTION 1. The North Carolina corporation commission is hereby authorized and empowered to adopt and promulgate rules for the shipment of inflammable and explosive articles; cotton which has been partially consumed by fire, and such other like articles as in its opinion may be apt to render transportation dangerous. And after the promulgation of such rules, no common carrier shall be required to receive or transport any such articles except when tendered in accordance with the said rules; nor shall such common carrier be liable for any penalty for refusal to receive such article for shipment until all the rules prescribed by the corporation commission in regard to the shipment of the same shall be complied with.

SEC. 2. That this act shall be in force from and after its ratification. 1907, c. 471.

AN ACT PRESCRIBING THE MAXIMUM CHARGE WHICH RAILROAD
COMPANIES MAY MAKE FOR TRANSPORTING PASSENGERS IN NORTH
CAROLINA, AND FOR OTHER PURPOSES.

SECTION 1. That no railroad company doing business as a common carrier of passengers in the state of North Carolina shall charge, demand or receive for transporting any passenger and his or her baggage, not exceeding in weight two hundred pounds, from any station on its railroad in North Carolina to any other station on its road in North Carolina, a rate in excess of two and one-half cents per mile; and for transporting children under twelve years and over five years, one-half of the rate above prescribed; and for transporting children under five years of age, accompanied by any person paying fare, no charge whatever shall be made: Provided, that where the amount of the ticket at the prescribed rate would amount to any figure between two multiples of five, the price of the ticket shall be the multiple of five which is nearest the price of the ticket at the rate above mentioned; or, in the event that the amount is equidistant between the multiples of five, the price charged for the ticket shall be on the basis of the higher of those two multiples of five: Provided further, that no charge less than ten cents shall be required: Provided further, that independently owned and operated railroad companies in North Carolina, whose mileage of road in said state is one hundred miles or less, may charge a rate not exceeding three cents per mile: Provided further, that independently owned and operated railroad companies in North Carolina, whose mileage of road in said state is ten miles or less, may charge the same rate which is now in existence on said roads. This provision shall not extend to branch lines of railroad companies controlling over one hundred miles of road, whether chartered in or out of the state. Also, that newly constructed railroads, or the portion of railroad which may be newly constructed, be exempt from the operations of this act for two years after completion, to the extent that they may charge a rate in no case to exceed three cents per mile. A charge of fifteen cents may be added to the fare of any passenger when the same is paid on the train, if the ticket might have been procured within a reasonable time before the departure of the train.

SEC. 2. In the case that any railroad company operating as a common carrier of passengers in the state of North Carolina is owned, controlled or operated by lease or other agreement by any other railroad company doing business in the state, the rate for carrying passengers thereon as prescribed by this act shall be determined for the said railroad company by the rate prescribed by this act for the railroad company which owns, controls or operates the same.

SEC. 3. That any railroad company violating any of the provisions of this act, or counselling, ordering or directing any employee, agent or servant to violate any provisions of this act, by charging, demanding or receiving any rate greater than that fixed by this act, shall be guilty of a misdemeanor, and on conviction shall be fined not less than five hundred dollars and not more than five thousand dollars; and any agent, servant or employee of any railroad company who shall violate this act shall be guilty of a misdemeanor, and on conviction shall be fined or imprisoned, or both, in the discretion of the court.

SEC. 4. That any person or persons, except those permitted by law, who accept free transportation shall be guilty of a misdemeanor, and on conviction shall be fined or imprisoned, or both, in the discretion of the court; and any railroad, or its employees or agents, giving free transportation of any kind whatsoever, except that permitted by law, shall be guilty of a misdemeanor, and on conviction shall be fined not less than five hundred dollars or more than two thousand dollars for each offense.

SEC. 5. That an act entitled "An act prescribing the maximum charges railroads may make for transporting passengers in North Carolina," ratified on the second day of March, one thousand nine hundred and seven, be and the same is hereby repealed.

SEC. 6. That no railroad company, or agent, servant or employee of any railroad company, shall be held liable to any person, or found guilty of any offense in any action, civil or criminal, whether heretofore or hereafter instituted or begun, by reason of anything done or attempted to be done in violation of said act mentioned in the preceding sections hereof, or of any provision thereof.

SEC. 7. That the corporation commission of North Carolina shall have no power to change, alter, modify or in any way affect the enforcement of or operation of any of the provisions of this act, or of chapter two hundred and sixteen of the Public Laws of North Carolina of one thousand nine hundred and seven, except as the same shall be therein specifically authorized, or of the enforcement of any penalties for violating the provisions thereof; and all laws and parts of laws in conflict herewith are hereby repealed.

SEC. 8. That section two thousand six hundred and eighteen of the Revisal of one thousand nine hundred and five is hereby repealed, and all laws and clauses of laws in conflict with this act are hereby repealed.

SEC. 9. That this act shall be in force from and after April the first, one thousand nine hundred and eight.

In the General Assembly read three times, and ratified this the 1st day of February, A. D. 1908. 1908, c. 144.

AN ACT TO PREVENT UNJUST DISCRIMINATION IN FREIGHT RATES
AND TO FIX THE MAXIMUM CHARGES THEREFOR.

SECTION 1. That the corporation commission, created by the laws of North Carolina, shall not, in fixing the maximum rates and charges or tariff of rates or charges for any common carrier transporting freight in North Carolina, permit or allow any such common carrier to charge, collect or receive a greater toll, charge or rate for the transportation of any article of freight or commodity embraced in the present classification fixed and prescribed, or approved by said corporation commission, where the initial point of shipment is on the road or line of one common carrier in this state and the terminal point of said shipment is on the line or road of another common carrier in this state, than is the sum of the present local rates now established, prescribed or approved by said corporation commission, less a reduction of twenty-five per centum of the said local rates on all railroads for which there is now made or prescribed a reduction for a joint haul; and on those railroads for which there is not now prescribed a reduction on joint hauls a reduction of fifteen per centum of the local rates now established, prescribed by said corporation commission for said railroads: Provided, that those railroads of this class whose rates are lower than the corporation commission's standard of freight rates may be permitted by said commission to adopt the standard rates prescribed by said commission: Provided, that the corporation commission is hereby empowered to reduce the said local rates whenever in its opinion and after investigation by it it shall determine that a lower rate is reasonable: Provided further, that present local rates now established, prescribed or approved by said corporation commission shall not be increased by classification or otherwise: (Amendment) Provided further, that the corporation commission shall have power, when it is made to appear that it is just to do so, to exempt from the operation of section one of said chapter two hundred and seventeen of the Public Laws of one thousand nine hundred and seven that part of the charges of a joint haul which is over the line or lines of a railroad company, which company now owns, leases or operates not more than one hundred and twenty-five miles of railroad in or out of this state. 1908, c. 126.

SEC. 2. That any railroad company doing business in the state of North Carolina, or officer or agent thereof, who shall give to any person or shipper any advantage over another person or shipper under like circumstances, by way of any rebate or reduced rate not authorized by law, or by the North Carolina corporation commission, or which shall make charges for shipments of freight in violation of the provisions of this act, or shall wilfully discriminate in the matter of service in favor of one person or corporation against another under like circumstances, shall be guilty of a misdemeanor, and such corporation shall, upon conviction, be fined not less than one hundred dollars, and such officer or agent shall be fined or imprisoned, or both, in the discretion of the court; and any shipper or consignee of any freight in the state of North Carolina who shall knowingly accept any rebate or other consideration or service from any railroad company which is not allowed or given other shippers or consignees under like or similar circumstances, and which is not allowed by law, shall be guilty of a misdemeanor, and fined or imprisoned, in the discretion of the court.

SEC. 3. That whenever any person, firm or corporation intending to ship freight makes a written application to any railroad company for a car or cars to be loaded in car-load lots with any kind of freight embraced in the tariffs

of said company, stating in said application the character of the freight, the number of cars wanted, the station, depot, siding, wharf or boat-landing on the road or line of said railroad company whence the shipment is to be moved, and its final destination, the railroad company shall furnish the said car or cars within four days from seven o'clock, a. m., the day following such application, which said application shall be delivered to the agent of the railroad company at the station at or nearest the point of shipment. Any railroad company failing to furnish the car or cars named in said written application shall be subject to a penalty of five dollars per car per day for each car not furnished, to be recovered by the person, firm or corporation making said application: Provided, that the said railroad company before furnishing the car or cars upon said application of the shipper may require the person, firm or corporation applying for the same to deposit five dollars for each car so demanded at the time the application is made, which said deposit of five dollars for each car may be retained by the said railroad company as a forfeit for trackage, in case the car or cars are not loaded within forty-eight hours after notice of the placing of said car or cars in accordance with said demand: Provided, that the corporation commission may excuse from the penalties imposed by this section independent lines not owned, operated or controlled by any other line or system when trackage is less than one hundred miles.

SEC. 4. That section two thousand six hundred and thirty-two of the Revisal of one thousand nine hundred and five of North Carolina be and the same is hereby amended as follows: By striking out the words "twenty-five," in line eleven of said act, and inserting in lieu thereof the word "fifteen," and by striking out the word "five," the last word in said line, and inserting in lieu thereof the word "two," and by further striking out the words "twelve and fifty one-hundredths," in lines fourteen and fifteen thereof, and inserting in lieu thereof the word "ten," and by further striking out the words "two and fifty one-hundredths," in line fifteen, and inserting in lieu thereof the word "one." That this section four shall not apply to existing causes of action. (See section 2632 Revisal.)

SEC. 5. The corporation commission is hereby directed to prepare and publish the tariff of rates, charges and tolls to be charged and collected by railroad companies in this state, as authorized by this act, on or before July the first, one thousand nine hundred and seven.

SEC. 6. This act shall be in force from and after July first, one thousand nine hundred and seven. 1907, c. 217.

AN ACT TO AUTHORIZE THE CORPORATION COMMISSION TO REQUIRE RAILROADS TO ERECT AND MAINTAIN UNION DEPOTS IN TOWNS OF TWO THOUSAND INHABITANTS.

SECTION 1. Whenever two or more railroads now, or hereafter may, maintain freight depots and a union passenger depot within one mile of a town of two thousand population for the convenience of the inhabitants thereof, and do not enter the corporate limits of said town, it shall be the duty of the corporation commission, upon the petition of a majority of the qualified voters of the said town, which petition shall be properly sworn to by the signers thereof, to require and compel, where practicable, the said railroads to run their lines

into or through the corporate limits of the said town and construct, equip and maintain suitable passenger and freight depots at some convenient place or places therein, and the passenger depot shall be a union station and be built and maintained by the several railroads according to a plan and in such manner as shall be approved by the corporation commission.

SEC. 2. Whenever a petition shall be filed with the corporation commission as aforesaid, the said corporation commission shall set a day for the hearing thereof, which day shall be not more than twenty days from the filing of said petition, and shall immediately cause a notice to issue to the railroads interested in the matter set out in the petition, and after the hearing of the matter on the day named in said notice, the said commission, if a majority of its members shall deem it practicable, shall thereupon cause an order to be made requiring the said railroads to build, equip and maintain in a suitable manner, roadbeds, yards and depots, and any other necessary buildings or equipment at convenient places within the limits of said town, as a majority of them shall deem proper for the needs and growth of the business and inhabitants of said town.

SEC. 3. The said order of the corporation commission to the said railroads shall name a time within which all the necessary work of entering the said town and construction of depots and other buildings shall be completed and opened to the public for the transaction of business, and the said railroads, for every day beyond the said time that they shall not be in operation according to the said order, shall pay the sum of fifty dollars for each and every day for such failure and neglect, to the board of commissioners or aldermen of said town, which shall be for the benefit of the said town, this amount to be recovered as in other actions.

SEC. 4. This act shall also apply to any railroad that may hereafter enter into or run within one mile of the corporate limits of said town, and the corporation commission shall have the power to require such railroads to unite with the other railroads in maintaining the depots, tracks and other structures, and also pay such part of the cost thereof as to the said corporation commission may seem proper.

SEC. 5. The said railroads shall have the power to condemn such quantity of lands, including gardens, yards, residences and the premises pertaining thereto, as shall be necessary for the purpose of this act, the condemnation proceedings to be had in the same manner as now provided by the Revisal of one thousand nine hundred and five and amendments thereto.

SEC. 6. This act shall be in force and effect from and after its ratification. 1907, c. 465.

AN ACT TO PERMIT RAILROAD COMPANIES TO ACQUIRE LANDS FOR DOUBLE TRACKING.

SECTION 1. That whenever any railroad company operating a line of railroad in North Carolina shall find it necessary to occupy any land for the purpose of getting to a union depot which has been ordered by the corporation commission, or for the purpose of maintaining, operating, improving or for straightening its line or of altering its location, or of constructing double tracks, or of enlarging its yard or terminal facilities, or of connecting two of its lines already in operation not more than six miles apart, such company shall have the power to

condemn all lands needed for such purpose. The proceedings shall be such as are provided in the Revisal of one thousand nine hundred and five, chapter sixty-one. More than two acres may be condemned for yard or terminal facilities if required for due operation of the railroad. That no lands in any incorporated towns shall be condemned under this act without the same being approved by the corporation commission: Provided, however, that the power to condemn land as herein provided shall be enforceable and matters arising in regard thereto shall be tried only in the courts created by or under the constitution of the state of North Carolina.

SEC. 2. That no yard, garden or dwelling house shall be condemned under the provisions of this act, unless the corporation commission, upon petition filed by the railroad seeking to condemn, shall, after due inquiry, find that the railroad company can not make the desired improvement without condemning the yard, garden or dwelling house, except at an excessive cost.

SEC. 3. No rights granted or acquired under the provisions of this act shall in any way destroy or abridge the rights of the state to regulate or control such railroad company or to exclude foreign corporations from doing business in this state.

SEC. 4. This act shall be construed as an entirety, and if any part thereof be declared unconstitutional the entire act shall be void.

SEC. 5. That all laws and clauses of laws in conflict with this act are hereby repealed.

SEC. 6. That this act shall be in force from and after its ratification. 1907, c. 458.

AN ACT TO ALLOW RAILROADS TO CONSTRUCT BELT LINES IN TOWNS OF THE STATE.

SECTION 1. That any railroad company doing business as a common carrier in North Carolina shall have power to construct belt lines in or around any town in the state, and for this purpose they shall have power to condemn and acquire lands in the manner provided by law for acquiring lands for the construction of railroads.

SEC. 2. That no lands shall be condemned under this act without the same being approved by the corporation commission: Provided, however, that the power to condemn land as herein provided shall be enforceable, and matters arising in regard thereto shall be tried, only in the courts created by or under the constitution of the state of North Carolina.

SEC. 3. No rights granted or required under the provisions of this act shall in any way destroy or abridge the rights of the state to regulate or control such railroad company or to exclude foreign corporations from doing business in the state.

SEC. 4. That this act shall only apply to Davidson County, and shall not be construed to permit any foreign corporation to condemn lands in any other county in this state.

SEC. 5. This act shall be in force and effect from and after its ratification. 1907, c. 466.

AN ACT TO PROVIDE FOR THE ASSESSMENT OF REAL ESTATE OF RAILROAD COMPANIES IN THE STOCK-LAW TERRITORY FOR LOCAL BENEFIT.

SECTION 1. That the North Carolina corporation commission shall assess the value of real estate belonging to any railroad company within stock-law territory in this state at the same time that they assess railroad property for general purposes.

SEC. 2. That every railroad company shall report to the corporation commission, on blanks to be furnished by them, mileage of such railroad within the stock-law territory, width of right of way, weight of rails, value of rails and ties, number, description and value of all structures within the stock-law territory, and all other information necessary to enable the corporation commission to ascertain the value of said real estate. That after assessment shall be made it shall not be changed until the year for the assessment of real property for general tax purposes, except that the corporation commission shall correct any assessment of real property on which any structure over one hundred dollars (\$100) in value may have been erected, or on which any structure of like value may have been destroyed, as the value of said real estate may be affected thereby.

SEC. 3. This act shall be in force from and after its ratification.

SEC. 4. All laws in conflict with this act are hereby repealed. 1907, c. 459.

AN ACT TO PRESCRIBE THE HOURS OF SERVICE OF EMPLOYEES OF RAILROAD COMPANIES ENGAGED IN THE OPERATION OF TRAINS.

SECTION 1. That it shall be unlawful for any railroad company doing business in the state of North Carolina, or for any officer, agent or employee thereof who has the direction of or control over any employee or agent of the classes mentioned below, to cause or knowingly permit or allow any employee belonging to any such class to render any service for such railroad company, pertaining to the movement of trains, for a greater number of hours in any twenty-four hours than is hereinafter specified, to-wit:

(a) Any employee doing the work of a train dispatcher (or telegraph operator), having in charge in any degree the direction of the movement of any trains in North Carolina, for more than eight hours in any twenty-four: Provided, the corporation commission of North Carolina is hereby authorized to permit any such telegraph operator at any station on any road in this state to work for a longer time, not exceeding twelve hours in any twenty-four hours, where the said corporation commission shall determine that the safety of the traveling public will not be endangered by such extension of hours.

(b) Any conductor, flagman, engineer, brakeman, fireman or other member of any train crew, for more than sixteen hours in any twenty-four hours.

SEC. 2. That any railroad company, or officer or agent thereof, having the direction of or control over any employee mentioned in section one of this act, who shall violate any of the provisions hereof, shall be guilty of a misdemeanor, and upon conviction such railroad company shall be fined not less than five hundred dollars; and such officer or agent shall be fined or imprisoned, or both, in the discretion of the court.

SEC. 3. That any train dispatcher or telegraph operator, having in charge in any degree the direction of the movement of any train or trains in North Carolina, who shall work more than eight hours in any twenty-four hours as an employee performing the duties aforesaid, except as shall be permitted by the corporation commission under the provisions of this act, shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, in the discretion of the court.

SEC. 4. Any conductor, flagman, fireman, engineer, brakeman or other member of any train crew, who shall work for any railroad company more than sixteen hours in any twenty-four hours, shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, or both, in the discretion of the court: Provided, that it shall not be held a violation of this act by any conductor, brakeman, flagman, engineer, fireman or other member of any train crew who shall work more than sixteen hours in any twenty-four hours in order to clear the track or tracks of said railroad company from wrecks, washouts, or obstruction caused by the act of God, so that they may bring the train or trains operated by them to a station on said road, which station shall be either the schedule destination of said train, or the station at which there is regularly a change of train crews; nor shall it be held a violation of this act by the corporation, officers or agents thereof, to permit the said conductor, flagman, brakeman, fireman, engineer or other member of a train crew to work overtime under the circumstances and conditions hereinbefore stated.

SEC. 5. This act shall be in force from and after its ratification. 1907, c. 456.

AN ACT TO AMEND SUBCHAPTER V OF CHAPTER 61 OF THE
REVISAL OF 1905.

SEC. 4. That all flume companies which shall avail themselves of the right of eminent domain under the provisions of subchapter five of chapter sixty-one of the Revisal of one thousand nine hundred and five, as amended by this act, shall become public carriers of freight, for the purposes to which they are adapted, and shall be under the control, direction and supervision of the corporation commission of North Carolina, in the same manner and for the same purposes as is by law provided for other public carriers of freight. * * * 1907, c. 39, s. 4.

2605. MAY APPLY TO GOVERNOR TO APPOINT POLICE. Any corporation operating a railroad on which steam is used as the motive power may apply to the governor to commission such persons as the said corporation may designate to act as policemen for said corporation. Code, s. 1988; 1871-2, c. 138, s. 51.

2606. GOVERNOR MAY APPOINT AND ISSUE COMMISSION. The governor upon such application may appoint such persons or so many of them as he may deem proper to be such policemen, and shall issue to such person or persons so appointed a commission to act as such policeman. Code, s. 1989; 1871-2, c. 138, s. 52.

2607. OATHS AND POWERS OF SPECIAL POLICEMEN. Every policeman so appointed shall, before entering upon the duties of his office, take and subscribe the usual oath; such oath, with a copy of the commission, shall be filed with the corporation commission, and a certificate thereof by its clerk shall be filed with

the clerk of each county through or into which the railroad for which such policeman is appointed may run and in which it is intended he shall act; and such policeman shall severally possess within the limits of the county all the powers of policemen in the several towns, cities and villages in which they shall be so authorized to act as aforesaid: Provided, that every policeman appointed under this and the two preceding sections shall, before entering upon the duties of his office, enter into bond in the sum of five hundred dollars, payable to the state of North Carolina, conditioned for the faithful performance of the duties of his said office, with good and sufficient surety, to be passed upon and accepted by and filed with the corporation commission. Code, s. 1990; 1871-2, c. 138, s. 53; 1907, c. 462.

AN ACT TO AMEND AN ACT TO PROVIDE FOR THE ASSESSMENT OF
PROPERTY AND COLLECTION OF TAXES.

The General Assembly of North Carolina do enact:

That chapter two hundred and fifty-eight of the Public Laws of one thousand nine hundred and seven be amended so as hereafter to read as follows:

ARTICLE I.

BOARD OF STATE TAX COMMISSIONERS.

SECTION 1. *Board of Corporation Commissioners created Board of State Tax Commissioners.*

In addition to the duties imposed upon the board of corporation commissioners by the act creating said board, they are hereby created a board of state tax commissioners, with powers and duties prescribed under this act.

SEC. 2. *Board may employ clerks, etc.*

Said board may employ such clerks as in their judgment they may deem necessary to put into proper execution the provisions of this act. The persons so elected shall hold office during the pleasure of said board, and a record of all the proceedings of said board shall be kept, which record, with all other papers or proceedings of said board, shall be a part of the record of the board of corporation commissioners, and of which the clerk of said board of corporation commissioners shall be the lawful custodian, and who, when the board is not in session, shall also have oversight of the clerical force and have performed such duties as are directed by the board. The sum of one thousand five hundred dollars, or so much thereof as may be necessary, is hereby appropriated for the payment of the salaries of said office force and additional work to said board.

SEC. 3. *Members of board to take oath of office; compensation of members of board.*

The members of said board shall take and subscribe the constitutional oath of office, to be filed with the secretary of state. The members of said board shall devote their whole time to the discharge of the duties of their office, and they shall also receive their necessary expenses in the performance of their duties, to be audited and allowed by the state auditor and paid monthly by the state treasurer out of the general fund. Each member of said board shall file with the state auditor an itemized statement of all expenses incurred in the performance of his duty, including livery hire and hotel expenses.

SEC. 4. *Place of meeting of board; shall have access to books, papers, etc., with power to subpoena and examine witnesses.*

Regular sessions of said board shall be held at the office of said board in the city of Raleigh. The said board and the members thereof shall have access to all books, papers, documents, statements and accounts on file or of record in any of the departments of state, subject to the rules and regulations of the respective departments relative to the care of the public records. It shall have like access to all books, papers, documents, statements and accounts on file or of record in counties, townships and municipalities. Said board shall have the right to subpoena witnesses, upon a subpoena signed by the chairman of said board, directed to such witnesses, which subpoena may be served by any person authorized to serve subpoenas from courts of record in this state; and the attendance of witnesses may be compelled by attachment, to be issued by any superior court upon proper showing that such witness has been properly subpoenaed and has refused to obey such subpoena. The person serving such subpoena shall receive the same compensation now allowed to sheriffs and other officers for serving subpoenas. Said board shall have the power to examine witnesses under oath, said oath to be administered by any member of said board or by the secretary thereof. Said board shall have the right to examine books, papers or accounts of any corporation, firm or individual owning property liable to assessment for taxes, general or specific, under the laws of this state; and any officer or stockholder of any such corporation, any member of any such firm or any person or persons who shall refuse to permit such inspection or neglect or fail to appear before said board in response to its subpoena, or testify, as provided for in this section, shall be deemed guilty of a misdemeanor and shall be punished by a fine not exceeding one thousand dollars or by imprisonment in the state's prison for a period not exceeding two years, or both such fine and imprisonment, in the discretion of the court.

SEC. 5. *Time for holding regular meetings; chairman may call special meetings.*

Said board shall hold regular meetings on the first Tuesday of March, June, July, August, September and October of each year, unless said dates are changed by order of the board, of which changes due notice shall be given, and may hold adjourned sessions as may be deemed necessary by it for the proper performance of the duties devolving upon said board. The chairman may call special sessions of the board whenever and wherever in the state he may deem it advisable so to do, and shall call such special sessions upon the written request of two members.

SEC. 6. *Duties of the board.*

It shall be the duty of the board:

(1) To have and exercise general supervision over the tax listers and assessing officers of this state, and to take such measures as will secure the enforcement of the provisions of this act, to the end that all the properties of this state liable to assessment for taxation shall be placed upon the assessment rolls and assessed at their true value in money.

(2) To confer with and advise assessing officers as to their duties under this act, and to institute proper proceedings to enforce the penalties and liabilities provided by law for public officers, officers of corporations and individuals failing to comply with this act; to prefer charges to the governor against assessing and taxation officers who violate the law or fail in the performance of their duties in reference to assessments and taxation; and in the execution of these powers the

said board may call upon the attorney-general or any prosecuting attorney in the state to assist said board.

(3) To receive complaints as to property liable to taxation that has not been assessed or has been fraudulently or improperly assessed, and to investigate the same, and to take such proceedings as will correct the irregularity complained of, if found to exist.

(4) To see that each county in the state be visited by at least one member of the board as often as is necessary, to the end that all complaints concerning the law of assessment and taxation may be heard; that information concerning its workings may be collected; that all assessing and taxation officers comply with the law and all violations thereof be punished, and that all proper suggestions as to amendments and change may be made.

(5) To require from any registers of deeds, clerks of courts, mayors and clerks of towns or any other officer in this state, on forms prescribed by said board of state tax commissioners, such annual or other reports as shall enable said board to ascertain the assessed valuations of all property listed for taxation throughout the state under this act, the amount of taxes assessed, collected and returned delinquent, and such other matters as the board may require, to the end that it may have complete and statistical information as to the practical operation of this act; that every such officer mentioned in this section who shall wilfully neglect or refuse to furnish any report required by the commission for the purposes of this act, or who shall wilfully and unlawfully hinder, delay or obstruct said commission in the discharge of its duties, shall forfeit and pay one hundred dollars for each offense, to be recovered in an action in the name of the state. A delay of ten days to make and furnish such report shall raise the presumption that the same was wilful.

(6) To make diligent investigation and inquiry concerning the revenue laws and systems of other states and counties, so far as the same is made known by published reports and statistics and can be ascertained by correspondence with officers thereof, and, with the aid of information thus obtained, together with experience and observation of our own laws, to recommend to the legislature at each regular session thereof such amendments, changes or modifications of our revenue laws as seem proper and necessary to remedy injustice and irregularities in taxation and to facilitate the assessment and collection of public revenues.

(7) To further report to the legislature at each regular session thereof, or at such other times as the legislature may direct, the whole amount of taxes collected in the state for all purposes, classified as to state, county, township and municipal purposes, with the sources thereof; the amount lost, the cause of the loss, the proceedings of said board, and such other matters of information concerning the public revenues as it may deem of public interest.

(8) To discharge such other duties as are or may be prescribed by law.

SEC. 7. Board to make annual report to the governor.

The board of state tax commissioners shall, on or before the first day of November of each year, make an annual report to the governor of the state, setting forth the workings of said commission during the preceding year and containing the findings and recommendations of said commission in relation to all matters of taxation. The state auditor shall cause two thousand copies of said report to be printed on or before the first day of December succeeding the making of said report. Five hundred copies of said report shall be placed at the disposal

of the state librarian for distribution and exchange, and a copy of said report shall be forwarded by said tax commission to each member of the general assembly as soon as printed.

SEC. 8. After the various tax lists required to be made under this act shall have been passed upon by the county board of equalization, the said several tax lists shall be subject to inspection by the said board of state tax commissioners or by any member thereof; and in case it shall appear or be made to appear to said board that property subject to taxation has been omitted from said list, the said board may issue an order directing the assessor or lister whose assessment or failure to assess are complained against to appear with his tax list at a time and place to be stated in said order, and the place to be at the office of the board of county commissioners at the county seat or such other place in said county in which said roll was made as said board shall deem most convenient for the hearing herein provided for. A notice of the time and place that said assessor or lister is ordered to appear with said list shall be published in a newspaper published at the county seat in said county, if there be one; if not, in some paper printed in said county, if there be any, at least five days before the time at which said assessor or lister is required to appear, and personal notice shall be given by mail to said persons whose property or whose assessments are to be considered at least five days prior to said hearing. A copy of said order shall be served upon the tax officer in whose possession said list shall be at least three days before he is required to appear with said list. The said board or any member thereof shall appear at the time and place mentioned in said order, and the assessing or listing officer upon whom said notice shall have been served shall appear also with said tax list. The said board or any member thereof, as the case may be, shall then and there hear and determine as to the proper assessments of all property and persons mentioned in said notice, and persons affected or liable to be affected by the review of said assessments thus provided for may appear and be heard at said hearing. In case said board or the member thereof who shall act in said review shall determine that the assessments so reviewed are not assessed according to law, he or they shall, in a column provided for that purpose, place opposite said property the true and lawful assessment of the same. As to property not on the tax list, the said board or members thereof acting in said review shall place the same upon said tax list by proper description, and shall place thereafter in the proper column the true cash value of the same. In case of review under this section, the said board or the member thereof acting in said review shall certify under his hand officially and spread upon said list a certificate of the day and date at which said tax list was reviewed by him and the changes made by him therein. For appearing with said list, as required herein, the tax officer shall receive the same pay per diem as is received by him in the preparation of the tax list, to be presented to and paid by the proper officers of the county or municipality of which he is the assessing officer in the manner as his other compensation is paid. The action of said board or member, taken as provided in this act, shall be final.

SEC. 9. *Board may order general review of tax list.*

In case it shall appear or be made to appear to said board that any tax list in the State is so grossly irregular and unlawfully assessed that adequate compliance with the law can not be secured except by a general review of said tax list, said board may make and issue an order that said tax list shall be subject

to general review, and the time and place shall be stated in said order, at which said list shall be reviewed, and under said order the assessor whose assessment or failure to assess is complained against shall be required to appear with his tax list at the time and place thus determined; said time to be not less than fourteen days from the issuance of the order, and the place to be at the office of the board of county commissioners at the county seat or such other place in said county in which said list was made as said board shall deem most convenient for the hearing herein provided for. A notice of the time and place that said assessor is required to appear with said list, together with a statement that said list will be subjected to general review and that all persons interested therein may be heard at said time, shall be published in a newspaper published at the county seat of said county, if there be one; if not, in some newspaper printed in said county, if there be any, at least seven days before the time at which said assessor is required to appear. A copy of the order made as aforesaid shall be served upon the tax officer in whose possession said list shall be at least three days before he is required to appear with said list. The said board or any member thereof shall appear at the time and place mentioned in said order, and the tax officer upon whom said notice shall have been served shall appear also with said tax list. The said board or any member thereof, as the case may be, together with the chairman of the board of county commissioners, shall then and there review said tax list and the assessment of property therein, and he or they shall have power to determine in accordance with law the amount at which said assessments shall be placed, and to change the same so that said assessments may comply with the law; also to place upon said list property omitted therefrom, in the same manner as provided in the last preceding section. The determination of said board or members thereof acting in said review shall be placed in a column provided for that purpose, and they or he shall proceed in all respects as provided in the last preceding section; and the tax officer shall receive the same compensation as provided in said section.

SEC. 10. If it shall appear to said board at any time that any property liable to taxation has not been assessed for any previous year as hereinbefore provided, the said board shall report the same to the proper assessing officer, and the same shall be listed for taxation upon the next tax list that shall be made and shall be valued as all other property. The said board shall further certify to the board of county commissioners of the several counties at the October session thereof next after said property shall be then listed for taxation, and said board of county commissioners shall ascertain the rate of taxation for said several years and shall order the taxes for said several years to be entered against said property upon the valuation for the then current year, and the same shall be so entered in a column provided for that purpose, and it shall constitute a charge against the person or property and be collected as other taxes: Provided, however, that this provision shall not be deemed to relate back prior to the going into effect of this act: Provided further, that in case of change of ownership of the property omitted, said taxes shall not be entered against said property prior to the last change of ownership.

SEC. 16. *Tax commissioners to prepare instructions for assessors and listers.*

It shall be the duty of the tax commissioners, at least thirty days previous to the date fixed for listing taxes, to prepare a pamphlet for the instruction of tax assessors. Said pamphlet shall, in as plain terms as possible, explain the proper

working of the tax laws of the state, and shall call particular attention to any points in the administration of the laws which have seemed to be overlooked or neglected. They shall advise the assessors of the practical working of the laws and explain any points which seem to be intricate and upon which assessors may differ. Copies of said pamphlet shall be sent to the register of deeds of each county, whose duty it shall be to see that each assessor and tax lister is furnished with a copy.

SEC. 33. *Bank taxation.*

The taxes imposed for state purposes upon the shares of stock in any bank, banking association or savings institution (whether state or national) in this state shall be paid by the cashier of such bank, banking association or savings institution directly to the state treasurer within thirty days after the first day of July of each year, and upon failure to pay the state treasurer as aforesaid he shall institute an action against the bank, banking association or savings institution to enforce the same in the county of Wake or in the county in which the bank, banking association or savings institution is located, which action shall be prosecuted in the name of the state of North Carolina on the relation of the treasurer of the state and which shall be tried at the return term of the court: Provided, the complaint is filed ten days before the first day of such term, and shall have precedence over all other actions. The board of commissioners of the county in which such banks, banking associations or savings institutions are located shall assess against the value of shares of residents in that county the tax imposed for school and county purposes, which shall be paid to the sheriff of that county, and shall assess against the value of shares held by nonresidents of this state in such bank, banking association or savings institution located in that county the said tax imposed for school, county and municipal purposes; and the said bank is authorized and empowered to deduct such tax from the dividends of said nonresident stockholders. The value of such shares shall be determined as is hereinafter in this section provided. Every bank, banking association or savings institution (whether state or national) shall list its real estate in the county, city or town in which such real estate is located, for the purposes of state, county and municipal taxation. Every such bank, banking association or savings institution shall, during the month of June, list annually with the corporation commission, in the name and for its shareholders, all the shares of its capital stock, whether held by residents or nonresidents, at its market value on the first day of June, or, if it have no market value, then at its actual value on that day, from which market or actual value shall be deducted the assessed value of the real and personal property which such bank, banking association or savings institution shall have listed for taxation in the county or counties wherein such real and personal estate is located. The actual value of such shares, where such shares have no market value, shall be ascertained by adding together the capital stock, surplus and undivided profits and deducting therefrom the amount of real and personal property owned by said institution on which it pays tax and dividing the next amount by the number of shares in said institution. Insolvent debts due said institution may be deducted from the items of undivided profits or surplus, if itemized and sworn to, and forwarded to the corporation commission by the cashier of such institution. If the corporation commission shall have reason to believe that the market or actual value as given in is not its true value, it shall ascertain such true value by such examination and investi-

gation as to it seems proper, and change the value as given in to such an amount as it ascertains the true value to be, which action on the part of the corporation commission may be reviewed by the superior court by an action brought against the corporation commission in its official capacity by the party aggrieved. But no action shall lie until all taxes admitted by such aggrieved party to be due shall have been paid or tendered. In listing the shares for state taxation, such bank, banking association or savings institution shall file with the corporation commission of the state a statement showing the name and residence of each shareholder, the number of shares held by each and the taxable value of such shares as fixed by the provisions of this act, which statement shall be in writing and subscribed and sworn to by the president, cashier or some other officer of the bank. For the purpose of aiding the county commissioners and other municipal officers in enforcing the law as to the listing of bank shares by the individual shareholders for the purpose of county, school and municipal taxation, it shall be the duty of every bank, banking association or savings institution (whether state or national) to furnish to the board of county commissioners of each county wherein any of its shareholders reside a statement showing the names of all its shareholders resident in such county, with the number of shares owned by each, and the taxable value of such shares, ascertained from the statement hereinbefore required to be made by such bank, banking association or savings institution to the corporation commission of the state. It shall also be the duty of the corporation commission to certify to the board of county commissioners of each county wherein any of said shareholders reside a statement showing the names of all the shareholders resident in such county, with the number of shares owned by each, and the value of such shares as ascertained by the statement hereinbefore required to be made by such bank, banking association or savings institution to the corporation commission of the state; and it shall thereupon be the duty of the chairman and clerk of the said board of county commissioners to list said shares of stock, with the assessed value thereon, for the purposes of county, school or municipal taxation; and the tax lister for the city or town shall compute the municipal taxes thereon: Provided, that no city or town shall assess any bank stock at a valuation different from that affixed by the corporation commission. The residents of this state who are shareholders in any bank, banking association or savings institution (whether state or national) shall list their respective shares in the county, city or town, precinct or village where they reside, for the purposes of county, school or municipal taxation. The shares of nonresidents of this state who are shareholders in any bank, banking association or savings institution (whether state or national) located in this state shall be listed in the county, city, town, precinct or village in which such bank, banking association or savings institution is located, for the purposes of county, school and municipal taxation. All shares, whether owned by residents or nonresidents, shall be listed at the time prescribed for listing taxes. The county commissioners, list takers and other county and municipal officers shall have the same power to enforce the listing of shares of stock in any such bank, banking association or savings institution, whether held by residents or nonresidents, as they have for enforcing the listing of other personal property. The taxation of shares of any such bank, banking association or savings institution shall not be at a greater rate than is assessed upon other moneyed capital in the hands of individual citizens of this state, whether such taxation is for state, county, school or municipal purposes.

SEC. 34. Reports from corporations.

Hereafter, except in the case of such corporations as are especially mentioned by name in other sections of this or the Revenue Act and required to make statements in other forms, it shall be the duty of the president, chairman or treasurer of every corporation having capital stock, every joint-stock association or limited partnership whatsoever, now or hereafter organized or incorporated by or under any law of this state, to make a report, in writing, to the corporation commission on or before the first day of July of each year, stating specifically:

First. Total authorized capital stock.

Second. Total authorized number of shares.

Third. Number of shares of stock issued.

Fourth. Par value of each share.

Fifth. Amount paid into the treasury on each share.

Sixth. Amount of capital stock paid in.

Seventh. Amount of capital on which dividend was declared.

Eighth. Date of each dividend during said year ending with the first day of June.

Ninth. Amount of each dividend during the year ending with the first Monday in said month.

Tenth. Highest price of sales of stock between the first and fifteenth days of May; highest price of sales of stock during the year aforesaid; average price of sales of stock during the year.

And in said report one of the following-named officers of such corporation, limited partnership or joint-stock association, namely, the president, chairman, secretary or treasurer, after being duly sworn or affirmed to do and perform the same with fidelity and according to the best of his knowledge and belief, shall estimate and appraise the capital stock of said company at its actual value in cash on the first day of June, after deducting therefrom the assessed value of all real and personal estate upon which the corporation pays tax, as indicated or measured by the amount of profit made, either declared in dividends or carried into surplus or sinking fund; and when the same shall have been so truly estimated and appraised they shall forthwith forward to the corporation commission a certificate thereof, accompanied by a copy of their said oath or affirmation, signed by them and attested by a magistrate or other person duly qualified to administer the same: Provided, that if the corporation commission or either of them is not satisfied with the appraisement and valuation so made and returned, they are hereby authorized and empowered to make a valuation thereof, based upon the facts contained in the report herein required or upon any information within their possession, and to settle an account on the valuation so made by them for taxes, penalties and interest due the state thereon, of which such settlement immediate notice shall be given to such corporation by said corporation commission, with the right to the company dissatisfied with any settlement so made against it to appeal to the superior court in term time of the county in which such company has its principal place of business in this state, and thence to the supreme court of this state: but before such company shall be allowed to exercise their right of appeal it shall, within twenty days after notice of such settlement, file with the corporation commission exceptions to the particulars to which it objects, and the grounds thereof, and the said corporation commission shall hear such exceptions, after ten days notice of such hearing given by said corporation commission to said company; and if they shall overrule any one of said exceptions,

then such company, if it desires to appeal to said superior court, shall within ten days thereafter give notice to said corporation commission of such appeal to said superior court, and the corporation commission shall thereupon transmit to said superior court a record of said settlement, with the exceptions of the company thereto, and all decisions thereon and all papers and evidence considered in making said decision. The said cause shall be placed on the civil docket of said superior court and shall have precedence of all other civil actions, and shall be tried under the same rules and regulations as are prescribed for the trial of other civil causes. The cause shall be entitled state of North Carolina on the relation of corporation commission against such company. Either party may appeal to the supreme court from the judgment of the superior court, under the same rules and regulations as are prescribed by law for other appeals, except that the state of North Carolina, if it shall appeal, shall not be required to give an undertaking or make any deposit to secure the costs of such appeal; and the supreme court may advance the cause on their docket so as to give the same a speedy hearing; and in the event of the neglect or refusal of the officers of any corporation, company, joint-stock association or limited partnership for a period of sixty days to make the report and appraisal to the corporation commission as herein provided, it shall be the duty of the corporation commission to estimate a valuation of the capital stock of such defaulting corporation, company, joint-stock association or limited partnership, and settle an account for taxes, penalty and interest thereon, from which settlement an appeal may be made to the superior court of the county in which the corporation has its principal place of business. Corporations, limited partnerships or joint-stock associations liable to tax on capital stock shall not be required to make any report or pay any further state tax on the mortgages, bonds, other securities and credits owned by them in their own right. The corporation commission is forbidden to divulge or make public any report of a corporation required to be made to it by this section. The corporation commission shall prepare and keep a record book, upon which it shall enter a corporate list of all the corporations and banks which it has assessed for taxation, and said record shall show the assessed valuation placed upon same by it.

SEC. 35. *Tax on building and loan associations.*

The secretary of each building and loan association organized and conducting business in this state shall list for taxation with the corporation commission on the first Monday in June of each year the shares of stock of such association at their actual value as shown by the books of said association. They shall deduct from such valuation the actual shares upon which said association has made loans and which have been pledged to such association as security therefor. But it is expressly provided that the secretary of each association shall show in detail, or by series on the tax list, the actual value of all shares, and also the actual value of shares upon which loans have been made and which have been pledged to the association as security therefor. The secretary of such association shall pay to the state treasurer by the first day of July of each year the state tax, and to the sheriff or tax collector of such county in which such association is located the county and school tax by the fifteenth day of September of each year. No other tax or assessment shall be charged or levied on said association or the shares therein.

SEC. 36. *No exceptions as to foreign corporations.*

Nothing in this act shall be construed to exempt from taxation at its real value any property situate in this state belonging to any foreign corporations.

SEC. 37. *Corporation commission to make certificate to register of deeds.*

The corporation commission shall, on or before August fifteenth, certify to the register of deeds of the county in which such corporation, joint-stock association, limited partnership or company whatsoever has its principal office or place of business the total value of the stock of such corporation, joint-stock association, limited partnership or company whatsoever, as assessed for state taxation. The corporation, joint-stock association, limited partnership or company whatsoever shall pay the county, township, town or city taxes upon the valuation so certified by the corporation commission.

SEC. 38. *Penalty for failure to furnish reports.*

If the said officers of any such limited partnership, joint-stock association or corporation shall neglect or refuse to furnish the corporation commission, on or before the thirty-first day of July of each and every year, with the report and appraisement of capital stock as aforesaid, as required by the thirty-fourth section of this act, they shall be subject to a fine of fifty dollars, and it shall be the duty of the corporation commission to add five per centum to the tax of said limited partnership, joint-stock association or corporation for each and every year for which said report and appraisement were not furnished, which percentage shall be settled and collected with the said tax in the usual manner of settling and collecting such taxes. If the officers of any such limited partnership, joint-stock association or corporation, or any of them, shall intentionally fail to comply with the thirty-fourth section of this act for three successive years, he or they shall be deemed guilty of a misdemeanor, and on conviction thereof shall be sentenced to pay a fine of five hundred dollars and undergo imprisonment not exceeding one year, or both, or either, at the discretion of the court.

SEC. 39. *Foreign building and loan associations.*

All foreign building and loan associations doing business in this state shall list for taxation with the corporation commission, through its agent, its stock held by citizens of this state in the county, city or town where the owners of said stock reside. In listing said stock for taxation the withdrawal value as fixed by the by-laws of each company shall be furnished by the list taker, and the stock shall be valued for taxation as other money investments of citizens of this state. Any association or officer of said association doing business in this state who shall fail or refuse to so list shares owned by citizens of this state for taxation shall be barred from doing business in this state; and any local officer or person who shall collect dues, assessments, premiums, fines or interest from any citizen of this state for any such association which has failed or refused to list for taxation the stock held by citizens of this state, shall be guilty of a misdemeanor and subject to fine or imprisonment, or both, in the discretion of the court. All of said taxes shall be paid by the association listing said stock.

SEC. 40. *Telegraph companies.*

Every joint-stock association, company, copartnership or corporation, whether incorporated under the laws of the State or any other state or of any foreign nation, engaged in transmitting to, from, through, in or across the state of North Carolina telegraph messages shall be deemed and held to be a telegraph company; and every such telegraph company shall, annually, between the first day of June and the twentieth day of June, make out and deliver to the board of corporation commissioners of this state a statement, verified by oath of the officer or agent

of such company making such statement, with reference to the thirty-first day of May next preceding, showing:

First. The total capital stock of such association, company, copartnership or corporation.

Second. The number of shares of capital stock issued and outstanding, and the par value of each share.

Third. Its principal place of business.

Fourth. The market value of said shares of stock on the thirty-first day of May next preceding; and if such shares have no market value, then the actual value thereof.

Fifth. The real estate, structures, machinery, fixtures and appliances owned by said association, company, copartnership or corporation and subject to local taxation within the state, and the location and assessed value thereof in each county where the same is assessed for local taxation.

Sixth. The specific real estate, together with the permanent improvements thereon, owned by such association, company, copartnership or corporation situated outside the state of North Carolina and not directly used in the conduct of the business, with a specific description of each such piece, where located, the purpose for which the same is used and the sum at which the same is assessed for taxation in the locality where situated.

Seventh. All mortgages upon the whole or any part of its property, together with the dates and amounts thereof.

Eighth. (a) The total length of the lines of said association or company; (b) the total length of such of their lines as is outside the state of North Carolina; (c) the length of the lines within each of the counties and townships within the state of North Carolina.

SEC. 41. *Telephone companies.*

Every telephone company doing business in this state, whether incorporated under the laws of this state or any other state or of any foreign nation, shall, annually, between the first day of June and the twentieth day of June, make out and deliver to the corporation commission of this state a statement, verified by the oath of the officer or agent of such company making such statement, with reference to the thirty-first day of May next preceding, showing:

First. The total capital stock of such association, company, copartnership or corporation invested in the operation of such telephone business.

Second. The number of shares of capital stock issued and outstanding, and the par or face value of each share.

Third. Its principal place of business.

Fourth. The market value of said shares of stock on the thirty-first day of March next preceding; and if such shares have no market value, then the actual value thereof.

Fifth. The real estate, structures, machinery, fixtures and appliances owned by said association, company, copartnership or corporation and subject to local taxation within the state, and the location and assessed value thereof in each county where the same is assessed for local taxation.

Sixth. The specific real estate, together with the permanent improvements thereon, owned by such association, company, copartnership or corporation situated outside the state of North Carolina and not used directly in the conduct of the business, with a specific description of each such piece, where located, the

purpose for which the same is used and the sum at which the same is assessed for taxation in the locality where situated.

Seventh. All mortgages upon the whole or any of its property, together with the dates and amounts thereof.

Eighth. (a) The total length of the lines of said association or company; (b) the total length of so much of their lines as is outside the state of North Carolina; (c) the length of the lines within each of the counties and townships within the state of North Carolina.

SEC. 42. *Express companies.*

Every joint-stock association, company, copartnership or corporation, incorporated or acting under the laws of this state or any other state or any foreign nation, engaged in carrying to, from, through, in or across this state, or any part thereof, money, packages, gold, silver plate, merchandise, freight or other articles, under any contract, expressed or implied, with any railroad company or the managers, lessees, agents or receivers thereof (provided such joint-stock association, company, copartnership or corporation is not a railroad company), shall be deemed and held to be an express company within the meaning of this act; and every such express company shall, annually, between the first day of June and the twentieth day of June, make out and deliver to the corporation commission of this state a statement, verified by the oath of the officer or agent of such association, company, copartnership or corporation making such statement, with reference to the thirty-first day of May next preceding, showing:

First. The total capital stock or capital of said association, copartnership or corporation.

Second. The number of shares of capital stock issued and outstanding and the par or face value of each share; and in case no shares of capital stock are issued, in what manner the capital stock thereof is divided and in what manner such holdings are evidenced.

Third. Its principal place of business.

Fourth. The market value of said shares of stock on the thirty-first day of May next preceding; and if such shares have no market value, then the actual value thereof; and in case no shares of stock have been issued, state the market value, or the actual value in case there is no market value, of the capital thereof, and the manner in which the same is divided.

Fifth. The real estate, structures, machinery, fixtures and appliances owned by the said association, company, copartnership or corporation and subject to local taxation within the state of North Carolina, and the location and assessed value thereof in each county where the same is assessed for local taxation.

Sixth. The specific real estate, together with the improvements thereon, owned by the association, company, copartnership or corporation situated outside the state of North Carolina and not used directly in the conduct of the business, with a specific description of each such piece, where located, the purpose for which the same is used, and the sum at which the same is assessed for taxation in the locality where situated.

Seventh. All mortgages upon the whole or any part of its property, together with the dates and amounts thereof.

Eighth. (a) Total length of the line or routes over which such association, company, copartnership or corporation transports such merchandise, freight or express matter; (b) the total length of such lines or routes as are outside the

state of North Carolina; (c) the length of such lines or routes within each of the counties or townships within the state of North Carolina.

SEC. 43. *Sleeping-car companies.*

Every joint-stock association, company, copartnership or corporation incorporated or acting under the laws of this or any other state or of any foreign nation and conveying to, from, through, in or across this state, or any part thereof, passengers or travelers in palace cars, drawing-room cars, sleeping cars, dining cars or chair cars, under any contract, expressed or implied, with any railroad company or the managers, lessees, agents or receivers thereof, shall be deemed and held to be a sleeping-car company for the purpose of this act, and shall hereinafter be called "sleeping-car company"; and every such sleeping-car company doing business in this state shall, annually, between the first day of June and the twentieth day of June, make out and deliver to the board of corporation commissioners of this state a statement, verified by the oath of the officer or agent of such company making such statement, with reference to the thirty-first day of May next preceding, showing:

First. The total capital stock of such sleeping-car company invested in its sleeping-car business.

Second. The number of shares of such capital stock devoted to the sleeping-car business issued and outstanding, and the par or face value of each share.

Third. Under the laws of what state it is incorporated.

Fourth. Its principal place of business.

Fifth. The names and post-office addresses of its president and secretary.

Sixth. The actual cash value of the shares of such capital stock devoted to its sleeping-car business on the thirty-first day of May next preceding such report.

Seventh. The real estate, structures, machinery, fixtures and appliances owned by said sleeping-car company and subject to local taxation within this state, and the location and assessed value thereof in each county within this state where the same is assessed for local taxation.

Eighth. All mortgages upon the whole or any part of its property, and the amounts thereof devoted to its sleeping-car business.

Ninth. (a) The total length of the main lines of railroad over which cars are run; (b) the total length of so much of the main lines of railroad over which the said cars are run outside of the state of North Carolina; (c) the length of the lines of railroad over which said cars are run within the state of North Carolina: Provided, that where the railroads over which said cars run have double tracks or a greater number of tracks than a single track the statement shall only give the mileage as though such tracks were but single tracks; and in case it shall be required, such statement shall show in detail the number of miles of each or any particular railroad or system within this state. When the assessment shall have been made by the corporation commission in accordance with section forty-eight of this act, the clerk of the commission shall thereupon notify by registered letter the officer attesting such report of the amount assessed against it, and such sleeping-car company shall have thirty days within which to appear and make objection, if any it shall have, to said assessment. If no objections be made within said thirty days, the amount shall be credited to the state treasurer, who shall thereupon send by registered letter to the officer attesting such report a bill for the state taxes upon said assessment, and such sleeping-car company shall have thirty days within which to pay said taxes; and the clerk of the corporation

commission shall certify to the county commissioners of the several counties through which such cars are used the value of the property of such sleeping-car company within such county in the proportion that the number of miles of railroad over which such cars are used in said county bears to the number of miles of railroad over which such cars are used within the state, together with the name and post-office address of the officer attesting such report of such sleeping-car company, with the information that tax bills, when assessed, are to be sent him by mail; and such value, so certified, shall be assessed and taxed the same as other property within said county. And when the assessment shall have been made in such county the sheriff or county tax collector shall send to the address given by the clerk of the corporation commission to the county commissioners by registered mail a bill for the total amount of all taxes due to such county, and such sheriff or county tax collector shall add to such tax bills the postage and registration fee, and such sleeping-car company shall have sixty days thereafter within which to pay said taxes; and upon failure of and refusal to do so, such taxes shall be collected the same as other delinquent taxes are, together with a penalty of fifty per cent added thereto, and costs of collection.

SEC. 44. Refrigerator and freight car companies.

Every firm, person or corporation owning refrigerator or freight cars operated over or leased to any railroad company in this state or operating in this state shall be taxed in the same manner as hereinbefore provided for the taxation of sleeping-car companies, and the collection of the tax thereon shall be followed in assessing and collecting the tax on the refrigerator and freight cars taxed under this section: Provided, if it appear that the owner does not lease the cars to any railroad company or make any contract to furnish it with cars, but they are furnished to be run indiscriminately over any lines on which shippers or railroad companies may desire to send them, and the owner receives compensation from each road over which the cars run, the board of corporation commissioners shall ascertain and assess the value of the average number of cars which are in use within the state as a part of the necessary equipment of any railroad company for the year ending May the thirty-first next preceding, and the tax shall be computed upon this assessment.

SEC. 45. Every street railway company, waterworks company, electric light and power company, gas company, ferry company, bridge company, canal company and other corporations exercising the right of eminent domain shall, annually, between the first and twentieth of June, make out and deliver to the board of corporation commissioners of this state a statement, verified by the oath of the officer or agent of such company making such statement, with reference to the thirty-first day of May next preceding, showing:

First. The total capital stock of such association, company, copartnership or corporation.

Second. The number of shares of capital stock issued and outstanding, and the par or face value of each share.

Third. Its principal place of business.

Fourth. The market value of said shares of stock on the thirty-first day of March next preceding; and if such shares have no market value, then the actual value thereof.

Fifth. The real estate, structures, machinery, fixtures and appliances owned by said association, company, copartnership or corporation and subject to local

taxation within the state, and the location and assessed value thereof in each county where the same is assessed for local taxation.

Sixth. The specific real estate, together with the permanent improvements thereon, owned by such association, company, copartnership or corporation situate outside of the state of North Carolina and not directly used in the conduct of the business, with a specific description of each such piece, where located, the purpose for which the same is used and the sum at which the same is assessed for taxation in the locality where situate.

Seventh. All mortgages upon the whole or any part of its property, together with the dates and amounts thereof.

Eighth. (a) The total length of the lines of said association or company; (b) the total length of so much of their lines as is outside of the state of North Carolina; (c) the length of the lines within each of the counties and townships within the state of North Carolina.

SEC. 46. *Board of corporation commissioners may require additional information.*

Upon the filing of the statements required in the preceding sections the board of corporation commissioners shall examine them and each of them; and if the commissioners shall deem the same insufficient, or in case they shall deem that other information is requisite, they shall require such officer to make such other and further statements as said commissioners may call for. In case of the failure or refusal of any association, company, copartnership or corporation to make out and deliver to the board of corporation commissioners any statement or statements required by this act, such association, company, copartnership or corporation shall forfeit and pay to the state of North Carolina one hundred dollars (\$100) for each additional day such report is delayed beyond the twentieth day of June, to be sued for and recovered in any proper form of action in the name of the state of North Carolina on the relation of the corporation commission, and such penalty, when collected, shall be paid into the general fund of the state.

SEC. 47. *Corporation commission shall examine statements.*

The corporation commissioners shall thereupon value and assess the property of each association, company, copartnership or corporation in the manner herein-after set forth, after examining such statements and after ascertaining the value of such properties therefrom, and upon such other information as they may have or obtain. For that purpose they may require the agents or officers of said association, company, copartnership or corporation to appear before them with such books, papers and statements as they may require, or they may require additional statements to be made to them, and may compel the attendance of witnesses in case they shall deem it necessary to enable them to ascertain the true cash value of such property.

SEC. 48. *Manner of assessment.*

Said corporation commission shall first ascertain the true cash value of the entire property owned by the said association, company, copartnership or corporation from said statements or otherwise for that purpose, taking the aggregate value of all the shares of capital stock, in case shares have a market value, and in case they have none, taking the actual value thereof or of the capital of said association, company, copartnership or corporation in whatever manner the same is divided, in case no shares of capital stock have been issued: Provided,

however, that in case the whole or any portion of the property of such association, company, copartnership or corporation shall be encumbered by a mortgage or mortgages, such board shall ascertain the true cash value of such property by adding to the market value of the aggregate shares of stock or to the value of the capital. In case there should be no such shares, the aggregate amounts of such mortgage or mortgages, and the result shall be deemed and treated as the true cash value of the property of such association, company, copartnership or corporation. Such board of corporation commissioners shall, for the purpose of ascertaining the true cash value of the property within the state of North Carolina, next ascertain from such statements or otherwise the assessed value for taxation, in the localities where the same is situated, of the several pieces of real estate situated within the state of North Carolina and not specifically used in the general business of such associations, companies, copartnerships or corporations, which said assessed value for taxation shall be by said board deducted from the gross value of the property as above ascertained. Said state board of corporation commissioners shall next ascertain and assess the true cash value of the property of the associations, companies, copartnerships or corporations within the state of North Carolina by taking as a guide, as far as practicable, the proportion of the whole aggregate value of said associations, companies, copartnerships or corporations as above ascertained, after deducting the assessed value of such real estate without the state which the length of lines of said associations, companies, copartnerships or corporations, in the case of telegraph and telephone companies within the state of North Carolina, bears to the total length thereof, and in the case of express companies and sleeping-car companies the proportion shall be the proportion of the whole aggregate value, after such deduction, which the length of the lines or routes within the state of North Carolina bears to the whole length of lines or routes of such associations, companies, copartnerships or corporations, and such amount so ascertained shall be deemed and held as the entire value of the property of said associations, companies, copartnerships or corporations within the state of North Carolina. The corporation commission shall also assess the value for taxation of all real estate, structures, machinery and appliances of telegraph and telephone companies within the state subject to local taxation, and this assessment, together with the franchise value, shall be certified by the commission to the counties and municipalities where located on basis of wire mileage in such county or town in which such property is situated. From the entire value of the property within the state so ascertained there shall be deducted by the commissioners the assessed value for taxation of all real estate, structures, machinery and appliances within the state and subject to local taxation in the counties as hereinbefore described in sections forty, forty-one, forty-two, forty-three, forty-four and forty-five of this act, and the residue of such value so ascertained, after deducting therefrom the assessed value of such local properties, shall be by said board assessed to said association.

SEC. 49. *Value per mile.*

Said corporation commission shall thereupon ascertain the value per mile of the property within the state by dividing the total value as above ascertained, after deducting the specific properties locally assessed within the state by the number of miles within the state, and the result shall be deemed and held as value per mile of the property of such association, company, copartnership or corporation within the state of North Carolina.

SEC. 50. Total value for each county.

Said corporation commission shall thereupon, for the purpose of determining what amount shall be assessed by it to said association, company, copartnership or corporation in each county in the state, through, across and into or over which the line of said association, company, copartnership or corporation extends, multiply the value per mile, as above ascertained, by the number of miles in each such counties as reported in said statements or as otherwise ascertained, and the result thereof shall be by the clerk of said board certified to the chairman of the board of county commissioners, respectively, of the several counties through, into, over or across which the lines or routes of said association, company, copartnership or corporation extends. All taxes due the state from any corporation taxed under the preceding sections, except the tax paid for school purposes, shall be paid by the treasurer of each company direct to the state treasurer.

SEC. 51. Companies failing to pay tax.

In case any such association, company, copartnership or corporation as named in this act shall fail or refuse to pay any taxes assessed against it in any county in this state, in addition to other remedies provided by law for the collection of taxes, an action may be prosecuted in the name of the state of North Carolina by the solicitors of the different judicial districts of the state on the relation of the county commissioners of the different counties of this state, and the judgment in the said action shall include a penalty of fifty per cent of the amount of taxes as assessed and unpaid, together with reasonable attorneys' fees for the reduction of such action, which action may be prosecuted in any county into, through, over or across which the line or routes of any association, company, copartnership or corporation shall extend, or in any county where such association, company, copartnership or corporation shall have an office or agent for the transaction of business. In case such association, company, copartnership or corporation shall have refused to pay the whole of the taxes assessed against the same by the corporation commission, or in case such association, company, copartnership or corporation shall have refused to pay the taxes or any portion thereof assessed to it in any particular county or counties, such action may include the whole or any portion of the taxes so unpaid in any county or counties; but the attorney-general may, at his option, unite in one action the entire amount of the taxes due, or may bring separate actions to each separate county or adjoining counties, as he may prefer. All collections of taxes for or on account of any particular county made in any such suit or suits shall be by said board accounted for as a credit to the respective counties for or on account of which such collections were made by the said board at the next ensuing settlement with such county, but the penalty so collected shall be credited to the general fund of the state; and upon such settlement being made, the treasurers of the several counties shall at their next settlements enter credits upon the proper duplicates in their offices, and at the next settlement with such county report the amount so received by him in his settlement with the state, and proper entries shall be made with reference thereto: Provided, that in any such action the amount of assessment fixed by said corporation commission and apportioned to such county shall not be controverted.

SEC. 52. *Railroads.*

The commissioners selected from time to time under authority to establish the North Carolina corporation commission shall constitute a board of appraisers and assessors for railroad, canal and steamboat companies and other companies exercising the right of eminent domain.

SEC. 53. *Railroads.*

The president, secretary, superintendent or other principal accounting officer, within this state, of every railroad, telegraph, telephone, street railway company, whether incorporated by the laws of this state or not, shall, at such dates as real estate is required to be assessed for taxation, return to the said commission for assessment and taxation, verified by the oath or affirmation of the officer making the return, all the following described property belonging to such corporation within this state, viz: The number of miles of such railroad line in each county in this state and the total number of miles in this state, including the roadbed, right of way and superstructures thereon, main and side tracks, depot buildings and depot grounds, section and tool houses and the land upon which situated and necessary to their use; water stations and land, coal chutes and land, and real estate and personal property of every character necessary for the construction and successful operation of such railroad or used in the daily operation, whether situated on the charter right of way of the railroad or on additional land acquired for this purpose, except as provided below, including, also, if desired by the corporation commission, Pullman or sleeping cars or refrigerator cars owned by them or operated over their lines: Provided, however, that all machine and repair shops, general office buildings, storehouses and contents located outside of the right of way, and also real and personal property, other than the property as returned above to the corporation commission, shall be listed for purposes of taxation by the principal officers or agents of such companies with the list takers of the county where the real and personal property may be situated, in the manner provided by law for the listing and valuation of real and personal property. A list of such property shall be filed by such company with the corporation commission. It shall be the duty of the register of deeds, if requested so to do by the corporation commission, to certify and send to the said commission a statement giving a description of the property mentioned in the foregoing proviso, and showing the assessed valuation thereof, which value shall be deducted from the total value of the property of such railroad company as arrived at by the commission, in accordance with section fifty-five, before the apportionment is made to the counties and municipalities. The registers of deeds shall also certify to the commission the local rate of taxation for county purposes as soon as the same shall be determined, and such other information obtainable in the course of the performance of the duties of their office as the said commission shall require of them; and the mayor of each city or town shall cause to be sent to the said commission the local rate of taxation for municipal purposes.

SEC. 54. *Railroads.*

The movable property belonging to a railroad company shall be denominated for the purposes of taxation "rolling stock." Every person, company or corporation owning, constructing or operating a railroad in this state shall, in the month of June, annually, return a list or schedule to the corporation commission, which shall contain a correct detailed inventory of all the rolling stock belonging

to such company, and which shall distinctly set forth the number of locomotives of all classes, passenger cars of all classes, sleeping cars and dining cars, express cars, horse cars, cattle cars, coal cars, platform cars, wrecking cars, pay cars, hand cars and all other kinds of cars, and the value thereof, and a statement or schedule, as follows: (1) the amount of capital stock authorized and the number of shares into which such capital is divided; (2) the amount of capital stock paid up; (3) the market value, or, if no market value, then the actual value of shares of stock; (4) the length of line operated in each county and total in the state; (5) the total assessed value of all tangible property in the state; (6) and, if desired, all the information heretofore required to be annually reported by section five thousand two hundred and ninety-one of the Revisal. Such schedule shall be made in conformity to such instructions and forms as may be prescribed by the commission, and with reference to amounts and values on the first day of June of the year of which the return is made.

SEC. 55. *Tangible and intangible property assessed separately.*

(a) At such dates as real estate is required to be assessed for taxation, the said commission shall first determine the value of the tangible property of each division or branch of such railroad, of rolling stock and all other physical or tangible property. This value shall be determined by a due consideration of the actual cost of replacing the property, with a just allowance for depreciation on rolling stock, and also of other conditions, to be considered as in the case of private property.

(b) They shall then assess the value of the franchise, which shall be determined by due consideration of the gross earnings as compared with the operating expenses, and particularly by consideration of the value placed upon the whole property by the public (the value of the physical property being deducted), as evidenced by the market value of all capital stock, certificates of indebtedness, bonds or any other securities, the value of which is based upon the earning capacity of the property.

(c) The aggregate value of the physical or tangible property and the franchise as thus determined shall be the true value of the property for the purpose of an *ad valorem* taxation, and shall be apportioned in the same proportion that the length of such road in each county bears to the entire length of such division or branch thereof; and the corporation commission shall certify, on or before the fifteenth day of August, to the chairman of the county commissioners and the mayor of each city or incorporated town the amount apportioned to his county, city or town; and the said commission shall make and forward a like certificate to the auditor of the state. All taxes due the state from any railroad company, except the tax imposed for school purposes, shall be paid by the treasurer of each company directly to the state treasurer within thirty days after the first day of July of each year; and upon failure to pay the state treasurer as aforesaid, he shall institute an action to enforce the same in the county of Wake or any other county in which such railroad is located, adding thereto twenty-five per centum of the tax. The board of county commissioners of each county through which said railroad passes shall assess against the same only the tax imposed by the state for school purposes and those imposed for county purposes.

SEC. 56. *Railroads.*

When any railroad has part of its road in this state and part thereof in any other state, the said commission shall ascertain the value of railroad track,

rolling stock and all other property liable to assessment by the corporation commission of such company as provided in the next preceding section, and divide it in the proportion to the length such main line of road in this state bears to the whole length of such main line of road, and determine the value in this state accordingly. On or after the first Monday in July, the said commission shall give a hearing to all the companies interested touching the valuation and assessment of their property. The said commission may, if they see fit, require all argument and communications to be presented in writing.

SEC. 57. *Railroads.*

If the property of any railroad company be leased or operated by any other corporation, foreign or domestic, the property of the lessor or company whose property is operated shall be subject to taxation in the manner hereinbefore directed; and if the lessee or operating company, being a foreign corporation, be the owner or possessor of any property in this state other than which it derives from the lessor or company whose property is operated, it shall be assessed in respect to such property in like manner as any domestic railroad company.

SEC. 58. *Railroads.*

The corporation commission shall have power to summon and examine witnesses and require that books and papers shall be presented to them for the purpose of obtaining such information as may be necessary to aid in determining the valuation of any railroad company. Any president, secretary, receiver or accounting officer, servant or agent of any railroad or steamboat company having any portion of its property or roadway in this state who shall refuse to attend before the said commission when required to do so, or refuse to submit to the inspection of said commissioners any books or papers of such railroad company in his possession, custody or control, or shall refuse to answer such questions as may be put to him by said commission, or order, touching the business or property, moneys and credits, and the value thereof, of said railroad company, shall be guilty of a misdemeanor, and on conviction thereof before any court of competent jurisdiction shall be confined in the jail of the county not exceeding thirty days and shall be fined in any sum not exceeding five hundred dollars and costs; and any president, secretary, accounting officer, servant or agent aforesaid, so refusing as aforesaid shall be deemed guilty of contempt of such commission, and may be confined, by order of said commission, in the jail of the proper county until he shall comply with such order and pay the cost of his imprisonment.

SEC. 59. *Canal and steamboat companies.*

The property of all canal and steamboat companies in this state shall be assessed for taxation as above provided for railroads. In case any officer fails to return the property as provided in this section, the commission shall ascertain the length of such property in this state, and shall assess the same in proportion to length at the highest rate at which property of that kind is assessed by them.

BANKING LAWS.

[REVISAL OF 1905, AS AMENDED BY LAWS 1907-1909.]

BANKS.

CHAPTER 7.

	Sections.
I. Creation,	222—227
II. Powers and duties,	228—234
III. Stockholders,	235—239
IV. Corporation commission,	240—245
V. Bank examiners,	246—251

I. CREATION.

222. How INCORPORATED. Any number of persons, not less than three, who may be desirous of forming a company, and engaging in the business of establishing, maintaining and operating banks of discount and deposit to be known as commercial banks, or of engaging in the business of establishing, maintaining and operating offices of loan and deposit to be known as savings banks, or of establishing, maintaining and operating banks having departments for both classes of business, or operating banks engaged and doing a trust, fiduciary and surety business, shall be incorporated in the manner following, and in no other way, that is to say, such persons shall, by a certificate of incorporation, under their hands and seals, set forth:

1. The name of the corporation; no name shall be assumed already in use by another existing corporation organized under the laws of this state or of the congress, or so nearly similar thereto as to lead to uncertainty or confusion.

2. The location of its principal office in the state.

3. The nature of its business, whether that of commercial bank, or savings bank, or both.

4. The amount of the total authorized capital stock, the number of shares into which it is divided, and the par value of each share, which shall be either fifty dollars or one hundred dollars; the amount of capital stock with which it will commence business, which shall not be less than five thousand dollars in cities and towns of fifteen hundred population or less; nor less than ten thousand dollars in cities and towns whose population exceeds fifteen hundred but does not exceed five thousand; nor less than twenty-five thousand dollars in all other places; the population to be ascertained by the last preceding national census; and if there be more than one class of stock, a description of the different classes, with the terms on which the respective classes of stock are created.

5. The names and post office addresses of the subscribers for stock and the number of shares subscribed by each; the aggregate of such subscriptions shall be the amount of the capital stock with which the company will commence business.

6. Period, if any, limited for the duration of the company.

1903, c. 275, ss. 1, 2; 1901, c. 769; 1907, c. 829.

223. CERTIFICATES OF INCORPORATION; HOW SIGNED, PROVED AND FILED. The certificates of incorporation shall be signed by the original incorporators, or a majority of them, and shall be proved, or acknowledged, before an officer duly authorized under the laws of this state to take the proof, or acknowledgment

of deeds. Such certificate of incorporation, when so proved, shall be filed in the office of the secretary of state, who shall, if the same shall be in accordance with law, thereupon cause the same to be recorded in his office in a book to be kept for that purpose, and known as the corporation book, and he shall, upon the payment of the organization tax and fees, certify under his official seal two copies of the said certificate of incorporation and probates, one of which shall be forthwith recorded in the office of the clerk of the superior court of the county where the principal office of said corporation in this state shall or is to be established, in a book to be known as the Record of Incorporations, and the other certified copy shall be filed in the office of the corporation commission, and thereupon the said persons shall become a body politic and corporate under the name stated in such certificate. The said certificate of incorporation, or a copy thereof duly certified by the secretary of state or by the clerk of the superior court of the county in which the same is recorded, or by the clerk of the corporation commission, under their respective seals, shall be evidence in all courts and places, and shall, in all judicial proceedings, be deemed *prima facie* evidence of the complete organization and incorporation of the company purporting thereby to have been established. 1903, c. 275, s. 3; 1901, c. 2, s. 9; 1903, c. 343.

224. **PAYMENT OF CAPITAL STOCK.** At least fifty per cent of the capital stock of every bank shall be paid in in cash before it shall be authorized to commence business and the remainder of the capital stock of such bank shall be paid in monthly installments of at least ten per cent in cash of the whole of the capital, payable at the end of each succeeding month from the time it shall be authorized by the corporation commission to commence business, and the payment of each installment shall be certified to the corporation commission, under oath, by the cashier or president of the bank. 1903, c. 275, s. 10. (Amended.) Provided, that no bank shall be authorized to commence business with less than a paid-in capital stock of five thousand dollars. 1909, c. 911.

225. **STATEMENT FILED BEFORE BEGINNING BUSINESS.** Before such company shall begin the business of banking or banking and trust, fiduciary or surety business, there shall be filed with the corporation commission a statement, under oath, by the cashier or president, containing the names of all of the directors and officers, with the date of the election or appointment, term of office, residence and post office address of each, the amount of capital stock of which each is the owner in good faith, and the amount of money paid in on account of the capital stock. Nothing shall be received in payment of capital stock but money. 1903, c. 275, ss. 5, 10; 1907, c. 829, s. 2.

226. **AUTHORIZED TO BEGIN BUSINESS, WHEN AND HOW.** If from such statement, or upon an examination, if such examination appears necessary, it appears to the corporation commission that such corporation is lawfully entitled to commence the business of banking, banking and trust, fiduciary or surety business, it shall, within thirty days after the filing of the certificate required by law, give to such corporation a certificate signed by the chairman of the corporation commission, attested by the secretary of the commission, that such corporation has complied with all the provisions required to be complied with before commencing the business of banking, and that such corporation is authorized to commence such business. 1903, c. 275, s. 7; 1907, c. 829, s. 3.

227. **AUTHORITY TO BEGIN BUSINESS WITHHELD, WHEN.** The corporation commission may withhold from any bank, banking and trust, fiduciary or surety

company its certificate authorizing the commencement of business whenever it has reason to believe that the stockholders have formed the same for any other purpose than the legitimate objects contemplated by this chapter. 1903, c. 275, s. 6; 1907, c. 829, s. 4.

II. POWERS AND DUTIES.

228. **POWERS.** In addition to the powers conferred by law upon private corporations, banking corporations, banking and trust companies doing a fiduciary and surety business shall have power—

1. To exercise by its board of directors or duly authorized officers or agents, subject to law, all such powers as shall be necessary to carry on the business of banking, by discounting and negotiating promissory notes, drafts, bills of exchange and other evidences of debts, by receiving deposits, by buying and selling exchange, coin and bullion, by loaning money on personal security or real or personal property. Such corporation at the time of making loans or discounts may take and receive in advance such interest as may be agreed upon not exceeding the legal rate.

2. To purchase, hold and convey real estate for the following purposes:

1st. Such as shall be necessary for the convenient transaction of its business, including with its banking offices other apartments, to rent as a source of income, which investment shall not exceed twenty-five per cent of its paid-in capital stock and permanent surplus: Provided, that this provision shall not apply to any such investment made before the ninth day of March, one thousand nine hundred and three.

2d. Such as is mortgaged to it in good faith by way of security for loans made or money due to such bank.

3d. Such as is conveyed to it in satisfaction of debts previously contracted in the course of its dealings.

4th. Such as it acquires by sale under execution or judgment of any court in its favor.

Any and all power and privileges heretofore granted and given to any person, firm or corporation doing a banking business in connection with a fiduciary and surety business or the right to deal to any extent in real estate inconsistent with this act are hereby repealed. 1903, c. 275, ss. 8, 9; 1907, c. 829, s. 5.

228a. **LIMITATION ON TRUST COMPANY AS TO REAL ESTATE HOLDINGS.** Such bank and trust company doing a general banking and trust, fiduciary and surety business, and dealing in real estate, shall not invest more than twenty-five per cent of the capital stock and permanent surplus in real estate, unless to protect its loans, debts contracted in the course of the dealings or acquired by sale under execution or judgment of any court in its favor. 1907, c. 829, s. 6.

229. **WHEN BANK MAY PURCHASE ITS STOCK.** No bank shall be the holder as pledgee or as purchaser of any portion of its capital stock, unless such purchase shall be necessary to prevent loss upon a debt previously contracted in good faith. 1903, c. 275, s. 1.

230. **REORGANIZATION.** Whenever any bank, under the laws of this state or of the United States, is authorized to dissolve and shall have taken the necessary steps to effect dissolution, it shall be lawful for a majority of the directors of such bank, upon the authority in writing of the owners of two-thirds of its capital stock, with the approval of the corporation commission, to execute articles of incorporation as provided in this chapter, which articles, in addition to the

requirements of law, shall further set forth the authority derived from the stockholders of such dissolved national bank or state bank, and upon filing the same as hereinbefore provided for the organization of banks, the same shall become a bank under the laws of this state, and thereupon all assets, real and personal, of the dissolved national bank shall by operation of law be vested in and become the property of such state bank, subject to all liabilities of such national bank not liquidated under the laws of the United States before such reorganization. 1903, c. 275, s. 17.

231. **RESERVE FUND.** Every bank or banking and trust company doing business and engaging in a banking, trust, fiduciary or surety business and dealing in real estate, shall at all times have on hand as a reserve in available funds an amount equal to at least fifteen per cent of the aggregate amount of its deposits. Two-fifths of such fifteen per cent shall be cash in the vaults of the bank. Savings banks shall have on hand at all times, as a reserve in available funds, an amount equal to at least five per cent of their aggregate deposits. 1903, c. 275, s. 28; 1907, c. 829, s. 7.

232. **AVAILABLE FUNDS; WHEN BELOW RESERVE; NO NEW LOANS OR DIVIDENDS.** The available funds shall consist of cash on hand and balances due from other solvent banks. Cash shall include lawful money of the United States and exchange for any clearing-house association. Whenever the available funds of any bank shall fall below the reserve herein required, such bank shall not make any new loans or discounts otherwise than by discounting or purchasing bills of exchange payable at sight; nor shall such bank make any dividends of its profits until it has on hand the available funds required by this chapter. 1903, c. 275, s. 29.

233. **LOANS TO ONE PERSON NOT TO EXCEED TEN PER CENT OF CAPITAL.** The total liabilities to any bank or banking institution, or banking or trust company doing a fiduciary and surety business and dealing in real estate, of any person, or of any company, corporation or firm, for money borrowed, including in the liabilities of a company or firm the liabilities of the several members thereof, shall at no time exceed one-tenth part of the amount of the capital stock of such bank or banking institution actually paid in. But the discount of bills of exchange drawn in good faith against actually existing values and the discount of commercial or business paper actually owned by the person negotiating the same shall not be considered as money borrowed. This section shall not apply to banks with a paid-up capital of one hundred thousand dollars or less. 1897, c. 298; s. 3; 1897, c. 432; 1907, c. 829, s. 8.

234. **CHAPTER ON CORPORATIONS APPLICABLE.** All of the provisions of law relating to private corporations, and particularly those enumerated in the chapter entitled Corporations, not inconsistent with this chapter, or with the business of banking, shall be applicable to banks. 1903, c. 275, s. 4.

III. STOCKHOLDERS.

235. **INDIVIDUAL LIABILITY OF.** The stockholders of every bank organized under the laws of North Carolina, whether under the general law or by special act, shall be individually responsible, equally and ratably, and not one for another, for all contracts, debts and engagements of such corporation, to the extent of the amount of their stock therein at par value thereof, in addition to the amount invested in such shares. The term "stockholders," when used in this

chapter, shall apply not only to such persons as appear by the books of the corporation to be stockholders, but also to every owner of stock, legal or equitable, although the same may be on such books in the name of another person; but shall not apply to a person who may hold the stock as collateral security for the payment of a debt. 1903, c. 275, s. 13; 1897, c. 298.

236. EXEMPTIONS IN SPECIAL CHARTERS REPEALED. Any exemption from the individual liability imposed upon stockholders by the preceding section contained in the charter of any bank incorporated prior to the first day of January, one thousand nine hundred and five, is repealed. 1897, c. 298, s. 2.

237. EXECUTORS, TRUSTEES, ETC., NOT PERSONALLY LIABLE. Persons holding stock as executors, administrators, guardians, or trustees shall not be personally subject to any liabilities as stockholders, but the estates and funds in their hands shall be liable in like manner and to the same extent as the testator, intestate, ward, or person interested in such trust funds would be if living and competent to act and hold the stock in his own name. U. S. Rev. Stat., s. 5152.

238. TRANSFERRER NOT LIABLE, WHEN. No person who has in good faith and without any intent to evade his liability as a stockholder transferred his stock on the books of the corporation to any person of full age, previous to any default in the payment of any debt or liability of the corporation, shall be subject to any personal liability on account of the nonpayment of such debt or liability of the corporation, but the transferee of any stock so transferred previous to any default shall be liable for any such debt or liability of the corporation to the extent of such stock, in the same manner as if he had been the owner at the time the corporation contracted such debt or liability. 1903, c. 275, s. 14.

239. STOCK SOLD IF SUBSCRIPTION UNPAID. Whenever any stockholder or his assignee fails to pay any installment on the stock, when the same is required by law to be paid, the directors of the bank may sell the stock of such delinquent stockholder at public sale, as they shall deem best, having first given the delinquent stockholder twenty days' notice, personally or by mail, at his latest known address. If no party can be found who will pay for such stock the amount due thereon to the bank, with any additional indebtedness of such stockholder to the bank, the amount previously paid shall be forfeited to the bank and such stock shall be sold as the directors may order within six months of the time of such forfeiture, and if not sold, it shall be canceled and deducted from the capital of the bank. 1903, c. 275, s. 11.

IV. CORPORATION COMMISSION.

240. MAY MAKE RULES. The corporation commission shall have power to make such rules for the government of the banks and banking institutions of this state, not inconsistent with law, as may in its judgment seem wise and expedient. 1903, c. 275, s. 20.

241. ALL BANKING INSTITUTIONS UNDER SUPERVISION OF. Every bank, corporation, partnership, firm or individual, now or hereafter transacting a banking business, or banking and trust, fiduciary and surety business, or banking and real estate business, under the laws of and within this state, shall be subject to the provisions of this chapter and regulated by and be under the supervision of the corporation commission. 1903, c. 275, s. 19; 1907, c. 829, s. 9.

242. QUARTERLY REPORTS OF BANKS, ETC., TO; PUBLICATION IN COUNTY. Every bank and every corporation, partnership, firm or individual transacting a bank-

ing business, or banking and trust, fiduciary and surety business, or banking and real estate business, shall make to the corporation commission not less than four reports during each year, according to the form which may be prescribed by said commission; which reports shall be verified in the case of incorporated banking companies by the oath or affirmation of the president, vice president or cashier, and, in addition, two of the board of directors, and in other cases by the oath or affirmation of the partners, members of the firm or individual owner. The bank, corporation or individual making such report shall publish same in some newspaper in the county in which such bank, corporation or individual is located. 1903, c. 275, s. 21; 1907, c. 829, s. 10.

242a. QUARTERLY REPORTS OF TRUST AND SURETY COMPANIES. Every person, firm or corporation or copartnership doing a banking and trust and fiduciary and surety or guarantee business shall make to the corporation commission not less than four reports during each year, showing the entire amount of trust and surety and fiduciary and guarantee business as a part of the liabilities of said banking institution, which reports shall be published as are the reports of other banking institutions. If any person, firm, copartnership or corporation shall show by said reports, or by the examination of the bank examiner, that such liabilities are equal to the amount of the capital stock, the said corporation commission shall have the authority and it is hereby empowered to make such rules and regulations and reductions of said liabilities as it may deem necessary for the protection of the creditors and depositors of such banking institution. 1907, c. 829, s. 11.

242b. That any and all power and privileges heretofore granted and given to any person, firm or corporation doing a banking business in connection with a fiduciary and surety business, or the right to deal to any extent in real estate, inconsistent with this act are hereby repealed. 1907, c. 829, s. 12.

243. SPECIAL REPORTS. The corporation commission shall have power to call for special reports from any bank, corporation, firm or individual transacting a banking business, whenever necessary, in order to obtain a full and complete knowledge of such bank. 1903, c. 275, s. 22.

244. ANNUAL REPORT OF STOCKHOLDERS. Every bank shall at all times keep a correct record of the names of all its stockholders, and once in each year, or whenever called upon, file in the office of the corporation commission a correct list of all of its stockholders, with the number of shares held by each. 1903, c. 275, s. 16.

245. PENALTY FOR FAILURE TO REPORT, ETC. Every bank, corporation, partnership, firm or individual that shall refuse, fail or neglect to make any report, or any published statement required by the provisions of this chapter shall be subject to a penalty of two hundred dollars. The penalty herein provided for shall be recovered by the state in a civil action in any court of competent jurisdiction, and it shall be the duty of the attorney-general to prosecute all such actions. 1903, c. 275, s. 26.

V. BANK EXAMINERS.

246. APPOINTED BY CORPORATION COMMISSION. The corporation commission shall appoint a suitable person or persons to make an examination of and into the affairs of every bank, corporation or individual doing a banking business, as often as shall be deemed necessary and proper, and at least once every year. And it shall also be the duty of the said bank examiner to verify the report made

by the directors or members or individual conducting any banking institution as required by section two hundred and twenty-six. The corporation commission may at any time remove any person appointed by it. 1903, c. 275, s. 23; 1905, c. 539.

247. **POWERS.** Such examiners shall have power to make a thorough examination into all the books, papers and affairs of the bank or corporation, firm or individual transacting a banking business, and, in so doing, to administer oaths and affirmations and to examine on oath or affirmation any individual banker and the officers, agents, partners and clerks of such bank, corporation, firm or individual touching the matters he or they shall be authorized and directed to inquire into and examine, and to summon and by attachment compel the attendance of any person or persons in this State to testify under oath before him or them in relation to the affairs of such corporation, partnership, firm or individual. 1903, c. 275, s. 24.

248. **REPORTS BY, TO CORPORATION COMMISSION.** Bank examiners shall make a full and detailed report in writing to the corporation commission of the condition of each corporation, partnership, firm or individual doing a banking business, within ten days after each and every examination made by them. 1903, c. 275, s. 24.

249. **ANNUAL EXAMINATIONS; EXPENSES PAID BY BANK.** One examination each year shall be designated as the annual examination, and for such examination the bank, corporation or individual so examined shall pay into the office of the corporation commission, to be paid to the examiners, an examination fee, as follows: Banks, banking institutions or individuals doing a banking business, having a capital of twenty-five thousand dollars or less, shall pay a fee of fifteen dollars; those having a capital stock of more than twenty-five thousand dollars and not over fifty thousand dollars, twenty-five dollars; those having a capital stock of over fifty thousand dollars, thirty dollars. The expenses incurred and services, other than examinations, performed specially for any bank shall be paid by such bank or banking institution. No bank shall be compelled to pay for more than one examination in each year, unless it shall appear that the condition of such bank, banking institution or banker is precarious, or in any way unsatisfactory; then it shall be the duty of the commission to order a special examination, which shall be paid for by such bank at the same rates as the annual examinations. 1903, c. 275, s. 25. (Amended.) The salary of the state bank examiner shall be two thousand four hundred dollars per annum, payable monthly, and the assistant bank examiner shall be one thousand eight hundred dollars, payable monthly. 1907, c. 994.

250. **TAKE POSSESSION OF BANK, WHEN; RECEIVER APPOINTED, HOW.** Any bank examiner who has filed such bond as may be required by the commission, when ordered by the commission, shall have authority to take possession of any bank doing business under the laws of this state and retain possession thereof for a time sufficient to make a thorough examination into its affairs and financial condition; and in case it is found by the examiner, upon such examination, that such bank is insolvent or is conducting its business in an unsafe and unauthorized manner, or is jeopardizing the interests of its depositors, then such examiner, when authorized by the corporation commission, shall have full power and authority to take, hold and retain possession of all the money, rights, credits, assets and property of every description belonging to such bank, corporation,

partnership, firm or individual, until the corporation commission can receive and act on the report made by the examiner of such bank, and have a receiver appointed for the purpose of winding up and settling the affairs of such bank, banking institution or banker, according to law; and the corporation commission is hereby empowered, in its own name, to institute and maintain civil actions for the appointment of receivers in such cases, and for such other relief as may be necessary or proper to protect the creditors of such bank. The commissioners in their judgment may grant such bank, corporation or individual sixty days in which to correct any errors or irregularities, and make good any deficiencies or losses shown in any reports or otherwise. 1903, c. 275, s. 30.

250a. RECEIVER UNDER CONTROL OF COMMISSION. When a receiver has been appointed for a failing bank or banking institution or corporation doing a banking business, the said receiver shall be under the control of the corporation commission and shall obey its orders in so far as they do not conflict with the orders or decrees of the court made in the case. 1907, c. 829, s. 13.

251. MAY MAKE ARRESTS, WHEN. When it shall appear to any bank examiner, by examination or otherwise, that any officer, agent, employee, director, stockholder or owner of a bank or banking institution has been guilty of a violation of the criminal laws of the state relating to banks and banking institutions, it shall be his duty to hold and detain such person until a warrant can be procured for his arrest; and for such purpose such examiner shall have and possess all the powers of a peace officer of such county, and may arrest without warrant for past offenses. Upon report of his action to the corporation commission, it may direct the release of the person so held, or, if in its judgment such person should be prosecuted, the commission shall cause the solicitor of the judicial district in which such detention is had to be promptly notified, and the action against such person shall be continued a reasonable time to enable such solicitor to be present at the trial.

3324. EXAMINER MAKING FALSE REPORT. If any bank examiner shall knowingly and willingly make any false or fraudulent report of the condition of any bank which shall have been examined by him, with the intent to aid or abet the officers, owners or agents of such bank in continuing to operate an insolvent bank; or if any such examiner shall receive or accept any bribe or gratuity, given for the purpose of inducing him not to file any report of an examination of any bank made by him, or shall neglect to make an examination of any bank by reason of having received or accepted any bribe or gratuity, he shall be guilty of a felony, and on conviction thereof shall be imprisoned in the state's prison for not less than four months nor more than ten years. 1903, c. 275, s. 24.

3325. OFFICERS AND AGENTS, MALFEASANCE OF. If any president, director, cashier, teller, clerk or agent of any bank or other corporation shall embezzle, abstract or willfully misapply any of the moneys, funds or credits of the bank, or shall, without authority from the directors, issue or put forth any certificate of deposit, draw any order or bill of exchange, make any acceptance, assign any note, bond, draft, bill of exchange, mortgage, judgment or decree, or make any false entry in any book, report or statement of the bank with the intent in either case to injure or defraud or to deceive any officer of the bank, or if any person shall aid and abet in the doing of any of these things, he shall be guilty of a

felony, and upon conviction shall be imprisoned in the state's prison for not less than four months nor more than fifteen years, and likewise fined, at the discretion of the court. 1903, c. 275, s. 15.

3326. STATEMENTS, MAKING FALSE. If any person shall willfully and knowingly subscribe to, or make, or cause to be made, any false statement or false entry in the books of any bank, corporation, partnership, firm or individual transacting a banking business, or shall knowingly subscribe to or exhibit false papers, with the intent to deceive any person authorized to examine into the affairs of said bank, corporation, partnership, firm or individual, or shall willfully and knowingly make, state or publish any false statement of the amount of the assets or liabilities of any such corporation, partnership, firm or individual, he shall be guilty of a felony, and upon conviction thereof shall be imprisoned in the state's prison not less than four months nor more than ten years. 1903, c. 275, s. 27.

AN ACT TO AUTHORIZE DEPOSITS STANDING IN THE NAME OF A MINOR IN ANY STATE OR NATIONAL BANK TO BE PAID DIRECTLY TO SUCH MINOR.

SECTION 1. That whenever any deposit shall be made by or in the name of any person who is a minor of the age of fifteen years and upwards, in any state bank in this state or in any national bank in this state, the same shall be held for the exclusive right and benefit of such minor, free from the control of all persons whatsoever, and it shall be paid, together with the interest thereon, if there be any interest, to the person in whose name the deposit shall be made, and the receipt, check orittance of such minor to the said state bank or national bank shall be a valid and sufficient relief and discharge for such deposit or any part thereof to the corporation, state bank or national bank in which said deposit was made: Provided, that this act shall not apply to deposits prior to the passage of this act. 1907, c. 750.

AN ACT TO VALIDATE CERTAIN PROBATES OF DEEDS.

SECTION 1. That in all cases when acknowledgment of proof of any conveyance has been taken before a clerk of the superior court, justice of the peace, or notary public, who was at the time a stockholder or officer in any corporation, bank or other institution which was a party to such instrument, the certificates of such clerk of the superior court, justice of the peace or notary public shall be held valid and are so declared.

SEC. 2. That section one thousand and fifteen of the Revisal be amended by striking out the word "five" in line four and inserting the word "seven."

SEC. 3. That no notary public shall have power or authority to take the proof and acknowledgment of deeds or other papers required by law to be registered in the office of the register of deeds of a county, or to take the private examination of a *feme covert* to any such paper in which he is interested as attorney, counsel or otherwise, nor to administer an oath to any person to any affidavit or other paper in matters in which he is interested as attorney, counsel or otherwise.

SEC. 4. That this act shall not affect pending actions. 1907, c. 1003.

AN ACT TO AMEND SECTION 2234 OF THE REVISAL.

SECTION 1. Every negotiable instrument is payable at the time fixed therein without grace (except as allowed by the succeeding section). When the day of maturity falls upon Sunday or a holiday the instrument is payable on the next succeeding business day.

SEC. 2. This act shall be in force from and after July first, one thousand nine hundred and seven. 1907, c. 897.

AN ACT FIXING THE LIABILITY OF A BANK TO ITS DEPOSITORS FOR PAYMENT OF FORGED OR RAISED CHECKS.

The General Assembly of North Carolina do enact:

SECTION 1. That no bank, banking institution or trust company doing business in this state shall be liable to a depositor for the payment by it of a forged or raised check or order to pay money, unless within six months after the return to the depositor of the voucher of such payment said depositor shall notify the bank that the check so paid is forged or raised.

SEC. 2. That all laws and clauses of laws in conflict with the provisions of this act are hereby repealed. 1909, c. 105.

RULES OF PRACTICE
IN
CASES AND PROCEEDINGS
BEFORE THE COURT OF THE NORTH CAROLINA
CORPORATION COMMISSION.

PUBLIC SESSIONS.

1. The general sessions of the court for the hearing of contested cases will be held at its office in the agricultural building, Raleigh, N. C., on the first Wednesday of each month at 11 o'clock A. M. When special sessions are held at other places such regulations as may be necessary will be made by the court.

PARTIES.

2. Where a complaint concerns anything done or omitted to be done by only a single carrier no other need be made a party, but if it relates to joint tariffs, or matters in which two or more carriers doing business under a common control, management or arrangement for a continuous carriage or shipment are interested, all the carriers constituting such line must be made parties. A complaint may embrace several carriers, or lines of carriers, operated separately, in the same proceeding, when the subject-matter of the complaint involves substantially the same alleged violation of the law by the several carriers or lines. Persons or carriers not parties may apply, in any pending case or proceeding, for leave to intervene and to be heard upon the questions involved.

GENERAL RULES.

PROCEEDINGS BEFORE THE COURT.

3. All petitions and complaints made before the court for redress of alleged grievances must plainly and distinctly set forth the grounds of complaint, the items being numbered and objections all set forth in writing. In like manner all defenses must be distinctly set forth in writing, and the items numbered as above stated. These specifications, whether of complaint or defense, may be accompanied, if the parties desire, by an explanation or argument, or by any suggestion as to the proper remedy or policy, and may be verified by the affidavit of the party complaining or petitioning, taken before any person authorized to administer oaths in North Carolina, and when the complaint or petition is verified, then the answer thereto shall be verified, and the verification shall conform to the rules prescribed in The Code of North Carolina for the verification of pleadings. The parties may also be heard in person or by attorney, or by written argument, upon such written statement being first filed.

4. If a carrier complained against shall deem the complaint insufficient to show a breach of legal duty, it may, instead of filing an answer, serve on the complainant notice for a hearing of the case on the complaint; and in case of the service of such notice, the facts stated in the complaint will be taken as admitted. A copy of the notice must at the same time be filed with the court. The filing of an answer will not be deemed an admission of the sufficiency of the complaint, but a motion to dismiss for insufficiency may be made at the hearing.

SERVICE OF PAPERS.

5. Copies of notices or other papers must be served upon the opposite parties to the proceeding, personally or by mail, and when any party shall have appeared by attorney, the service upon the attorney shall be deemed proper service upon the party. If party so notified shall fail to answer within ten days after such notice, then the court in its discretion may grant the relief demanded.

AMENDMENTS.

6. Upon application by any petitioner or party, amendments may be allowed by the court, in its discretion, to any petition, answer, or other pleading in any proceeding before the commission.

ADJOURNMENT AND EXTENSION OF TIME.

7. Adjournment and extension of time may be granted upon the application of parties in the discretion of the court.

STIPULATIONS.

8. Parties to cases and proceedings before the court may, by stipulation, duly signed by them and filed with the secretary, agree upon the facts, or any portion of the facts, they deem to be involved in the controversy, which agreed statement shall be regarded and used as evidence. It is desirable that the facts be thus agreed upon whenever practicable.

HEARINGS.

9. Upon issue being joined by the service of answer, the court will assign a time and place for hearing the same, which will be at its office in Raleigh, N. C., at its regular session, unless otherwise ordered. Witnesses will be examined orally before the court, unless testimony be taken or facts agreed upon as otherwise provided in these rules. The petitioner or complainant must in all cases prove the existence of the facts alleged to constitute a violation of the act, unless the carrier complained of shall admit the same, or shall fail to answer the complaint. Facts alleged in the answer must also be proved by the carrier, unless admitted by the petitioner. In cases of failure to answer, the court will take such proof of the charge as may be deemed reasonable and proper, and make such order thereon as the circumstances of the case appear to require.

WITNESSES AND DEPOSITIONS.

10. Subpœnas requiring the attendance of witnesses will be issued by any member of the court in all cases and proceedings before it, and witnesses will be required to obey the subpœnas served upon them requiring their attendance or the production of any books, papers, tariffs, contracts, agreements or documents relating to any matter under investigation or pending before the court. When a subpœna is desired for the production of books, papers or other documentary evidence, special application must be made to the court therefor, specifying the documentary evidence desired. When a cause is at issue on petition and answer, each party may proceed at once to take depositions of witnesses in the manner provided by section 1357 of The Code of North Carolina, and transmit them to the secretary of the commission without making any application to or obtaining any authority from the court for that purpose.

PROPOSED FINDINGS OF FACT.

11. Upon the final submission of a case to the court either party may submit proposed findings of fact for the consideration of the court, which findings must embrace only the material facts of the case supposed to be established by the testimony.

REPORTS.

12. Each railroad company doing business within the state of North Carolina shall file in the office of the court quarterly reports showing in detail statement of freight and passenger earnings, operating expenses, etc., on such forms as may be prescribed from time to time by the court.

RULES GOVERNING TRANSPORTATION OF PASSENGERS.

1. That all common carriers subject to the supervision of the corporation commission shall provide such means or appliances as may be necessary to secure the careful handling of and to prevent injury to any parcel of baggage to which a check may be affixed, as provided by law. That at all minor stations, where no proper appliances are supplied and no regular depot hand is employed, the train hands shall be required to assist the baggage-master, and lift with care all baggage from the car doors.

2. All railroad companies, in addition to the usual bell cord, shall place a safety cord in each coach of the regular passenger trains, running through the entire length of the same.

3. It shall be the duty of the Pullman Car Company, at all stations, on the stopping of trains, to have the doors of their cars open for the reception of passengers and require the porter to have a step ready for the convenience of passengers desiring to enter.

4. It shall be the duty of every railway company operating a railroad in this state to place a bulletin board in a conspicuous place at each of its ticket offices, upon which shall be bulletined the time that each train, upon which passengers are hauled, is due to arrive and depart under its published schedule. It shall also be the duty of each railway company, at each telegraph station upon its line, thirty (30) minutes before the time that its said trains are due to arrive at such station, to bulletin the fact upon said board as to whether said train is on time or not, and if behind schedule time, to state, as nearly as can be approximated, the time it is behind; and, whenever there is any indefinite delay of any passenger train, it shall be the duty of the railroad company to cause to be bulletined at all of such stations the cause of such delay, and the probable continuation thereof, and the passengers aboard such train shall also be informed of the probable delay; it shall also be the duty of the railroad company to cause its bulletins of all delayed trains to be corrected from time to time as the entries thereon can be ascertained by them to be incorrect. (Circular No. 79.)

RULES GOVERNING THE TRANSPORTATION OF FREIGHT.

1. All connecting railroads, which are under the management and control, by lease, ownership or otherwise, of one and the same company, shall, for purposes of transportation, in applying this tariff, be considered as constituting but one and the same road, and the rates shall be computed as upon parts of one and the same road, unless otherwise specified.

DISTANCES.

2. Since a separate rate cannot be conveniently given for every possible distance, the law authorizes the commission "to ascertain what shall be the limits of longer and shorter distances." Five (5) miles has, accordingly, been fixed as the limit for a change of freight rates for all distances less than one hundred miles; and ten (10) miles for all distances over one hundred miles. The commissioners reserve the right, however, to correct the charge in extreme cases which work hardship, although the same may not violate the letter of our rules.

3. For all distances over five (5) miles and under one hundred (100) miles, the following rule will apply: When the mileage does not end in 0 or 5 the nearest mileage so ending shall govern the rate. Illustration: For a distance of twenty-seven miles charge for twenty-five miles, for a distance of twenty-eight miles charge for thirty miles.

4. When freight is transported any distance greater than one hundred miles, if the mileage does not end in 0, then next ten (10) miles group above shall govern the rate. Illustration: For one hundred and twenty-one miles charge for one hundred and thirty.

5. For distance under twenty miles or over two hundred and fifty miles, a reduction of rates may be made without making a change at all stations short of two hundred and fifty miles: Provided, however, that when any railroad shall make a reduction of rates for distances over two hundred and fifty miles, the same shall apply to similar distances on all the roads controlled by the same company, and in no case shall more be charged for a less than a greater distance.

REGULATIONS CONCERNING FREIGHT RATES.

6. The freight rates prescribed by the commission are maximum rates, which shall not be transcended by the railroads. They may carry, however, at less than the prescribed rates: Provided, that if they carry for less for one person, they shall for the like service carry for the same lessened rate for all persons except as mentioned hereafter; and if they adopt less freight rates from one station, they shall make a reduction of the same per cent at all stations along the line of the road, so as to make no unjust discrimination as against any person or locality. But when there are between any two points in this state two or more competing roads not under the same management or in the same system, then the longer line or lines, in order to give said points the benefit of competition, may reduce the rates between said two points below the standard tariff, without making a corresponding reduction at all stations along the lines of said roads: Provided, said reduction shall not make the rates less than the standard tariff rates for the shortest line between said points: Provided further, that before taking effect the proposed change of rates shall be submitted to and approved by the commission. When any special rate is made it shall be submitted to the commission for approval, and such special rates shall not be withdrawn without thirty days' notice to the commission.

7. The rates charged for freight service by regular passenger trains may be one and a half times that for first-class freight by ordinary freight trains.

8. No railroad company shall, by reason of any contract with any express or other company, decline or refuse to act as a common carrier, to transport any article proper for transportation by the train for which it is offered.

9. Minimum charge for single shipments. See Circular No. 30.

10. No railroad company doing business within this state shall permit a blockade of any class of freight on account of any arrangement existing between it and other railroad companies as to the transportation of freight according to percentage or otherwise.

11. There shall be no secret reduction of rates, nor shall any bonus be given, or any rebate paid to any person, but the rates shall be uniform to all, and public.

12. The rates specified for ores, sand, clay, rough stone, common brick, bone, lumber, shingles, laths, staves, empty barrels, wood, straw, shucks, hay, fodder, corn in ear, tan bark, turpentine, rosin, tar, household goods, are maximum rates, but the roads are left free to reduce them at discretion, and all such rates are exempt from the operation of Rule 6. All complaints as to such rates will, on presentation, be duly considered.

13. When railroad companies are required to load or unload car-load shipments of classes L, M, N, O and P, or to load car-load shipments of naval stores, the actual cost of such service shall be paid by shippers.

14. EXTRA HANDLING.—The charge for handling extra heavy articles may be as follows, viz.:

Under 2,000 pounds, no charge for extra handling.

For 2,000 lbs. and under 3,000 lbs.....\$ 3 for extra handling.

For 3,000 lbs. and under 4,000 lbs..... 5 for extra handling.

For 4,000 lbs. and under 5,000 lbs..... 7 for extra handling.

For 5,000 lbs. and under 6,000 lbs..... 8 for extra handling.

For 6,000 lbs. and under 7,000 lbs..... 10 for extra handling.

For 7,000 and over in proportion.

15. FERTILIZERS.—This term embraces the following and like articles, when intended to be used as fertilizers: Ammonia sulphate, bone black, bones ground or dissolved, castor pomace, or fish scrap, guanos, alto vella, fish, Navassa, Navassa lump, Peruvian soluble Pacific, nitrate cake, plaster of paris, potash—German salts of, muriate of, sulphate of—salt cake, lump and ground phosphate, soda—nitrate of and sulphate of—tank stuff, etc.

For 5,000 lbs. and under 6,000 lbs..... \$8 for extra handling.

16. Vehicles designed for transportation at carrier's risk must be properly protected by the shipper with sufficient covering or packing from all liabilities to injury from fire, weather, chafing, or other injury.

17. In no case shall the amount collected on L. C. L. shipments exceed the charge per car load for the same class of goods.

18. Railroad companies are not required to receive cotton or other merchandise and warehouse the same unless the articles offered are in good shipping condition, well prepared by the shipper with proper packing and intelligent, plain marking, and accompanied with orders for immediate shipping.

19. CAR-LOAD RATES apply to a shipment of a car-load or more made by one shipper, at one time, to one and the same point of delivery, to the same consignee.

ESTIMATED WEIGHTS.

20. Lumber, coal, lime, brick, stone and all articles for which estimated weights are given in classification (except live stock, ale and beer, and empty ale and beer packages, L. C. L.) will be taken at actual weight when the weight can be

ascertained, but when the weight cannot be ascertained, will be charged at the following estimated weights. This is not to interfere, however, with the duty of receiving agent to weigh, if possible, and correct to actual weight:

TO BE USED WHEN ACTUAL WEIGHTS CAN NOT BE ASCERTAINED.

	<i>Per 1,000 Feet.</i>		<i>Per Car.</i>
White pine and poplar, thoroughly seasoned.....	3,000 lbs.	Shingles, green, per 1,000.....	350 lbs.

Hoop-poles, staves and heading, green, car loaded to depth of 43 inches.....	24,000 lbs.		

21. In cases in which the classification of any article is lowered by a percentage, railroad companies which are allowed an increase on the standard tariff shall apply the increase allowed to the reduced classification; but in cases in which the classification of any article is raised by percentage, railroad companies which are allowed an increase on the standard tariff shall not apply said increase to the already increased classification, but only to the standard tariff.

22. When any article is too bulky to put in a box car, it shall be subject to special contract.

23. A ton of all articles is 2,000 pounds. A car-load is 20,000 pounds unless otherwise specified. For loads above 20,000 pounds, *pro rata* at car-load rates charged. A car-load of green wood is eight cords. A car-load of dry wood is nine cords. A car-load of lumber (and all articles embraced in lumber) is 24,000 pounds. A car-load of any article enumerated in Class P, except wood and lumber and articles included in lumber, is 25,000 pounds, shippers to load and unload.

24. All depots situated in incorporated towns and cities in this state must be kept open each day (Sundays excepted) for the receiving and delivery of freight, as follows: From April 1 to September 30, between the hours of 7 A. M. and 6 P. M. From October 1 to March 31, 7:30 A. M. and 5 o'clock P. M., with an intermission in each case of one hour, from 12 o'clock M. to 1 o'clock P. M.

25. Railroad companies whose lines do not exceed ten miles in length may charge from any point on their road the rates prescribed for ten miles. Abrogated. See Laws 1907, c. 217.

27. When railroad rates are affected by water competition the railroads may reduce their rates between points so affected without being required to reduce intermediate rates: Provided, however, that if complaint is made that such competition rates unjustly discriminate against other places or persons the commissioners will investigate and rule in each case.

28. No common carrier shall, for any cause, subject any article of freight to unreasonable delay in receiving, delivering or forwarding the same to its destination.

29. When a shipment is offered at a point where there are two routes over connecting lines to destination it shall be the duty of the railroad company making shipment to forward same by the shortest route, unless the rate charged over the longer route does not exceed that of the shorter, or unless otherwise ordered by the shipper.

30. A charge of no more than two dollars per car will be allowed for switching or transferring a car from any point on any road to any connecting road or warehouse within a space of one mile from starting point; over one and not more than two miles, three dollars; over two miles and not over three miles, four dollars, without regard to weight or contents.

31. When in the transfer of a car between said points it is necessary to pass over the line of any intermediate road or roads, the maximum charge of two, three or four dollars, as the case may be, shall be equitably divided between the roads at interest.

32. When a charge is made for the transfer of loaded cars between said points no additional charge shall be made for the delivery or return of the empty cars.

33. All specials less than our standard rates heretofore granted by carriers within the jurisdiction of the commission, and which do not conflict with the law preventing unjust discrimination, until further orders, will be enforced.

POSTING TARIFFS.

34. Each railroad company doing business within the state of North Carolina shall post, and keep posted, at each of its respective stations in a conspicuous place a copy of the schedules of freight and passenger rates prescribed for said road by the commission, together with a copy of the commissioners' classification, and a table of distances between stations, giving name of each station. And when any change in said schedule of rates or classification is made, either by the commission or by any railroad company, a copy of said change shall be immediately furnished the office of the commissioners and shall also be posted in the same manner as the above.

35. The rates prescribed by the commission shall (except in cases specified) apply in either direction.

36. An allowance of 500 pounds per car will be made for weight of standards, strips and supports of car-load shipments of lumber loaded on flat or gondola cars, but in no case must less than the minimum car-load weight specified in tariffs be charged for on each car. In computing freight charges under this rule, agents will deduct 500 pounds from the gross weight of each car-load, then subtract the tare weight (the weight of car), and extend freight charges on basis of remainder, which is the net weight, subject to the minimum car-load weight specified in tariffs. (Circular No. 58.)

37. Shipments of freight, except articles classified first-class or higher, which are not delivered at destination, shall be returned between points in this state at one-half the rates applying to the reverse direction: Provided, that the full amount of freight charges in both directions shall have been paid or guaranteed by owners: Provided further, that such return is made within ninety days of arrival at destination. Billing for the return shipment must show proper reference to the original billing. The foregoing shall not apply on machinery, agricultural implements, or other articles returned for repairs: Provided, however, that the above rule shall not operate to reduce the minimum charge on single shipments. (Circular No. 59.)

EXPLANATORY NOTES.

In the "Commissioners' Standard Freight Tariff," under the class opposite to the distance, if it ends in 0 (and if not, then opposite the next greater distance), will be found the rate required.

Example: To find the rate for 247 miles on a box of clothing weighing 100 pounds, opposite the word "clothing" in the classification is seen its class, 1; in the freight tariff, under Class 1, opposite the next greater distance, 250 miles, is seen the rate, 65 cents; in the column "miles," 5 signifies five miles or under; 20, twenty miles or over fifteen, and so on.

EXPLANATION OF CHARACTERS.

1 stands for first-class.
2 stands for second-class.
3 stands for third-class.
4 stands for fourth-class.
5 stands for fifth-class.
6 stands for sixth-class.
 $1\frac{1}{2}$ stands for $1\frac{1}{2}$ times first-class.
D1 stands for double first-class.
3T1 stands for three times first-class.

4T1 stands for four times first-class.
A, B, C, D, E, F, H, and K stand for classes A, B, C, D, E, F, H, and K, respectively.
S stands for special.
L. C. L. stands for less than car-load.
C. L. stands for car-load.
N. O. S. stands for not otherwise specified.

Articles not enumerated will be classed with similar or analogous articles.

RULES FOR COMPUTING FRACTIONS.

When any rate in any class in the Standard Tariff is raised or lowered by a per cent, the following rules must be observed:

FIRST.—If the rate thus raised or lowered is in either of classes C, D, F, J, or K, the fraction of a half cent must be retained, as the following examples will indicate:

Ex. 1.—Standard rate	6.5
25 per cent added.....	1.6

Total	8.1
-------------	-----

From which deduct fraction, leaving desired rate of 8 cents.

Ex. 2.—Standard rate	9.5
20 per cent added.....	1.9

Total	11.4
-------------	------

Substituting 5 for the fraction, the desired rate is 11.5 cents.

Ex. 3.—Standard rate	8.
20 per cent added.....	1.6

Total	9.6
-------------	-----

Substituting 5 for the fraction, the desired rate is 9.5 cents.

Ex. 4.—Standard rate	5.5
25 per cent added.....	1.3

Total	6.8
-------------	-----

Adding a unit instead of a fraction, the desired rate is 7 cents.

SECOND.—If the rate thus raised or lowered be in any other class than those already mentioned, omit fraction of less than half a cent and estimate half a cent or more as one cent, thus:

Ex. 1.—Standard rate	17.
20 per cent added	3.4
Total	20.4
Deducting the fraction, the desired rate is 20 cents.	
Ex. 2.—Standard rate	18.
20 per cent added	3.6
Total	21.6
Estimating the fraction as a unit, the desired rate is 22 cents.	

THIRD.—In making reduction, observe the same manner of placing figures before deducting the percentage.

Narrow-gauge railroads, in fixing rates on all freights where a rate per car-load is given, will count 15,000 pounds for a car-load, and estimate their charge *pro rata* with rate allowed on standard gauge.

RULES GOVERNING ERECTION AND LOCATION OF DEPOTS.

FIRST.—From and after Wednesday, the 26th day of April, 1899, no change of freight or passenger depots or flag stations from their present location, nor the suspension of the sale of tickets, or the receiving or forwarding of freights from stations now in use for such purposes, will be permitted without the consent of this commission published in accordance with law.

SECOND.—Application for the location of depots and the construction of depot buildings must be filed in the North Carolina corporation commission office, with all information needed for a full and proper understanding of all interests to be affected thereby.

RULES AND REGULATIONS GOVERNING THE TRANSPORTATION OF LIVE STOCK.

The weights given below are *estimated* and not actual, and are used simply to get the rating on live stock. To illustrate: One horse, mule or horned animal is estimated at the same rate as 2,000 pounds of any kind of second-class freight at carrier's risk and fourth-class at owner's risk. Therefore, the freight charges for fifty miles on one horse, mule or horned animal is the same as on 2,000 pounds of second-class freight, and would be, according to the standard tariff, carrier's risk, 28 cents per 100 pounds, or \$5, and at owner's risk, 20 cents per 100 pounds, or \$4.

	Each.		Each.
One horse, mule or horned animal..	2,000 lbs.	Calves and sheep, in lots of— or more	150 lbs.
Two horses, mules or horned animals	3,500 lbs.	Lambs.....	100 lbs.
Each additional horse, mule or		Lambs, in lots of five or more.....	75 lbs.
horned animal.....	1,000 lbs.	Hogs for market.....	350 lbs.
Stallions, jacks and bulls.....	3,000 lbs.	Pigs and stock hogs.....	125 lbs.
Yearling cattle.....	1,000 lbs.	Pigs, hogs, sheep, etc., boxed	{ actual weight.
Calves and sheep.....	175 lbs.		

The rates on live stock as given in this tariff are based on the following maximum valuations:

Horses and mules not over.....	\$120.00 each.
Horned cattle not over.....	50.00 each.
Stallions, jacks and bulls not over.....	150.00 each.
Fat hogs and fat calves not over.....	15.00 each.
Lambs, stock hogs, stock calves, not over.....	5.00 each.

Race horses, stallions, jacks, bulls and other high-priced animals, when shippers are not willing to have the same transported at above valuations, will be taken only at the following rates on valuation given:

- Value from \$150 to \$400 add to regular rate 30 per cent.
- Value from \$400 to \$600 add to regular rate 40 per cent.
- Value from \$600 to \$800 add to regular rate 60 per cent.
- Value from \$800 to \$1,000 add to regular rate 100 per cent.
- Over \$1,000 subject to special rate by contract.

Live stock will be taken at the released or owner's risk rate only when contract is executed by shipper and station agent.

Mixed shipment of cattle, hogs, lambs, etc., will be taken in car-loads at car-load rates for cattle, but carrier will be released from damage to animals caused by their own acts, or to each other, and from escape, if not haltered, suffocation, exhaustion from heat or cold.

Sucking calves accompanying cows will be charged for at rate for single calves.

Sucking colts accompanying mares will be charged for at double the rate of single calves.

The word "calves" used in these rules and regulations applies only to calves under nine months old, and the word "yearling cattle" to cattle over nine months and under eighteen months old.

Pigs, hogs, calves, etc., boxed, crated, or in portable pens, taken at actual weight, carrier's risk, first-class; owner's risk, second-class.

In no case shall the charge for less than a car-load of live stock exceed the charge for a car-load.

Shippers will be expected to feed, water and care for their stock at their own expense. When food is furnished by carrier, a charge will be made for the same and collected from consignee.

One, two or three cars of live stock will entitle the owner or his agent to be carried free to point of destination of consignment, on the train with the stock, to care for the same. Four to seven cars inclusive, belonging to one owner, two men in charge, and eight cars or more belonging to one owner, three men in charge, which number is the maximum number of attendants that will be carried free for one shipment.

Return transportation not given to owners, agents or attendants.

CIRCULAR No. 36.

(AS AMENDED TO JANUARY, 1910.)

STORAGE AND DEMURRAGE RULES—TIME LIMIT FOR PLACING OF CARS AND DELIVERY OF FREIGHT—LOCAL TRANSFER AND SWITCHING CHARGES.

Storage and demurrage may be assessed by railroad companies on all freight received for delivery in car-load lots or in less than car-load lots if not removed in conformity with the following rules and regulations.

RULE I.

No storage or demurrage charges, however, shall in any case be allowed unless notice of the arrival of goods has been given to the owner or consignee thereof by the railroad company, and it shall be the duty of such railroad company to give prompt notice to consignee of the arrival of goods, together with the contents, weight and amount of freight charges due thereon as shown by way-bill, and when goods or freight of any kind in car-load consignments, said notice must contain letters or initials and number of the car. Notice shall be given by delivering same in writing in person, or by leaving same at consignee's place of business or by depositing it in the post-office.

RULE II.

For storage of package freights and all freight less than car-load, unloaded in depot or warehouse, which is not removed by the owner thereof from the custody of the railroad company within forty-eight hours (not including Sundays and legal holidays), a charge of storage for each day or fraction of a day that such consignment may remain in the custody of the carrier of one cent per hundred pounds per day, with minimum charge of five cents for any one package or lot for any one consignee, may be made; but not more than one dollar per day for any one consignment not in excess of a car-load.

RULE III.

(AS AMENDED.)

All car-load freight taking track delivery and such as is to be unloaded by consignee, which is not unloaded from cars containing same within forty-eight hours (not including Sundays and legal holidays) after the car or cars are placed accessible for unloading, may be subject to a charge of one dollar per car for each day or fraction of a day that said car or cars remain loaded: Provided, however, that seventy-two hours shall be allowed for the unloading of fertilizers, brick and the following commodities, when in bulk only: Cotton seed, cotton-seed hulls, grain, lime, tan bark and dressed lumber in box cars. Fertilizer material, twenty-four hours. See Circular 112. Provided further, whenever by reason of delays in transit cars are bunched and more cars than one are received at same time, no demurrage shall be made for excess over one car: Provided, at least one car shall be unloaded daily.

RULE IV.

When consignors ship goods consigned to themselves or order, it shall be the duty of the railroad company to give legal notice to such consignees or persons to whom shipping directions order delivery. This notice may be addressed by mail to the consignee at point of delivery, and demurrage will begin as in other cases of notice by mail; and the mailing of such notice shall be sufficient notice in such cases, whether the consignee actually received the same or not.

RULE V.

The time allowed for removing freight before storage or demurrage charges apply will be computed from 7 o'clock A. M. of the day following date of notice (Sundays and legal holidays excepted).

RULE VI.

A consignee living more than five (5) miles from the depot, and whose freight is destined to his residence or place of business so located, shall not be subject to storage or demurrage charges allowed in the above rules until a sufficient time has elapsed after notice for said consignee to remove said goods by the exercise of due diligence: Provided, that in the delivery of car-load freight railroads will not be required in any case to hold freight free of demurrage for a longer period than five (5) days after notice, except as otherwise provided in Rule II.

RULE VII.

Where, upon the request of an intending shipper, the railroad company places a car or cars at a reasonably accessible point on its team tracks or on a private track designated by the shipper, free loading time shall expire forty-eight hours (not including Sundays or legal holidays) from the time such car or cars are so placed, and thereafter a demurrage charge of not more than one dollar per car per day or fraction of a day may be assessed and collected on all such cars as have not been tendered to the railroad company with shipping instructions.

RULE VIII.

When any railroad company fails to deliver freights at the depot or to place loaded cars at an accessible place for unloading within forty-eight hours (not including Sundays and legal holidays), computed from 7 o'clock A. M. the day after the arrival of same, the shipper or consignee shall be paid one dollar per day for each day or fraction of a day said delivery is so delayed: Provided, the railroad company may require the payment of freight before delivery.

RULE IX.

(REPEALED. See Laws 1907, c. 217, s. 3.)

RULE X.

(REPEALED.)

(See s. 2632, Revisal 1905.)

RULE XI.

Whenever the weather during the period of free time is so severe, inclement or rainy that it is impracticable to secure means of removal or loading of freight, or where from the nature of the goods removal or loading would cause injury or damage, such time shall be added to the free period, and no demurrage charges shall be allowed for such additional time. This rule applies to the state of the weather during business hours.

RULE XII.

The commission reserves the right to hear and grant application to suspend the operation of these rules upon complaint of abuse, or whenever justice shall demand this course.

RULE XIII.

LOCAL TRANSFER AND SWITCHING CHARGES.

Railroad companies shall furnish shippers cars for loading, and shall also accept from each other cars loaded at warehouses or side tracks of one road for delivery at side tracks or warehouses on the other road within the space of two miles beyond the starting point. The railroad company furnishing the car and performing the initial movement may charge two and one-half dollars per car.

RULE XIV.

When car is destined to a warehouse on a connecting line which requires switching, the company so receiving and delivering may charge \$1.50 additional.

After car is placed for loading, the shipper shall load same within twenty-four hours therefrom, and consignee shall, when car is placed for unloading, unload same within twenty-four hours; otherwise the usual demurrage charges may be made.

• ———

RULE XV.

Where a consignee shall give to the delivering carrier notice of his refusal to accept a shipment of freight properly tendered in pursuance of the bill of lading, the delivering carrier shall give to the consignor legal notice of such refusal, and if the consignor fails within three days thereafter to give direction for the disposition of such goods, he shall thenceforth become liable to such carrier for the usual storage charges, to the same extent, and at the same rate, as such charges are now, under like circumstances, by the rules of this commission, imposed upon consignees who neglect or refuse, after notice of arrival, to remove freight of like character.

And where a consignee of freight either in car-loads or less than car-loads shall fail or neglect to remove such freight within six days after the expiration of free time, then the carrier shall, through the agent at point of shipment, so notify the shipper, unless the consignee has signified his acceptance of the property. Said notice may either be served personally or given by mail.

No such notice to the consignor, however, shall be required of a carrier company where goods are shipped in less than car-load lots, unless such goods, or the packages containing the same, or way-bill, shall legibly bear the name and address of the consignor thereof.

A consignee who has once refused to accept a consignment of goods shall not thereafter be entitled to receive the same, except upon the payment of all charges for storage which would otherwise have accrued.

PASSENGER RATES.

Passenger rates are fixed by statute.

Standard passenger rate, $2\frac{1}{2}$ cents per mile.

Under 12 years of age, and over 5 years, one-half of above rates.

Children under 5 years of age, accompanied by any person paying fare, no charge whatever shall be made.

No charge less than 10 cents shall be required.

Independently owned and operated railroad companies whose mileage of road is one hundred miles or less may charge a rate not exceeding 3 cents per mile. Such roads whose mileage is 10 miles or less may charge present rate in effect (February, 1908).

A charge of 15 cents may be added to the fare of any passenger when the same is paid on train, if the ticket might have been purchased within a reasonable time before the departure of the train.

Each passenger shall be entitled to baggage not exceeding in weight 200 pounds.

STANDARD TELEGRAPHIC RATES.

Ten body words or under.....Twenty-five cents.

Over ten body words.....Two cents for each additional word.

JOINT TELEGRAPHIC RATES.

Whenever a message is sent over two or more telegraph lines owned, controlled and operated by separate and distinct corporations or individuals, the joint rate shall not exceed forty cents for such message of ten body words or less, exclusive of date, address and signature, between any two points within the limits of this state, nor more than three cents for each additional word.

CIRCULAR No. 95.

(AS AMENDED.)

JOINT FREIGHT RATES.

Under and by virtue of an amendment at the special session of the general assembly in January, 1908, to chapter 217, Public Laws of 1907, the following railroad companies have been exempted from the provision requiring a discount from the local rates of each road on joint hauls of freight:

Aberdeen and Ashboro Railroad Company.
Aberdeen and Rockfish Railroad Company.
Alma Railway.
Atlantic and Western Railroad Company.
Caldwell and Northern Railroad Company.
Carolina and Northwestern Railway Company.
Carolina Valley Railway Company.
Dover and South Bound Railroad.
Durham and Charlotte Railroad Company.
Durham and South Carolina Railroad Company.
Durham and Southern Railway Company.
East Carolina Railway.
Kinston and Carolina Railroad Company.
Kinston and Snow Hill Railroad.
Lawndale Railroad Company.
Northampton and Hertford Railroad Company.
Raleigh and Southport Railway Company.
Randolph and Cumberland Railway Company.
Raleigh and Charleston Railroad Company.
Red Springs and Bowmore Railroad Company.
Roanoke River Railway Company.
Virginia and Carolina Southern Railway.
Warrenton Railroad Company.
Washington and Vandemere Railroad Company.
Wellington and Powellsville Railroad Company.

Except on joint hauls of fertilizer, a discount of 20 per cent shall be made by each carrier, and on cotton, cotton seed and cotton-seed hulls a discount of 10 per cent shall be made.

By order of the commission.

FRANKLIN McNEILL,
Chairman.

H. C. BROWN,
Clerk.

RELATION OF RAILROAD COMPANIES TO FREIGHT TARIFFS.

All rates, classes and commodities are subject to a deduction of twenty-five per cent on all joint shipments, except as provided for by Circular No. 95. (Chap. 217, Laws 1907; c. 126, Laws 1908.)

The railroad companies doing business in the state of North Carolina will be allowed to apply the Freight Tariffs for the transportation of freight in accordance with the following tables:

ATLANTIC COAST LINE RAILROAD COMPANY.

			NOTE.—Gross weights must be charged for on all shipments.		
			All other explosives, L. C. L.	D 1	
			Same, C. L., minimum weight 20,000 pounds.	1	

Rules governing transportation of high explosives:

High explosives, such as atlas, hercules, giant, dittmar, commercial, setna, hecla and other nitro-glycerine powders; dynamite, nitro-glycerine, glynn oil, nitro-leum, blasting oil, nitrated oil or powder, mixed with any such oil or fibre, saturated with any such articles or substances, will be received for transportation only at steamship or railroad companies' option only under the following conditions:

FIRST.—Shipments to be packed in strong boxes, not too large to be readily handled by one person, and each package to be plainly marked "Explosive," "Dangerous," on top and on one side or on one end.

SECOND.—It is understood that in these articles the nitro-glycerine is thoroughly absorbed in charcoal, sawdust, infusorial earth, wood fibre, carbonate of magnesia, or other similar substances, and that

the amount of the nitro-glycerine is such that the temperature on the hottest summer day will not occasion any leakage; also that the powder formed by that absorbent material and the nitro-glycerine is always made up into cartridges and never put into the boxes in bulk. Should any package show outward signs of any oily stain, or other indication that absorption is not perfect, or that the amount of nitro-glycerine is greater than the absorbent can carry, the packages must be refused in every instance and must not be allowed to remain on the property of the carrier.

THIRD.—Nitrate or other explosive preparations not in accordance with the above specifications (except ordinary black powder) will in no case be received for shipment.

Rules governing transportation of high explosives—Continued.

FOURTH.—Shipments must be so loaded that boxes will lie bottom side down, it being understood that the cartridges are so placed in the boxes that they will lie on their sides and never on their ends when so loaded. The boxes must be so placed in car that they cannot fall to the floor under any circumstances.

FIFTH.—Shipments of common black powder may be received if packed in good, substantial iron or wooden kegs, packages not to exceed one hundred and fifty pounds in weight, unless for export, when larger packages will be received.

SIXTH.—In no case will percussion caps, exploders, safety squibs, fulminators, friction matches or any other articles of like nature be loaded in same car with any of the above explosives. There cannot be too great care exercised in this matter.

SEVENTH.—Safety-fuse will be received for shipment at any time it is offered and the restrictions in regard to shipping powder do not apply to it.

EIGHTH.—As special powder cars are not in general service among roads, agents must know that none of the above explosive substances are loaded at their stations in old cars, having loose boards or cracks in the roof or sides. Cars for carrying these explosives must be first-class in every respect; must be tight everywhere, and must have doors that can be closely shut, leaving no cracks for sparks to get in. When explosives are carried in full car-loads, the doors must be stripped, except when the cars are equipped with the new Wagner car doors, which must never be stripped. Agents must

refuse to receive from connecting lines cars loaded with explosives, unless the requirements of this section have been complied with.

NINTH.—Every car containing any of the above explosive substances, either full car-load or small package, must be plainly marked on both sides, "Powder—Handle Carefully," so that those having charge of it will not do anything ignorantly to incur danger. This should be done by the shipper of full car-loads, and by the agent when packages are loaded in car at his station. Cars containing explosives received from connecting lines, if not marked when received, must be marked by the agent at the connecting point. Agents will be held strictly responsible that no car containing explosives leaves their stations until it is properly marked.

TENTH.—Agents must notify conductors whenever a car containing explosives is to be taken from their stations; and conductors must not take from any station or siding any car known to contain explosive substances unless Rules Eight and Nine have been complied with, and such cars must be placed in their train as near the middle as possible.

ELEVENTH.—Agents should notify all the shippers in their neighborhood of the requirements.

TWELFTH.—The law provides heavy penalties, both to shippers and common carriers, for a violation of these rules, and agents and shippers should be careful to see that such shipments are put up, marked and forwarded only under their proper names and in accordance with these provisions.

Household goods and old furniture, subject to the following rules, viz.:

- 1—Each article must be plainly marked or tagged.
- 2—Bundles of bedding, trunks of clothing, household goods or similar articles (not furniture) will not be received for transportation unless packed. Chests of similar articles must be strapped or securely nailed. This does not apply to household goods, C. L.
- 3—Any agent receiving this class of freight contrary to the foregoing rules will be charged with such expense (for boxing or transportation) as may be necessary to forward goods to destination without delay.
- 4—Bills of lading and way-bills must designate character and number of packages.
- 5—These instructions apply to old and second-hand furniture, clothing, bedding, etc.; not to new articles.
- 6—Shipments designated to points beyond the South-eastern Freight Association territory must be released and prepaid, and the original release, attached to way-bill accompanying the shipment.
- 7—In all cases where limitation of value is expressed in the classification, it must be written out or stamped in full upon bills of lading, and shippers must be required to accept in writing the limitations expressed. Agents must respect this rule and require acceptance by the shipper.
- 8—The classification of "household goods and old furniture" will not cover shipments of second-hand furniture, shipped by furniture dealers, or for sale. Such shipments must be charged for at regular furniture rates.

Oil, coal, or its products (shipper's option), governed by the following rules, viz.:

Oil, crude and fuel, crude naphtha, crude and refined petroleum, products of petroleum, such as lubricating oils, benzene, naphtha, gasoline and paraffine, when in barrels or cases, minimum C. L. weight 24,000 pounds. When in tank cars, minimum C. L. weight will be the full capacity of the tank, the contents of the tank to be computed at six and four-tenths pounds per gallon, subject to a minimum weight of 20,000 pounds. When in barrels or half-barrels, C. L., or L. C. L., weight will be computed at 400 pounds per barrel, and 235 pounds per half-barrel. When in square cans, completely cased, each can containing ten gallons, C. L., or L. C. L., at 80 pounds per case.

Mixed car-loads of oil in barrels or cases will be taken authorized C. L. rates based on the foregoing weights. When less than aforesaid minimum car-loads are shipped, L. C. L. rates will be charged. In

no case, however, will less than a car-load from one consignor to one consignee and destination on same day be charged more than for a full car-load.

Transportation companies do not furnish tank cars. When they are furnished by shippers, transportation companies will pay three-fourths cent per mile run each way, and will return the empty tank to point of shipment without charge.

Shipments of above articles at rates authorized are entirely at owner's risk of leakage and loss or damage by fire.

Petroleum and its products in tank cars will be delivered only when consigned to parties at points at which they have proper unloading and storage facilities; and when shipments in tank cars are consigned to parties who have not such facilities the shipments will be returned to the shippers at their risk and expense.

Not boxed or crated, REFUSE.		Between offices of the Southern Express Company: The nominal rates given below are made for the return of empty packages which were shipped when full by express—the fact that the full shipment has been paid for at full rates justifying a reduced rate for the empty package, the return of which is necessary for the transportation of future shipments; therefore, empty packages which were not shipped by express, when full, must be charged for at the merchandise rates; the outward charge paid on certain shipments will entitle the empty packages to be returned without additional charge, such empties being marked thus E. Unless otherwise provided they must be called for and delivered by owners and charges must be prepaid.	
Corpses. Double the regular limited one-way first-class passenger fare, applying over the line or lines via which the Corpse is to be transported, but never less than \$5.00 for any distance, except that corpses of children under 12 years of age may be carried at single adult passenger fare, as provided above, but never less than \$2.50. When carried by two or more Companies, the charge shall be pro-rated on the basis of the local Merchandise rates, provided that the charge for each Company shall not be less than \$3.00 for an adult, or \$2.00 for a child under 12 years. Corpses must be placed in such coffins or cases as will prevent the escape of offensive odors. A certificate of physician or health officer, stating cause of death, and that it was not from infectious or contagious disease, must be attached to way-bill and duplicate pasted on top of case.		When rated at one-half Merchandise, charge for actual weight at one-half the Merchandise rate per 100 lbs. (pound rates), subject to minimum charges provided.	
Corpses must not be sent C. O. D., nor with charges to collect, unless the money to pay the C. O. D. bill, and charges for transportation, is deposited with Express Agent at destination before shipment, and in such cases destination Agent shall telegraph Agent at shipping point as to the amount of money placed in his hands to cover the charges, or to cover the C. O. D. bill, or both, as the case may be. The cost of telegrams must be paid by the person in whose interest they are sent, and routing be such as to reach destination over the line of the Company whose agent has the money on deposit.		When rated at one-half Scale K rate, charge for actual weight at one-half the Scale K rate per 100 lbs. (pound rates), subject to minimum charges provided.	
Cremated Remains.....	Mdse.	When rated at a specific charge for each empty, the charge must be applied upon each empty in the shipment except that when the charge upon the gross weight at one-half of the rate per 100 pounds applicable to the Commodity shipped in the Carriers, when full, pound rates, minimum charge 30 cents, is less than the charge at the rate per Empty, such lower charge must be assessed. When half rates provided for in this paragraph and above apply the weights of two or more Empties from the same shipper at the same time to the same consignee must be aggregated and charged for upon the actual gross weight of the shipment; the weights of Empties from different shippers must not be aggregated.	
Disinterred Remains, which have been buried for 20 years or more, and Human Bones or Skeletons.....	Mdse. General Specials:

Commodities classified as General Specials are subject to the following rules unless specific exception is made for any particular Commodity:

For rates applying to General Specials see Scale N, which is applicable as prescribed therein except between points where Commodity Tariffs have been issued authorizing other rates.

Between points where Scale N does not apply and no Commodity Rate has been authorized, use the Merchandise Rate.

Pound rates must be charged on General Special Matter with a minimum of 35 cents (except where a lower minimum is specifically named for any particular Commodity), unless the graduate under the Merchandise rate is less; when carried by more than one Company, minimum 25 cents for each Company carrying.

Except as noted below, charges must be based upon the gross weight of the shipment at the time it is received for transportation, provided, however, that an allowance of 25 per cent from gross weight will be made from March 1st to November 30th inclusive, when it is necessary to use ice for preservation, and it is used for that purpose only.

Shippers must mark the net weight upon packages of any Commodity classified as General Special when the net weight is a necessary factor in computing the charge upon such shipment. When not so marked by shipper, such packages must be charged for upon the gross weight at time of shipment, and no allowance for ice will be made on such shipments.

Two or more packages from the same shipper at the same time to the same consignee, may be aggregated and charged for upon the aggregated weight.

RATES. General Specials—Continued.

General Special Rates apply to the commodities in the following list which are preceded by a letter—(a), (b) or (c)—only when shipped under the conditions named in the paragraph below which is preceded by a corresponding letter.

The following Commodities are classified as "General Specials":

"Best" Tonic,(a) Branches of Pepper Trees,
Bread, including Mixed Shipments, consisting of Biscuits, Cakes or Pies, packed with Bread, when 50 per cent or more of the weight of contents consists of Bread, minimum 25 cents.

The billing weight of a shipment of Bread must be ascertained by deducting from the actual gross weight at time of shipment, the weight of the basket, box or barrel, in which shipped, which weight must be marked on the package by the shipper. If not so marked, charges must be made upon the gross weight. Agents must verify the tare marked on the package by weighing periodically the empty packages.

is provided, the estimated weight will be charged upon only when shipments are made without ice; when ice is used, add 25 per cent to the authorized estimated weight.

Water Cress. When it is necessary to use ice for preservation of Water Cress, and it is used for that purpose only, add 25 per cent to the net weight, unless actual gross weight is less at time of shipment.

Yeast of all kinds:

Shipments of Compressed Yeast, the net weight of which is 50 lbs. or more, must be charged on the basis of 20 per cent added to net weight, whether shipped with ice or not.

Shipments of Compressed Yeast, the net weight of which is less than 50 lbs., when it is necessary to use ice for preservation and it is used for that purpose only, must be charged at 25 per cent less than the gross weight from March 1st to November 30th, inclusive; when ice is not necessarily used for preservation, charge upon gross weight, but the way-billing weight for shipments of less than 50 lbs. net weight must in no case exceed 60 lbs.

Packages weighing 1 lb. or less may be taken over the lines of one Company for 15c., and one cent for each additional ounce, unless the graduate or pound rate minimum is less.

Zoolak,

Zwieback. Minimum 25 cents.

General Special Rates apply to the commodities in the foregoing list which are preceded by a letter—(a) (b) or (c)—only when shipped under the conditions named in the paragraph below which is preceded by a corresponding letter.

(a) Completely boxed or crated and packed so that they may be stowed with other freight and may be handled without extra care.

Plants growing in pots or other receptacles completely boxed or completely enclosed in baskets must be refused.

Shrubs and trees (except Christmas trees) may be accepted when strawed and baled.

Charges must be prepaid or guaranteed.

(b) Charge upon the actual gross weight, except that an allowance of 25 per cent from the gross weight may be made when it is necessary to use ice for preservation and it is used for that purpose only.

The charge on a shipment packed with ice must not be less than charge on net weight, with 25 per cent added unless the gross weight at time of shipment is less.

(c) O. R. of injury, death or escape:

Food and utensils must be provided at the expense of the shipper.

Charge must be based upon gross weight of coop and contents at time of shipment.

Any coop, which with its contents exceeds 150 lbs. in weight must be refused.

Live Stock:

Will be received only upon the execution of the Company's Live Stock Contract, except that Calves and Sheep for market may be accepted on the ordinary freight receipt, subject to owner's risk of injury, death or escape.

Food and utensils must be provided at the expense of the shipper.

Charges must be prepaid or guaranteed.

Charge for valuation must be assessed according to Rule 11 (g).

Horses, Mules, Cattle, Jacks, Colts or Ponies, when not crated, must not be taken unless authorized by Super-tendents.

In carloads N. O. S. The charge must be made on basis of 10,000 lbs. per car, minimum \$50.00.....

When carried by two or more Companies and a separate charge is assessed for each Company, the minimum of \$50.00 will not apply.

Horses in Carloads. Horses or other live stock in carloads between exclusive offices of the Southern Express Company or shipments originating at a common point and destined to an exclusive office, or *vice versa*, the charge must be made on a basis of the merchandise rate for 10,000 lbs. per car, minimum \$50.00.

For rules governing the free transportation of attendants with carload shipments of Live Stock, see Exception sheets of individual Companies.

Live Stock Attendants with. The free passage is subject to the rules and regulations of the individual railroad companies, as on file with the Corporation Commission, over which shipment is transported.

On mixed carload shipments of Cattle with Horses, Jacks, or Mules, the classification applying on Horses will apply on all.

The carload rate will apply on each special car whether containing one or more animals, but not exceeding the maximum number wherever specified, and provided that the carload charge will not cover the transportation of any animals in excess of capacity of the car used.

For each animal in the car in excess of the maximum number provided, charge Merchandise rate on 1,000 lbs. In addition to the carload rate except that the additional charge for each Jack, Mule, Burro, Pony or Colt in excess of the maximum number provided will be:

Not crated, one-twenty-eighth of the carload rate.

Crated, one-twentieth of the carload rate.

The charge on less than a carload of animals in one shipment must not exceed the carload rate.

The maximum number of animals, which will be carried in one car at the carload rate is as follows:

Calves, Goats, Hogs, Sheep, crated, or not crated, not exceeding the number that can be safely loaded in the car.

The following charges must be made for adding to, or unloading from a carload shipment of live stock at an intermediate point:

For each Race Horse so added or unloaded, \$25.00.

For each animal, other than race horses, \$10.00.

If, in adding an animal or animals, the maximum number provided for is exceeded, the charge for each animal (including Jacks, Mules, Burros, Ponies or Colts) in excess of the maximum number must be the Merchandise rate on 1,000 lbs. between the points where such excess animal or animals are carried, in addition to the carload rate and the loading charges. The additional charge for loading or unloading accrues to the Company on whose lines it occurs. The charge provided above for adding to or unloading from carload shipments must be covered by a separate way-bill, and the words "Loading Charge" or "Unloading Charge" (whichever it is), must appear on the way-bill, preceding the amount assessed.

When the local charge to the point of loading or unloading added to the local charge from that point to destination makes a lower through charge than provided above, the combined local charges must be applied.

When a shipper has contracted for a car to transport a shipment of live stock, he may load in the unoccupied space therein without additional charge beyond the authorized rate for the animals, any of the stable equipment ordinarily used in connection with the animals shipped, such as blankets, feed, stable dogs, and wearing apparel of attendants, including with horses, mules or ponies, carriages, sulkeys, saddles, or harness.

An additional charge must be made at Merchandise rate on gross weight of automobiles, household goods, furniture, trunks containing wearing apparel not belonging to attendants, and all other matter loaded into the car with the animals, even when less than the maximum number of animals allowed to a carload is shipped.

When a race track or fair grounds is situated beyond the delivery limits of an office, and stable equipment or other matter carried in a car with Live Stock is hauled by the Express Company to or from or at the fair grounds or race track a charge of 40 cents per 100 lbs. must be made for such service in addition to the carload rate and switching charge.

The rate on a carload shipment of Live Stock between any two points does not include stoppage in transit at an intermediate point for races or exhibi-

SCALE M.

Eggs in Cases. When quoting rates on Eggs in cases, Agents must name the rate per case, as shown by the following table, instead of the rate per 100 pounds. Cases of a greater or less capacity must be charged for in the same proportion; cases must never be charged for at less than their full capacity. When the rate per 100 pounds is not given, charge in proportion. Minimum 35 cents per shipment, unless the graduate under the Merchandise rate is less; when carried by more than one Company, minimum 25 cents for each Company carrying.

When other packages of General Special matter are shipped with cases of Eggs, the charges must be aggregated.

The rates named in this Section do not apply when the value exceeds \$10.00 per package or if the amount of the C. O. D. on any shipment exceeds \$10.00. The value must be marked by the shipper on the package and entered on the receipt. Each package must have the name of the article or articles contained therein, written, stamped or printed thereon, and must be so packed that the description may be readily verified by examination. Charges must be prepaid.

These rates must not be applied:

- To printed matter named in list* above when framed; or when printed or mounted on, or attached to any material other than paper or cardboard, an exception being made of Maps which may be accepted at these rates when shipped as described above.*
- To packages which contain matter written by either pen or typewriter, excepting invoices accompanying packages sent C. O. D. or for export.
- To Blotters or Blotting Pads, not having an advertisement printed thereon.
- To Books, entirely blank, or with printed headings, such as Account Books or Diaries.
- To Blank Cards, Cardboard or Playing Cards.†
- To Flexible or Paper Patterns or Dressmaking Charts.
- To Bill-heads, Letter-heads or Letter Paper, Envelopes, Bags, Wrappers or Ornamental Paper.‡
- To Samples of any Merchandise other than those specifically named in above list,* nor to Tobacco Tags or Premium Certificates.
- To packages destined to points reached only by Stage.

Packages shipped under the conditions named above must be charged for at one cent for each two ounces or fraction thereof, minimum 10 cents; except that, unless otherwise provided, packages weighing 50 ounces or more each will be charged two cents per package less than the charge at the rate of one cent for each two ounces or fraction thereof, but the charge on packages weighing less than 50 ounces shall not be more than the charge for 50 ounces.

When carried by more than one Company, the minimum charge for each Company is 10 cents.

Between two points, one of which is in Territorial Group No. 4 and the other in Territorial Group No. 5, the minimum must be charged for each Company carrying, unless there is a Company represented

Section D—Continued.

at the point of origin which is also represented at the destination point.

Division of Charges will be as provided in Section C.

At Common Points, packages charged for at the rates named in this Section which cannot be forwarded to destination except through some other Company represented at point of shipment, must be transferred to that Company at point of shipment, with all charges received.

Shipments which have been sent out under this Section may be returned to original shippers way-billed with charges to collect at the rates charged on the business when sent out.

Charges on shipments containing articles listed above* which have been forwarded at rates higher than those named in Section D must not later be refunded to the basis of Section D unless all the rules governing the application of such rates were fully complied with at time of shipment.

When graduated charges, or any other rates authorized in this Classification as applicable to any particular commodity named are less than named for the same commodity in this section, the lower rate must be charged, provided the rules governing the use of the lower rate are fully complied with.

SECTION E.

CHARGES AT THESE RATES MUST BE PREPAID.

The rates authorized in this section apply on Packages of Merchandise or Samples thereof, except as provided below †, and charges must be prepaid. Each package must be so packed that the contents may be readily examined.

The rates named in this Section do not apply when the value exceeds \$10.00 per package, or if the amount of the C. O. D. on any shipment exceeds \$10.00. The value must be marked on the package by shipper and entered on the receipt.

†These rates must not be applied to sealed packages (except sealed packages of Cigars) nor to Jewelry, Imitations of Jewelry, Watch Cases, Watch Movements, Silverware, Cut Flowers, Tobacco Tags or Premium Certificates, Live Animals, Live Birds, or any article subject to higher than Merchandise rate, or to packages which contain matter, written by either pen or typewriter, excepting invoices accompanying packages sent C. O. D. or for export.

These rates must not be applied on packages destined to points reached only by stage.

Packages shipped under the conditions named above must be charged for at one cent per ounce, minimum 15 cents, except that on packages between two points, one of which is in Territorial Group No. 3 and the other in Territorial Group No. 5, when there is no Company represented at the origin point, that is also represented at the destination point, the minimum charge is 25 cents.

Between two points, one of which is in Territorial Group No. 4 and the other in Territorial Group No. 5, the minimum must be charged for each Company carrying, unless there is a Company represented at the point of origin which is also represented at the destination point.

Division of Charges will be as provided in Section C.

Shipments which have been sent out under this Section may be returned to original shipper way-billed with charges to collect at the rates charged on the business when sent out.

MONEY CLASSIFICATION.

A.—(1.) Packages containing Money, Bonds, or other Securities must be received for transportation only when delivered at the office by shippers. Shipments of Coin or Bullion too heavy to be carried by hand, may be called for by wagon, but a representative of the shipper must accompany and retain custody of the shipment until delivered by shippers at the Express Company's office.

(2.) A receipt of the prescribed form must be given for all matter received. Shipments must not be received for transportation at the rates named in the Money Classification unless the value is declared by shipper and marked by him upon the package.

(3.) Packages of Money, Bonds or other Securities in amounts of \$500.00 or over must not be received for transportation unless the person who delivers the package to the Company shall, at the time of said delivery, write his name in ink on the package.

(4.) The charge on any shipment carried at rates established by the Money Classification, must be a multiple of 5, and when, in computing charges the result is not a multiple of 5, the next higher multiple of 5 must be charged.

(5.) Wherever a Special Rate on Currency, Coin, Bullion or Securities is established, it removes the application of the Classification Scale rate between the same points on the same commodity.

(6.) When "Currency" is mentioned in the following articles it means "Paper Currency," and when "Currency Rate" is mentioned it means Scale "R" or "Special Rates on Currency" where issued; when "Merchandise rate" is mentioned it means the Merchandise rate applicable to a merchandise shipment of not more than 100 pounds.

(7.) Unless otherwise provided, a minimum charge applies on a single shipment for each Company carrying, except that between points where a single graduate is authorized, the minimum will be the same as if carried through by one Company.

(8.) When charges are prepaid, the package and way-bill must be marked "Prepaid \$.....". When so marked or way-billed, package must be delivered without collection of charges from the consignee, and any undercharge expensed on the forwarding Agent, to be collected from the shipper, in accordance with the instructions of each Company. If Charges are paid in part, notation to that effect must appear on the package and on the Way-bill.

B.—(1.) Unless otherwise provided, graduated charges shown in Scales "S" or "U" must be assessed on shipments of less than \$1,000.00, and where the rate per \$1,000.00 applicable to a shipment is not shown in those Scales, the next higher rate must be used for ascertaining the charge, which must not be more than for \$1,000.00 at the rate applicable.

(2.) Unless otherwise provided, on shipments charged for at the rates named in the Money Classification carried by more than one Company, except between points where a single graduate is authorized, a separate charge must be assessed for each Company carrying.

C.—(1.) United States or Canadian Silver Coin.—On amounts of \$1,000.00 and over the rate per \$1,000.00, face value, is the same as the rate on Merchandise per 100 pounds between the same points, BUT NEVER LESS THAN 50 cents per \$1,000.00; on amounts less than \$1,000.00, charge according to Scale "U", using the same rate as is in effect on Merchandise per 100 pounds, but the charge for less than \$1,000.00 must not be more than would be charged for \$1,000.00. EXAMPLE.—If the Merchandise rate is 40 cents per 100 pounds, the rate on Silver Coin in amounts of \$1,000.00 and over will be 50 cents per \$1,000.00, and in amounts less than \$1,000.00, the charge will be the graduate under the 40 cent rate, as shown in Scale "U."

(2.) Nickel or Copper Coins must be charged the same as a Merchandise shipment of the same weight and value (see Rule 11). Two or more packages containing Nickel or Copper Coins, forwarded by one shipper, at the same time, to one consignee, at one local address, must be charged for on the aggregate weight and value.

(3.) Packages containing both Currency and Coin, must be charged the rate applicable to the kind of coin taking the higher rate, but the charge must not be greater than the aggregate separate charges on each kind of money enclosed, except that packages containing Currency and Silver, when Silver does not exceed \$5.00, may be taken at the same rate as though all Currency, and except that packages containing Gold Coin and Silver when Silver does not exceed \$5.00, may be taken at the same rate as though all Gold Coin.

(4.) Two or more packages of Coin, to which the same classification applies, when forwarded by one shipper, at the same time, to one consignee, at one local address, must be charged for on the aggregate value. If the weight is a factor in determining the charge, the weights must also be aggregated.

D.—(1.) Gold or Dore Bullion, Gold Dust, Gold Sulphides, Gold Cyanides, or any other form of Uncoined Gold, must be charged Gold Coin rates on value and Merchandise graduated rates on weight in excess of 4 pounds to the \$1,000.00 value.

(2.) Silver Bullion, Silver Sulphides, Silver Precipitates, Silver Cyanides or any form of Uncoined Silver, Silver Coin of Mexico, South America and other Foreign Countries, excepting Canada, must be charged for on the market value as follows: In amounts of \$1,000.00 or more, the rate per \$1,000.00 will be the same as the Merchandise rate per 100 pounds, but not less than 50 cents per \$1,000.00; if the weight exceeds 100 pounds to the \$1,000.00 value, charge additionally Merchandise Pound Rates on the excess weight. For amounts less than \$1,000.00 charge the same as for a Merchandise package of the same weight and value, but the charge for less than \$1,000.00 must not be more than would be charged for \$1,000.00.

E.—(1.) Charges on Securities are based upon the market value, and shippers must be required to mark on all packages of Securities the character and market value of the contents thereof. If the package contains Bonds, the endorsement must state whether United States Coupon or other Government Bonds, and whether registered or unregistered; if other Bonds, Certificates of Stock, or other Negotiable Paper, whether payable to bearer or to order; if Coupons of any Bonds, whether cancelled or uncancelled; if Deeds or Mortgages, whether recorded or unrecorded. The description marked on the package must be entered on the receipt and on the way-bill.

(2.) United States Unregistered or Coupon Bonds and Government Bonds of other Countries Unregistered, must be charged Currency rate.

(3.) United States Registered Bonds and Government Bonds of other Countries, Registered, must be charged one-third Currency rate.

(4.) Detached, Uncancelled Coupons, and Incomplete National Bank Notes, must be charged Currency rate.

(5.) Deeds and Mortgages, unrecorded, and Real Estate Bonds, unrecorded, must be charged Currency rates.

(6.) Bonds, N. O. S., payable to order, Deeds and Mortgages recorded, and Real Estate Bonds recorded, must be charged one-third Currency rate.

(7.) Bonds, N. O. S., payable to bearer, and Express Travelers' Cheques, must be charged one-half Currency rate.

(8.) Certificates of Stock, Scrip, Warehouse Receipts, Subscription Certificates, Checks, Drafts, Notes, Acceptances, Letters of Credit, Pension Vouchers, Certificates of Deposit, Money Orders, Warrants and other Securities payable to order must be charged one-third Currency rate; payable to bearer must be charged one-half Currency rate.

(9.) Incomplete Bonds, Incomplete Certificates of Stock, Coupon Bonds, the principal of which is registered, and Incomplete Letters of Credit, must be charged one-third Currency rate.

(10.) When Bonds or Securities are classified at one-third Currency rate, the minimum rate must be 15 cents per \$1,000.00; amounts of less than \$1,000.00 must be charged one-third of the graduated charge at the Currency rate.

(11.) When classified at one-half Currency rate, the minimum rate must be 25 cents per \$1,000.00. Amounts of less than \$1,000.00 must be charged one-half of the graduated charge at the Currency rate.

(12.) The minimum charge on any single shipment of Bonds or Securities must be 25 cents.

(13.) When the weight of any shipment of Bonds, Stock or other Securities exceeds one pound to the \$1,000.00 value, assess additionally the Merchandise graduated charge on the weight.

F.—(1.) Paid C. O. D.'s Collected and Transmitted by one Company, or by more than one Company between points where a single graduate is authorized: \$2.00 or under, charge 15 cents.

Over \$2.00 and not exceeding \$6.00, charge 20 cents.

Over \$6.00 and less than \$1,000, in Currency or Gold Coin, charge according to Scales P and S.

\$1,000 and less than \$5,000, in Currency or Gold Coin, charge according to Scale P.

\$5,000 and over, in Currency, charge according to Scale R; in Gold Coin, charge according to Scale Q.

Over \$6.00 in Silver Coin, charge according to Article C (1).

The charge on paid C. O. D.'s collected and transmitted by more than one Company between points where a single graduate is authorized, if 50 cents or less, shall be divided equally, the Company making the collection being entitled to the odd cent; if the charge exceeds 50 cents, it shall be prorated on the basis of the local Merchandise rates.

(2.) Collected and Transmitted by more than one Company, between points where a single graduate is not authorized—

\$6.00 or under, charge 15 cents for the Company collecting and 10 cents for each additional participating Company.

Over \$6.00 to \$25.00, in Currency or Gold Coin, charge 25 cents for the Company collecting and 15 cents for each additional participating Company.

Over \$25.00 and less than \$1,000 in Currency or Gold Coin, charge according to Scales P and S.

\$1,000 and less than \$5,000, in Currency or Gold Coin, charge according to Scale P.

\$5,000 and over, in Currency, charge according to Scale R; in Gold Coin, charge according to Scale Q.

Over \$6.00 in Silver Coin, charge according to Article C (1).

The charge on a paid C. O. D. of over \$25.00 participated in by more than one Company between points where a single graduate is not authorized, shall be the sum of the local charges to and from the transfer point via which the lowest sum of local charges can be computed by the Tariffs of the Company making the collection. The Company by which the original shipment was forwarded will accept as its proportion of such through charge what remains after allowing the Company which made the collection its local charge to transfer point.

When Paid C. O. D.'s are transmitted by three Companies between points where a single graduate is not authorized, the collecting Company shall receive its local charge, and the other Companies shall prorate the balance on the basis of the Merchandise rates to and from the transfer point.

(3.) The charge on less than \$5,000 when payment is made in Currency, must not be more than the charge on \$5,000 under Scale R. The charge on less than \$5,000 when payment is made in Gold Coin, must not be more than the charge on \$5,000 under Scale Q.

(4.) Paid C. O. D.'s, Collections, Notes, Contracts, Accounts, Bills and similar matter when returned to shipper, must take same route, and pass through the hands of the same Company or Companies as when originally forwarded, except that when a C. O. D. shipment has been reshipped from the original destination to which it was addressed, to another destination, the proceeds may be returned to the shipper by the most direct route. When a C. O. D. is received in transfer and the proceeds are to be returned to an office of the Company collecting other than the point of origin, such proceeds may be returned direct by the Company making the collection.

(5.) Paid C. O. D.'s containing Currency and Silver or Gold Coin and Silver, when Silver does not exceed \$5.00 may be taken at the same rate as though all Currency or Gold Coin.

(6.) Paid C. O. D.'s containing Currency and Signed Contracts, Notes, Lease or Mortgage, or Redeemed Pawn Tickets, must be charged for on the aggregate amount of Currency and face value of the Contract, Note, Lease, Mortgage, or Redeemed Pawn Tickets, same as if all Currency. When instructions are given by shipper to accept a note, check or draft in payment of a C. O. D. of any character, charge Currency rate on the face value of the paper under Scale P or Scale R, according to the amount.

(7.) When return charges are collected on C. O. D.'s, such Paid C. O. D.'s must be way-billed prepaid—in no case must the return charges be enclosed in the envelope.

(8.) For advancing the purchase price of goods contained in a shipment or for advancing any sum of money on a shipment, the same charge must be made as is charged for the collection and transmission of a C. O. D. of equal amount. This does not apply to transportation charges advanced to other carriers, or for customs fees or duties. The purchase price of any shipment will not be advanced to a connecting Company.

(9.) C. O. D.'s between the United States and other Countries. Shippers desiring currency or coin different from that current where collection is to be made, must write their instructions plainly on C. O. D. bill.

G.—(1.) Collections must not be accepted unless Agents are assured of the identity and responsibility of the senders.

(2.) Collections must not be received more than twenty days before due, unless shipper states in writing that the payor has signified his intention to pay the obligation upon presentation, or within twenty days. Such paper, if unpaid at the expiration of the time indicated, must be returned to shipper. All Collections returned unpaid must contain a memorandum fully explaining why payment was not made. Collections must not be held more than 30 days after receipt at destination.

(3.) Notes, Endorsed Drafts, or other papers requiring protest must not be received for collection.

(4.) Collections with instructions to accept partial payment must not be taken unless instructions are to return the amount paid with the collection at once, and when such partial payments are returned, charge shall be made only on the amount enclosed.

(5.) Collections received by mail must be returned to the Agent at the point from which the collection was mailed.

(6.) Collections must not be made unless the paper for Collection has been received in a Collection envelope, regularly way-billed.

(7.) Collections between the United States and other Countries. Shippers desiring currency or coin different from that current where collection is to be made, must write their instructions plainly on the collection.

(8.) The attention of the senders of collections must be called to the charge for returning in Currency, and the charge for returning in Silver Coin, to prevent any misunderstanding as to the charge in case the collection should be paid in silver coin.

(9.) Bonds, Coupons or other Securities, Mortgages or Deeds, Legal or other valuable papers, for collection, must be enclosed in sealed envelopes and endorsed with description and value of contents, and marked C. O. D. \$..... (the amount to be collected). If consignee is to be permitted to examine the papers before payment, instructions to that effect must be marked on package by the shippers, who must release the Express Company, on the Company's form provided for that purpose, from all loss resulting from such examination.

The outward charge must be as required by the Classification on similar paper not sent for collection. The charge on the amount collected and transmitted must be the charge on a Paid C. O. D. of like amount. If returned unpaid the same charge must be made for the returned shipment as applied when originally forwarded, the outward charge being shown as expense on the way-bill and package. If any service is to be performed by the Express Company in exchanging promissory notes or other obligations, in examination of titles, or any other service beyond the usual C. O. D. service, the business must not be accepted except under special contract authorized by the proper officer.

(10.) Notes, Checks, Drafts, Bills or Accounts for Collection must, when forwarded, be way-billed P. O. R. (Pay on Return). Such collections, returned uncollected, must be charged 25 cents each; when carried by more than one Company between points where a single graduate is not authorized, add 15 cents for each additional participating Company.

(11.) Returned paid, when collected and transmitted by one Company or by more than one Company between points where a single graduate is authorized: \$10.00 or under, charge 25 cents.

Over \$10.00 and less than \$5,000 in Currency or Gold Coin, charge once and one-half times the charge under Scale P.

\$5,000 and over in Currency, charge once and one-half times the charge under Scale R; in Gold Coin, charge once and one-half times the charge under Scale Q.

Over \$10.00 in Silver, charge once and one-half times the charge under Article C (1).

(12.) When collected and transmitted by more than one Company between points where a single graduate is not authorized:

When amount is \$10.00 or less, the Company collecting must charge 25 cents and each additional participating Company 15 cents.

When amount is more than \$10.00 the Company collecting must charge according to paragraph 11, and each additional participating Company must charge single rates under Scales P, Q or R or Article C (1) according to kind of money and amount, but the through charge must not be less than if collected and transmitted by one Company from transfer point to destination.

When Paid Collections are transmitted by three Companies between points where a single graduate is not authorized, the collecting Company shall receive its local charge, and the other Companies shall prorate the balance on the basis of the Merchandise rates to and from the transfer point.

(13.) The charge on less than \$5,000 when payment is made in Currency, must not be more than once and one-half times the charge on \$5,000, under Scale R. The charge on less than \$5,000, when payment is made in Gold Coin, must not be more than once and one-half times the charge on \$5,000 under Scale Q.

(14.) When instructions are given by shipper to accept a note, check or draft, in payment of a collection of any character, charge currency rate on the face value of the paper under Scale "P" or Scale "R" according to the amount.

(15.) Paid Collections containing signed notes and money: Charge on notes under Scales P or R, according to the amount; and on the money once and one-half the rate as provided in paragraphs (11) or (12).

(16.) A Bank Book or other Deposit Book, when accompanying a draft for collection may be forwarded and returned without additional charge.

(17.) Drafts sent for acceptance, or Notes in blank, sent for signature: Way-bill P. O. R. (Pay on Return), and charge currency rate on the face value of the paper when returned. If returned without acceptance, or signature, charge 25 cents; when carried by more than one Company, add 15 cents for each additional participating Company.

(18.) For obtaining from consignees receipts for delivery of packages and returning such receipts to the shipper, a charge of 10 cents for each receipt must be made; when carried by two Companies, the charge of 10 cents is to be divided equally.

(19.) The charge on a paid collection, participated in by more than one Company between points where a single graduate is authorized, if 50 cents or less, shall be divided equally, the Company making the collection being entitled to the odd cent; if the charge exceeds 50 cents it shall be pro-rated on the basis of the local Merchandise rates.

H.—(1.) Bills of Lading, for matter shipped by freight lines, when enclosed in sealed envelopes and forwarded as C. O. D., with privilege of examination, must be charged for at Merchandise Graduated rates minimum 30 cents; when carried by more than one Company between points where a single graduate is not authorized, minimum 25 cents for each Company carrying; and in addition the valuation charge under Rule 11, pages 8 and 9, the charge for returning the money will be the same as for a paid C. O. D. of like amount; if the amount of the Bill of Lading is not collected it must be returned without additional charge.

(2.) When a bill of Lading sent by express is by shipper's orders exchanged for a new Bill of Lading, the additional charge for securing the latter and returning it to shipper must be the same amount as was charged for the original Bill of Lading.

(3.) When not sealed, or when accompanied by instructions requiring agents, before delivering the Bill of Lading, to obtain signatures to notes, or to place mortgages for record, secure insurance, or to render other service than simply collecting the amount of the C. O. D. and returning the papers to the consignee, the outward charge must be \$1.00, prepaid, to be divided equally between the Companies carrying; the return charge, whether carried by one or more Companies, must be, when the amount of notes or mortgages is \$100 or less, three per cent. thereof; when the amount exceeds \$100, one per cent. thereof, with a minimum charge of \$3.00. When carried by more than one Company, the Company executing the commission shall be entitled to two-thirds of the return charge. If the consignee declines to execute the papers and they are returned in original condition to shipper, the Bill of Lading must be returned without additional charge.

(4.) Where goods have been shipped by freight and a Bill of Lading for same sent by express C. O. D., the notice of nonpayment shall not be given before the arrival of the goods at destination.

I.—Legal and other papers in manuscript, including Cancelled Vouchers, Cancelled Checks, Cancelled Drafts and Cancelled Coupons, must be charged the same as for a merchandise package of the same weight and value.

J.—(1.) Pawn Tickets.—Parties presenting pawn tickets for redemption of goods or renewal, must be required to state the value of the goods for which the ticket was issued, the amount of which must be entered in the receipt and a memorandum of such value must be attached to the ticket.

(2.) The amount necessary for the redemption of the goods or renewal of the ticket, together with the pawn tickets and memorandum of value, must be enclosed in a sealed envelope, with total value of money and goods for which the ticket was issued marked thereon, addressed to the agent of the Company at the point where goods were pledged and charged for at currency rates prepaid; tickets from one shipper to be presented to different pawnbrokers in the same city may be enclosed in the same envelope.

(3.) The goods, when redeemed and returned, must be charged for at regular rates according to classification and, in addition, a charge of not less than 25

cents for each lot redeemed, to cover expense of packing or handling.

(4.) For the return of a renewed ticket, Currency rates must be charged upon the value of the goods for which the ticket was issued.

K.—(1.) Orders to secure goods at another office with or without instructions to accept money in lieu of the goods, must be way-billed P. O. R. (Pay on Return). If the goods are obtained, classification rates must be charged; if the money is collected, the same charge must be made as for a Paid Collection of like amount.

(2.) If neither goods nor money are obtained, the order must be returned within ten days with charges of 25 cents. When carried by two or more Companies, charges will be divided equally, the transferring Company being entitled to the odd cent.

(3.) The above rule does not apply to orders for the purchase of goods.

SCALE P.

PAID C. O. D.'s AND PAID COLLECTIONS

Scale P will not apply to paid C. O. D.'s and paid collections between offices of the Southern Express Company, or from a common point to an exclusive office, or *vice versa*. For rates see item 48.

The following Scale gives the rates per \$1,000 which, unless otherwise provided, must be used as the basis for computing charges for Collecting and Remitting Paid C. O. D.'s and Paid Collections in amounts of less than \$5,000, when payment is made in Currency or Gold. The application of these rates to Paid C. O. D.'s is governed by Article "F," pages 25 and 26; to Paid Collections, by Article "G," pages 27 and 28. Paid C. O. D.'s in amounts of less than \$1,000 on which a specific charge is not named, must be assessed the graduated charge in Scale "S" under the rate per \$1,000, as ascertained under this Scale. Paid Collections in amounts of less than \$1,000, on which a specific charge is not named, must be assessed one and one-half times the graduated charge in Scale "S" under the rate per \$1,000, as ascertained under this Scale.

SCALE Q—GOLD COIN.

The following Scale gives the rates per \$1,000 which must be charged on shipments of Gold Coin. Amounts of less than \$1,000 must be assessed the graduated charge under Scale "S."

Scale Q must also be used for ascertaining the rate per \$1,000 to be charged for collecting and remitting Paid C. O. D.'s in amounts of \$5,000 or over when payment is made in Gold.

The charge for collecting and remitting Paid Collections in amounts of \$5,000 and over, when payment is made in gold, must be computed on the basis of one and one-half times these rates.

DECISIONS

AND

ADJUSTMENT OF COMPLAINTS.

IN RE CONNECTION OF NORFOLK AND SOUTHERN RAILWAY TRAIN NO. 1 WITH ATLANTIC COAST LINE RAILROAD TRAIN NO. 90 OR NO. 34 AT WILSON.

There was no formal complaint in this case, but it was suggested to the corporation commission that connection of the above trains would accommodate thousands in a year wishing to go out of Raleigh to northeastern North Carolina, and that this connection could be secured by requiring "Shoo-fly" train from Goldsboro to Norfolk to leave Goldsboro fifteen minutes later and the Norfolk and Southern train No. 1 to leave Raleigh fifteen minutes earlier, allowing twelve minutes from arrival of trains at Wilson for transfer of passengers.

It was further represented that passengers going out of Raleigh at 4:30 A. M. to northeastern North Carolina Atlantic Coast Line points often miss connection.

Upon this suggestion, this commission, of its own motion, undertook to investigate the matters alleged. After some correspondence with the Norfolk and Southern Railway and the Atlantic Coast Line Railroad Company, which resulted in their declining to make the change of schedule, notice was given them and also the party who suggested the change of schedule that the matter would be heard and investigated at the office of the corporation commission on the 27th day of February. The party who suggested the change did not appear or tender any evidence other than the statement originally made.

H. K. Wolcott, one of the receivers of the Norfolk and Southern Railway, and others appeared and represented that company; W. H. Newell, general superintendent of the Atlantic Coast Line Railroad Company, appeared and represented that company.

From the statements, correspondence, schedules on file in this office, and admissions made in the conference, the following facts are found:

The distance from Raleigh to Wilson via Southern Railway and Atlantic Coast Line Railroad is 54 miles; by the Norfolk and Southern Railway it is 49 miles. By the present schedules, passengers going out of Raleigh to northeastern North Carolina points on the Atlantic Coast Line Railroad can leave daily at 4:30 A. M. on No. 112, Southern Railway train, making connection with No. 34, Atlantic Coast Line train, at Selma. This is a safe connection, as it has a margin of an hour and thirty-four minutes, and is not often missed, as was suggested to the commission. By this connection such passengers could reach most of the points in northeastern North Carolina in the forenoon as follows: Tarboro, 9:37 A. M.; Washington, 11:55 A. M.; Greenville, 11:21 A. M.; Williamston, 11:25 A. M.; Plymouth, 12:30 A. M.; Hobgood, 10:02 A. M.; Gates, 11:49 A. M.; Scotland Neck, 10:20 A. M.; Weldon, 10:22 A. M.; Spring Hope, 10:05 A. M.;

and return to Raleigh at 11:59 P. M. of the same day. This train, No. 112, also connects with the Atlantic Coast Line train No. 90 at Goldsboro and makes the same schedule to northeastern North Carolina points, as above.

Passengers going out of Raleigh to northeastern North Carolina Atlantic Coast Line points can leave Raleigh at 12:30 P. M. and connect with the Atlantic Coast Line train No. 80 at Selma and reach any point on the Atlantic Coast Line Railroad in the same afternoon, except such points on the Norfolk Division as are between Hobgood and the state line, and return to Raleigh at 11:59 P. M. of the same day. Or such passengers, if they do not care to leave Raleigh so early as 4:30 A. M., can take the Norfolk and Southern train No. 1 to Wilson and there take the Atlantic Coast Line train No. 48, Wilmington to Norfolk, and reach Tarboro and any other point on the Norfolk Division in North Carolina and return to Raleigh the same afternoon at 11:59. Or such passengers can leave on the Seaboard Air Line Railway train at 11:05 A. M. and connect with the Atlantic Coast Line at Weldon for Atlantic Coast Line points. There are, therefore, three opportunities of leaving Raleigh in the forenoon and one in the early afternoon of each day for northeastern North Carolina points.

There has been no complaint to this commission that this schedule is not satisfactory to the traveling public, except by the party above referred to, or that it was necessary for the convenience of the traveling public that the suggested connection be made. This party informed the commission that he suffered the inconvenience of having to take Southern Railway train at 4:30 A. M. when bound for destination between Hobgood and the state line, when he would have preferred taking the Norfolk and Southern train at a later hour, but he did not inform the commission as to how often in the past he had taken this trip nor how often he contemplated doing so in the future. It is true that he also informed the commission that on the same train on which he traveled there were several other passengers who, like him, would have preferred rising at a later hour than 4:30 A. M., but he gave the commission no information as to who such parties were or how often they proposed to make the trip in the future so that they might be inquired of as to the extent of the inconvenience to them.

Putting back schedule of No. 90, Atlantic Coast Line train, fifteen minutes and putting up schedule of Norfolk and Southern train No. 1 would not effect the connection. This would require at least forty-seven minutes, and, if divided between each of the railroads, would require a change of schedule of, say, twenty-four minutes. To make the schedule of Atlantic Coast Line train No. 90 twenty-three or even fifteen minutes later at Wilson would inconvenience the traveling public of those trains from Goldsboro to Norfolk, and also on its connection for Greenville, Washington, Plymouth, Williamston, Scotland Neck, etc. To make a change of schedule of Atlantic Coast Line train No. 34 fifteen minutes later would inconvenience the traveling public from Fayetteville to Richmond, as well as that portion served by No. 90, Atlantic Coast Line train, as it is by means of connection with this latter train at Rocky Mount that northeastern North Carolina is served, and this train would, therefore, have to be held at Rocky Mount for connection with No. 34. The suggestion of changing the schedule of either No. 90 or No. 34, Atlantic Coast Line trains, is impracticable. It would change the schedule of all Atlantic Coast Line trains in northeastern North Carolina, which, the commission is informed, are very satisfactory to the traveling public. It would inconvenience much the greater part of the traveling

public on the Norfolk and Southern Railway train No. 1 to make it half an hour earlier leaving Raleigh. This company reported that the train hauled 16,088 passengers out of Raleigh during the last calendar year, 2,200 of them stopping at Wilson, 18 at Norfolk and 3 beyond Norfolk.

It is doubtless true that, if a schedule were made for this train leaving Raleigh later than 4:30 A. M., with sufficient margin to make it a safe and certain connection with the Atlantic Coast Line train at Wilson, that such passengers out of Raleigh as desire to reach northeastern North Carolina Atlantic Coast Line points would travel on this train, but this would be a very small per cent of the public travel on this train. The principal part of the public travel on this train is to points on the Norfolk and Southern Railway's own line. This company informed the commission that the convenience of the traveling public out of Raleigh would be promoted by a change of schedule to a later rather than an earlier hour, and that, if not made before, it would be made after the completion of the bridge which is now being constructed across the sound between Edenton and Mackey's Ferry, so as to make it at least one hour later than the present schedule.

To conclude: (1) That railroads should furnish adequate passenger facilities for the traveling public over its own line and make such connection at junction points with other railroads as are necessary for the convenience of the traveling public; but that they should not be required to change their schedule to make such connection with other railroads as will inconvenience more persons than it will help. This principle was recognized by this commission in re connection of the Atlantic Coast Line Railroad and Southern Railway trains at Sanford. In that proceeding it was ordered that Southern Railway discontinue its connection with its main line at Greensboro in order to promote the convenience of a greater part of the traveling public over its line.

The principle enunciated in Selma Connection case was that railroads must furnish adequate passenger facilities for the traveling public. The order in that case did not inconvenience any part of the traveling public.

(2) That the changes in schedules suggested would inconvenience the traveling public on both the Atlantic Coast Line Railroad and the Norfolk and Southern Railway.

(3) That with existing schedules out of Raleigh, it is not necessary for the convenience of the traveling public to require the railroads to make the suggested connection.

(4) That this proceeding should be dismissed, and it is so ordered.

Commissioner Aycock dissents.

IN RE CONNECTION OF NORFOLK AND SOUTHERN RAILWAY TRAIN
No. 1 WITH ATLANTIC COAST LINE TRAIN NO. 90 OR NO. 34 at WIL-
SON, N. C.

I regret that I cannot agree with my colleagues in denying the traveling public the desired convenience of the connection at Wilson between the Norfolk and Southern Railroad and the Atlantic Coast Line. I have made a careful examination of all the schedules on both roads and have given thorough investigation

to this matter, and am forced to the conclusion that this connection can be made without any expense to either road, and with the slightest inconvenience to both of them. At present the Norfolk and Southern train leaves Raleigh at 6:35 A. M. and reaches Wilson at 8:35 A. M., to find when it reaches there that the train, No. 34, running from Fayetteville to Richmond, has left Wilson at 8:17 and that train No. 90, from Goldsboro to Norfolk, has left Wilson at 8:00 o'clock, thus breaking the connection on No. 34 by eighteen minutes. This train, to wit, No. 90, waits at Rocky Mount for train No. 34, and, therefore, in order to make the connection at Wilson, it will be necessary for the Norfolk and Southern train to leave Raleigh eighteen minutes earlier than at present, and for the Atlantic Coast Line train No. 34 to leave Fayetteville ten minutes later. This would give ten minutes to make the change at Wilson, as there is now only eighteen minutes difference at Wilson.

Where a reasonable demand of the public can be granted with such slight change of schedule on the part of the railroad, which causes no inconvenience to the railroad, it ought to be granted, and I was surprised that the railroads did not make this change of their own motion, because it is so reasonable that I can find no ground upon which to base the refusal of the railroad to grant, or the refusal by the commission to compel the change by the railroads. At present all persons traveling from Raleigh, in the early part of the day, to the northeastern part of the state, have to leave Raleigh on a freight train with passenger coaches attached, at the unseasonable hour of 4:30 A. M., when, by the slight change of schedule suggested, they could reach their destination at the same hour by leaving Raleigh two hours later upon the passenger train over the Norfolk and Southern Railroad. To see delicate women and children in midwinter and in all sorts of weather subjected to this needless exposure is enough to call for consideration, even if we deem that men should submit to it. There is but eighteen minutes difference at Wilson. The Norfolk and Southern train should leave Raleigh eighteen minutes earlier, that is, if it would leave Raleigh at 6:17 instead of 6:35 A. M. and the Atlantic Coast Line train would leave Fayetteville ten minutes later, the connection could be made with ample margin for the transfer at Wilson, or the Atlantic Coast Line train which leaves Fayetteville at 5:30 could leave at 5:40, these two changes would accommodate the public at Fayetteville. As this train originates at Fayetteville and the Norfolk and Southern originates at Raleigh, these changes would break no connection, as both these Atlantic Coast Line trains stop twenty minutes in Rocky Mount; there is no reason why they should not leave Wilson a few minutes later to accommodate the traveling public. This very slight change would not only be a great convenience to all people who go from Raleigh to northeastern North Carolina, allowing them to leave home two hours later in the morning than at present, but would also work a great convenience to the people living along the forty-nine miles of road between Raleigh and Wilson, who may have business in any part of northeastern North Carolina dependent upon the connection at Wilson.

Since the action of the majority of the commission, it has come to my attention that on Monday of this week several parties left Wendell, desiring to reach their homes in the early part of the day, at points northeast of Rocky Mount; but because they missed this connection at Wilson by eighteen minutes, they were compelled to remain in that town the most of the day. If I had not before

known that this connection was important, the serious inconvenience of these gentlemen, which is but a sample of the daily inconvenience caused by breaking this connection, it would have been enough to convince me that the slight change there ought to be made.

As to the powers of this commission to order the change, the supreme court and the United States supreme court have approved the finding of this commission when the Selma connection was made some years ago, although that connection required the Atlantic Coast Line to put on an extra train, which the railroad company said would operate to their loss. The courts held, and rightly, that the prime object of running a railroad was public convenience. The Wilson connection now asked for can be made without costing any railroad one dollar, without requiring the employment of an additional man, and without inconvenience to anybody. All that is required is that the two railroads be made to adjust their schedules, so as to divide between them the eighteen minutes necessary to make the connection at Wilson. Inasmuch as the Norfolk and Southern Railroad originates at Raleigh and is dependent upon no connection, and the Atlantic Coast Line's two trains originate at Fayetteville and Goldsboro, dependent upon no connection that would make this change inconvenient, I believe that the public interest demands that the commission order the Wilson connection.

As to the number of people to be accommodated, the evidence taken in the case of the Selma connection showed that ten or twelve thousand people per year would be affected. All these people were traveling from the northeastern part of the state, but, of course, it must be admitted that as many travel from Raleigh to the northeastern part of North Carolina (except those that now live over the Norfolk and Southern to Wilson), and all these are now incommoded by the failure to make connection at Wilson. The chief objection, if not the sole objection, made by the railroads to the Wilson connection is that they have been running the present schedule a long time, and do not like to be forced to change; this is particularly true of the Atlantic Coast Line. I cannot conceive that this is a reasonable objection, or that it ought to weigh to require hundreds of men, women and children to rise two hours earlier in the morning and spend two useless hours on the train, when a few minutes change could make the close connection at Wilson. But even this objection by the Atlantic Coast Line is not correct, for in the last few years the arriving time of the Atlantic Coast Line at Wilson has been changed several times with a variation of more than eighteen minutes now necessary to accommodate the traveling public. An examination of the schedules of the Atlantic Coast Line shows that No. 34, from Fayetteville, reached Wilson as follows:

August, 1906	8:25
June, 1907	8:21
May, 1908	8:10
January, 1909	8:17

Now it will be seen from these changes that the objection that they do not wish to change their schedules does not weigh, because of their own motion the train reached Wilson at 8:25 only a few years ago, and all that is asked is that it shall restore that schedule of their own, which was in operation, and reached Wilson at 8:25 instead of 8:10, as at present. When they reached Wilson at

8:25 the Norfolk and Southern Railway had not then been completed. If they could do it then, and did do it then, there is no reason advanced why it cannot be done now.

I live near that part of the state to be affected, and I know the great convenience the change would promote. The needless hardship and exposure caused the public by the failure to connect at Wilson is a serious matter, and inasmuch as the railroads have turned a deaf ear to the reasonable requests of the people for this connection, and as the corporation commission has the power to order the connection made, I think that we should exercise the power and issue an order that, beginning April 1st, the Norfolk and Southern Railroad train should leave Raleigh at 6:20 instead of 6:35 A. M., as at present, and that the Atlantic Coast Line train No. 34, going to Richmond, should leave Wilson at 8:27, of 8:17 A. M., as at present, thus giving ten minutes at Wilson for passengers to change cars, and baggage to be transferred.

B. F. AYCOCK.

J. C. STEVENSON & CO. v. ATLANTIC COAST LINE RAILROAD COMPANY.

This is a complaint that defendant had exacted unlawful storage charges, amounting to \$3.37. Complaint was filed with this commission December 9, 1908, and, after considerable correspondence, the commission finds from admissions therein the following facts:

On March 29, 1907, complainant delivered to defendant, at Wilmington, N. C., four sacks of corn, and took from defendant a receipt for same, for transportation to J. A. Sexton, at Harnett Siding. Defendant had no such place on its road as Harnett Siding; defendant had a flag stop known as Harnett Junction, which is some distance beyond Manchester, to which it transported prepaid package freight. Complainant intended that this freight should go to Harnett, a station on the Raleigh and Southport Railroad. This freight was carried to Manchester because, as defendant states, Harnett Junction was adjacent to that point. The consignee ascertained that this freight was at Manchester a short time before or on May 10, 1907, and directed that the same be shipped to Harnett, care of the Raleigh and Southport at Fayetteville, and it was so shipped. It was delivered at destination, with charges as follows: \$3.37 storage charges at Manchester, and \$2.09 freight due the Atlantic Coast Line Railroad Company for transportation from Manchester to Fayetteville. The corn was in a decayed state and valueless.

It appears that complainant was at fault in failing to give proper shipping directions; defendant was also at fault in undertaking to transport the freight without proper shipping directions. Defendant should have held this freight at Wilmington, the point of origin, until proper directions were given.

Harnett Junction is a prepay point, and on this account defendant exacted of the complainant prepayment of the freight. Carriers are not liable for package freight shipped to prepay stations after goods are unloaded thereat. Such shipments are at consignee's risk after unloaded at destination. It follows that no charge for storage can be made on this class of freight. No notice seems to have been given the consignors that this freight was undelivered, though it was received by the defendant on the 29th of March and was not reshipped until May 10th.

The commission is, therefore, of the opinion that the exacted storage charge of \$3.37 was unlawful, and that the defendant should pay this amount to complainant, and

It is so ordered.

HUTTON & BOURBONNAIS v. CAROLINA AND NORTHWESTERN RAILWAY COMPANY, CALDWELL AND NORTHERN RAILROAD COMPANY.

M. Squires and Shepherd & Shepherd for plaintiff; J. H. Marion for defendant.

ROGERS, *Commissioner.*

Complaint in this case was heard at Lenoir by Commissioners Beddingfield and Rogers, May 6, 1908, and was later dismissed by order of the commission. But upon motion of the complainant to rehear, the case is reopened and the matters complained of are now considered by the full commission as it is at present constituted.

The complainant in this case, after alleging discrimination in the defendant's (Caldwell and Northern Railroad Company) tariff as it applies to Valmead, a station on the Caldwell and Northern Railroad, which is discussed in the order of the commission heretofore made, insists on the application in this instance of a rule of the commission governing the transportation of freight, namely: "All connecting railroads which are under the management and control, by lease, ownership, or otherwise, of one and the same company, shall, for purposes of transportation, in applying this tariff, be considered as constituting but one and the same road, and the rates shall be computed as upon parts of one and the same road, unless otherwise specified."

The only testimony offered at this hearing is that of defendants' witnesses, copies of which appear in the record in this case. The principal witness is General Manager Nichols of both defendant roads. His testimony, while corroborative of the plaintiff's, heretofore filed in the case, as to the manner of operation of defendant roads, as to the principal offices, train crew, equipment, movement of traffic, and tariffs, it is also explanatory, showing more clearly the existence of the two corporations and their dependence each for its maintenance on the revenue derived from its own earnings, the necessity for separate tariffs, the ownership of the stock and the control of each road. Quoting from his testimony (page 2), explaining the relation between the Caldwell and Northern Railroad Company and the Carolina and Northwestern Railway Company, Mr. Nichols says they are "just that of a very friendly connection"; and in explaining the method of operation he says: "The Caldwell and Northern Railroad Company is operated for and by itself; the Carolina and Northwestern Railway Company is operated for and by itself; they have connection at Lenoir; they interchange cars, interchange business, and run one through train, which is a mixed train, from Gastonia to Edgemont, each way a day, run by each road respectively on its respective road." As to ownership, witness states (page 3) that the Caldwell and Northern Railroad Company is not owned, controlled or operated by the Carolina and Northwestern Railway Company, and that the Carolina and Northwestern Railway Company does not own any of the stock of the Caldwell and

Northern Railroad Company; that the Caldwell and Northern Railroad Company does not own any of the stock of the Carolina and Northwestern Railway Company, and there is no contract or lease of any character whatsoever between the two roads with respect to operation; that Mr. Barber is president of the Carolina and Northwestern Railway Company and the Caldwell and Northern Railroad Company, and (page 15) personally owns the majority of stock in both roads.

In view of this undisputed testimony, the commission is not justified in finding that the Caldwell and Northern Railroad Company is operated by the Carolina and Northwestern Railway Company, and that the Caldwell and Northern Railroad Company is controlled by the Carolina and Northwestern Railway Company by reason of ownership of the stock of the Caldwell and Northern Railroad Company. It proves the contrary.

It appears from the testimony (page 25) of General Manager Nichols and Auditor Kearsley that the Caldwell and Northern Railroad Company didn't pay any fixed charges nor operating expenses for last year, nor for the year before; neither did the Carolina and Northwestern Railway Company earn fixed charges, taxes and expenses of operation last year; and that the bonded indebtedness of the Caldwell and Northern Railroad Company is \$543,000.

The Caldwell and Northern Railroad Company's annual report of operation, as appears in the annual report to the commission, December 31, 1908, shows its operating revenue to be \$35,881.74, and its operating expenses \$40,138.06.

The purpose of the rule of the commission governing transportation of freight, quoted herein, is to require connecting roads under the management and control of one and the same company, whether by lease or ownership, to apply a tariff based on a continuous haul, as if the connecting lines were portions or sections of the same road, thereby lowering the rate from that which would otherwise be the sum of the locals.

This rule is enforced when such conditions appear, except where its enforcement would reduce the tariffs so materially as to affect unjustly the revenues of the company. In such cases it is otherwise specified by allowing separate tariffs. The commission is of the opinion that the rule does not apply in this case:

1. For the reason the Carolina and Northwestern Railway Company and the Caldwell and Northern Railroad Company are not under the management and control of one and the same company, by lease or ownership.

2. If such a construction of their relations was made, then they would come within the exception, having been allowed separate tariffs.

3. That the earnings of the Caldwell and Northern Railroad Company and its financial condition at present will not justify the commission in requiring a through tariff and one which, when approved, would provide revenue sufficient to maintain both roads.

Therefore, the commission is of the opinion that the order heretofore made, dismissing this case, is proper.

MORGANTON RETAIL MERCHANTS ASSOCIATION v. SOUTHERN RAILWAY COMPANY—PETITION FOR REMOVAL OF FREIGHT STATION.

ROGERS, *Commissioner*.

The petitioners in this case, complaining of the Southern Railway's facilities for handling freight at Morganton, allege that they are inadequate to meet the needs of the town, incur danger to life and property, delay and inconvenience, and pray for the removal of the freight depot from its present site south of the main line of the railroad to the north side thereof, and enlarged so as to provide against the conditions complained of.

The matter coming before the commission for hearing at Morganton, the 13th day of April, 1909, the petitioners are represented by Attorneys A. C. Avery and Avery & Erwin, and the defendant by its attorney, L. C. Caldwell. Defendant offered no witnesses. Testimony offered in the proceeding by the petitioners was reduced to writing and is filed herewith in the case.

The facts as shown by the evidence are as follows:

The Southern Railway has, at Morganton, on the south side of its main line, a depot built about 1859 or 1860, having along its south side practically its full length a spur track, and on its north side a sidetrack extending beyond both to the eastward and westward. The end of the building westward, which is provided with a platform and single door, is being used for receiving and delivering freight. Within a few feet of this platform is a principal street crossing northwardly and southwardly the main line and the sidetracks of the defendant, and the teams and those engaged in handling warehouse freight are necessarily between the depot and the said street on the westward, while the rails of the railway lie as near on the northward. That freight cars stand on the side and spur tracks almost continually, and that the view eastward is obstructed so that moving trains become dangerous to life and property; that seventy-five (75) to ninety (90) per cent of the business at Morganton is done by those living on the north side of the railway, and they are necessitated in the transaction of their business to cross the railroad; that the north side or town side has seventy-five (75) per cent or more of the population doing business at this station; that the increase in business since the construction of this depot is variously estimated from ten to twenty times; the increase in population during this period is from six hundred (600) to forty-five hundred (4,500). The depot is used for the agent's office, baggage, express and freight, the portion assigned for freight being about forty (40) by sixty (60), which does not provide room for the handling, assorting and removing freight under the present conditions without delay and inconvenience. That removal of the depot to the north side of the railway would provide against the danger and inconvenience now existing, and an available place for proper accommodations can be had.

The defendant filed a statement showing the traffic handled at Morganton for a period of two years, ending December 31, 1907 and 1908:

	<i>Forwarded.</i>	<i>Received.</i>
1907	\$41,458.28	\$90,992.93
1908	34,128.16	84,820.26

In view of these facts, it is the opinion of the commission that the removal of the depot to the north side of the railroad and enlarging the warehouse space will promote the convenience, security and accommodation of the public.

Therefore, it is so ordered.

ASHEVILLE DRAY, FUEL AND CONSTRUCTION COMPANY v. SOUTHERN RAILWAY COMPANY.

This is a petition to require defendant to construct a sidetrack to complainant's industry established at Asheville.

For convenience of the parties, the case was heard at Asheville February 8, 1909.

W. P. Brown, Esq., attorney, represented petitioner, and Messrs. R. M. Ramsey and W. H. Bird, petitioners, were present. G. R. Loyall, general superintendent; R. E. Simpson, superintendent, and T. H. Gatlin, engineer maintenance of way, were present and represented defendant.

Oral evidence was taken down by stenographer and typewritten copy thereof made and filed in this office.

Affidavit of S. C. Ramsey and blue print of complainant, dated November 24, 1905, and blue print of defendant, dated February 3, 1909, were also offered in evidence and filed in this office.

Petitioner offered to pay all cost of constructing the sidetrack. The total cost, as estimated by defendant, would be about \$4,800. The revenue which will accrue to defendant from the sidetrack would be sufficient to reimburse defendant in five years for the expense of its construction, if defendant paid the cost of same.

Petitioner applied to defendant for sidetrack before the petition was filed in this case, and defendant made survey and reported cost as above and that it was practicable to establish the sidetrack, and, in pursuance of this report, petitioner constructed 180 feet of the track. It was admitted by defendant on the hearing that it is practicable to construct the sidetrack asked for in the present condition of the yards, but it is claimed that the siding will interfere with defendant's plans for enlarging the yards by extending the freight house 200 feet and erecting a platform for receiving outgoing package freight.

The evidence showed that defendant has had plans for enlarging freight depot at Asheville under contemplation ever since the year 1903, and the failure to execute the plans is explained by the financial panic which began the latter part of 1907.

After careful consideration of the evidence offered and personal inspection of the yards, the commission is of the opinion that the sidetrack, if constructed as asked for, will not interfere with the proposed improvement and will not interfere with facilities for getting teams and wagons to said proposed improvements; and, as this is the only defense urged by defendant:

It is ordered that the defendant construct said siding, as prayed for, so as to connect the 180 feet of siding already constructed with defendant's tracks, upon complainants paying the cost thereof, and that this work be done within sixty days from the date hereof.

FRANKLIN MCNEILL,

MORGANTON RETAIL MERCHANTS ASSOCIATION v. SOUTHERN RAILWAY COMPANY—IN RE HEARING.

ROGERS, Commissioner.

The matters complained of in the petition filed in the above entitled case were heard by the commission on the 13th day of April, 1909, at Morganton, and they report findings of fact, and an order in said case was made April 28, 1909.

The respondents thereupon excepted to the findings and the order, and the matter was reheard at Raleigh, North Carolina, May 24, 1909. J. H. Pearson, petitioner, with J. W. Bailey, attorney, represented the petitioners; W. B. Rodman, attorney, represented the respondents. Evidence of T. H. Gatlin, engineer of maintenance of way; E. J. Galloway, agent at Morganton, and G. R. Loyall, general superintendent, was heard on behalf of defendant company, and the evidence of J. H. Pearson on behalf of petitioners.

The additional evidence and the further consideration of all the testimony does not, in the opinion of the commission, change the material facts found in the original hearing:

Therefore, the order in this case is affirmed and the exceptions herein overruled.

June 18, 1909.

CITIZENS OF SANFORD v. SEABOARD AIR LINE RAILWAY, ATLANTIC COAST LINE RAILROAD COMPANY, SOUTHERN RAILWAY COMPANY—IN THE MATTER OF UNION PASSENGER STATION.

Complainants allege that the passenger depot facilities at Sanford are inadequate and that defendants should be required to erect a suitable passenger station at that point.

The matter was heard at the office of the corporation commission, in Raleigh, on the 24th day of May, 1909.

D. E. McIver, Esq., represented plaintiff; W. B. Rodman, Esq., attorney, Southern Railway Company; J. H. Pou, Esq., attorney, Seaboard Air Line Railway; J. H. Pou, Esq., and Geo. B. Elliott, Esq., attorneys, Atlantic Coast Line Railroad Company.

The evidence offered for plaintiff and defendants was taken by stenographer and typewritten copy thereof made and filed in this office.

It was admitted in the evidence by some of the defendants, and the commission finds the fact to be, that the passenger station now used by the defendants at Sanford is entirely inadequate for the security, convenience and accommodation of the public, and that a larger building with greater seating capacity and with toilet rooms and other facilities is a necessity.

The present station seems to be owned by two of the defendants—the Seaboard Air Line Railway and the Southern Railway Company—and is also used by the Atlantic Coast Line Railroad Company, the other defendant, upon payment of rental.

It is practicable and the necessities of the case, in the judgment of the commission, require that defendants, all entering the city of Sanford, have one common or union passenger depot for the security, accommodation and convenience of the traveling public; and

It is, therefore, ordered that the defendants unite in the joint undertaking and expense of providing and maintaining such union passenger depot commensurate with the business and revenues of said defendants at Sanford; and to that end, that defendants file with this office plans and specifications for such depot within thirty days from the date hereof.

CAROLINA, CLINCHFIELD AND OHIO RAILWAY v. WILLIAM PETERSON
AND WIFE, REBECCA PETERSON—PETITION TO CONDEMN GARDEN
AND PORTION OF YARD.

ROGERS, *Commissioner.*

Petitioner in this proceeding, the Carolina, Clinchfield and Ohio Railway, seeks to condemn certain lands, including a garden and portions of a yard, described by metes and bounds, belonging to William Peterson, the defendant.

Upon petition filed by the plaintiff railroad with the corporation commission, alleging that it is necessary to occupy certain land, including an enclosure used as a garden, belonging to defendant, for the purpose of maintaining, operating, straightening and altering the location of its line, the commission made due inquiry, as required by section 2, chapter 458, Laws of 1907, by an investigation of the conditions and by finding the facts in respect thereto by taking testimony in the proceeding at Bakersville, June 10, 1909, where and at which time the plaintiff and defendant were present and were represented by counsel—the plaintiff by W. L. Lambert, Esq., and James J. McLaughlin, Esq., and the defendant by Charles E. Green, Esq.

Stenographic report of the testimony was taken by the commission's stenographer and is filed herewith.

Evidence to the effect that the land sought to be condemned is necessary to the maintenance of its line and the desired improvement, and that the railroad company cannot make the desired improvement without condemning the garden and yard, as described by metes and bounds in the petition, without excessive cost, is not rebutted.

Therefore, the commission, without expressing an opinion as to the value of the land sought to be condemned, finds that the railroad company cannot make the desired improvement without condemning the garden and yard, except at an excessive cost.

CAROLINA, CLINCHFIELD AND OHIO RAILWAY v. JONAS D. PETERSON
AND WIFE, MARY PETERSON—PETITION TO CONDEMN GARDEN.

ROGERS, *Commissioner.*

Petitioner in this proceeding, the Carolina, Clinchfield and Ohio Railway, seeks to condemn certain lands, including a garden belonging to Jonas D. Peterson, the defendant.

Upon petition filed by the plaintiff railroad with the corporation commission, alleging that it is necessary to occupy certain land, including an enclosure used

as a garden, belonging to defendant, for the purpose of maintaining, operating, straightening and altering the location of its line, the commission made due inquiry, as required by section 2, chapter 458, Laws of 1907, by an investigation of the conditions and by finding the facts in respect thereto by taking testimony in the proceeding at Bakersville, June 10, 1909, where and at which time the plaintiff and defendant were present and were represented by counsel, the plaintiff by W. L. Lambert, Esq., and James J. McLaughlin, Esq., and the defendant by Charles E. Greene, Esq.

Stenographic report of the testimony was taken by the commission's stenographer and is filed herewith.

Evidence to the effect that the land sought to be condemned is necessary to the maintenance of its line and the desired improvement, and that the railroad company cannot make the desired improvement without condemning the garden, as described in the petition, without excessive cost, is not rebutted.

Therefore, the commission, without expressing an opinion as to the value of the land sought to be condemned, finds that the railroad company cannot make the desired improvement without condemning the garden, except at an excessive cost.

CITIZENS OF MARION ET ALs. v. SOUTHERN RAILWAY COMPANY, CAROLINA, CLINCHFIELD AND OHIO RAILWAY—FACILITIES AT MARION JUNCTION.

ROGERS, *Commissioner*.

The investigation in this case by the commission is because of sundry petitions from citizens and business organizations of many towns located on the lines of the defendant roads, namely: Asheville, Lenoir, Hickory, Morganton, Greensboro, Statesville, Bakersville, Spruce Pine, et al., asking for facilities for the interchange of passengers at Marion Junction.

On the 25th day of February, 1909, at Marion, North Carolina, the commission heard the petitioners and the defendants above named. General Superintendent Loyall represented the Southern Railway Company, and Traveling Passenger Agent Mandel represented the Carolina, Clinchfield and Ohio Railway. The commission made personal observations and heard testimony in respect to the conditions at Marion Junction and as to the necessity for the interchange of passengers at that point.

Marion Junction is a point two miles east of Marion, a station on the Southern Railway, where the Carolina, Clinchfield and Ohio Railway and the Southern Railway cross, and at which place the defendant roads have physical connection and interchange carload freight. The Carolina, Clinchfield and Ohio Railway has a temporary freight and passenger station on its line about one thousand feet from the crossing. The Southern Railway Company has no facilities at all at this crossing for passengers, nor does it stop any of its passenger trains at the crossing. Passengers desiring to transfer from either of the defendant roads to points on the other must necessarily travel by private means two miles, the distance from Marion Junction to Marion station.

At the date of the hearing the existing schedule on the defendant roads did not allow sufficient time between the principal trains on their respective roads

to drive the distance of two miles with assurance of making connection. Missed connection and delay were often occurring.

The Carolina, Clinchfield and Ohio Railway, in connection with the Seaboard Air Line Railway, operates two passenger trains daily between Wilmington, North Carolina, and Johnson City, Tennessee, via Marion Junction, and the Southern Railway Company operates six passenger trains daily via Marion Junction, which make connection with its main and branch lines to all points on its system.

The commission, considering the great demand for the interchange of passengers and baggage at this point between defendant lines; that the interchange of traffic at this junction is now provided; that the defendant roads traverse every populated section of the state, and the further fact that the defendant Carolina, Clinchfield and Ohio Railway admits the reasonableness of the demand of petitioners and makes known to the commission its willingness to join with the Southern Railway to provide the facilities asked for, is of the opinion that the defendants have the power to afford the facilities petitioned for; that they are reasonable and proper and are necessary to the forwarding and delivery of passengers to and from their respective lines.

Therefore, it is ordered by the commission that the Carolina, Clinchfield and Ohio Railway and the Southern Railway Company, within sixty days from this date, provide at Marion Junction proper and adequate facilities for the interchange of passengers and baggage.

CITY OF DURHAM v. NORTH CAROLINA RAILROAD COMPANY, SOUTHERN RAILWAY COMPANY, SEABOARD AIR LINE RAILWAY.

This is a proceeding under chapter 199 of Private Laws of 1905, to have the corporation commission find the value of property which plaintiff seeks to condemn and to find what will be the necessary clearance, and whether it will be necessary to raise or lower defendants' tracks, and to apportion cost of subway between plaintiff and defendants.

This cause was heard after due notice to all parties.

R. O. Everett, Esq., attorney for plaintiff; W. B. Rodman, Esq., attorney for defendant companies, North Carolina Railroad Company and Southern Railway Company; F. L. Fuller, Esq., attorney for Seaboard Air Line Railway.

All were present.

The evidence offered was heard and typewritten copy thereof made, and is on file in the record in this office.

Upon consideration thereof, we find that the value of the property sought to be condemned is the amount that it would cost to erect a safe and permanent way for defendants' tracks over Alston Avenue, which, in our opinion, is \$26,000.

We further find that there should be a clearance for subway of 46 feet in width and 12 feet in height.

We further find that it will not be necessary to raise defendants' tracks, as the proper clearance can be had by excavating two feet deeper than the grade of said street under said tracks.

We further find that the cost of said subway will be \$26,000, as follows: \$4,500 for excavation, \$1,500 for temporary structures for support of track, and \$20,000

for permanent support of track, consisting of concrete abutments and girders, etc.; and that 60 per cent of said cost should be borne by the city of Durham, 25 per cent by the North Carolina Railroad Company and Southern Railway Company, and 15 per cent by the Seaboard Air Line Railway.

Chairman.

CITIZENS OF WATAUGA AND MITCHELL COUNTIES v. VALLE CRUCIS,
SHAWNEEHAW AND ELK PARK TURNPIKE COMPANY—IN RE TOLLS.

ROGERS, *Commissioner.*

This case coming on to be heard at Banners Elk, June 11, 1909, the petitioners were represented by their attorney, T. A. Love, and the defendant company by its attorney, L. D. Lowe.

The testimony offered was taken by the commission's stenographer, and type-written copies thereof filed herewith as part of the record in this case.

The defendant corporation was chartered by chapter 221, Private Laws of the General Assembly of 1891, for the purpose of constructing a turnpike road from Valle Crucis to Elk Park, North Carolina, and by said law is authorized to condemn any lands required for said turnpike either for the roadway or tollhouses, or other appurtenances thereto, and to demand and receive tolls (not exceeding certain sums), and to erect a tollgate across said turnpike; and said act further provides for certain penalties which may be imposed upon persons using any part of said road without paying the tolls due for such use, when regularly demanded; and also further directs how the tolls collected shall be expended.

It appears that defendant company's organization was made and shares of stock subscribed and paid in to the amount of \$2,620. Interested parties contributed, by subscription and otherwise, to the construction of the turnpike.

It appears that practically the maximum tolls authorized have been charged for the use of the said road, namely:

Four-horse wagon	35 cents.
Two-horse wagon	20 cents.
One-horse wagon	15 cents.
Two-horse buggy	35 cents.
One-horse buggy	25 cents.
Horse and rider	10 cents.
Horse or cattle	5 cents each.
Sheep	3 cents each.

The system for collecting these charges is by two toll gates erected across the road, one about $3\frac{1}{2}$ and one about 5 miles from Elk Park, each collecting one-half the toll above mentioned.

It further appears that any one using the turnpike a distance of $3\frac{1}{2}$ miles out of Elk Park would pay half as much as one using it 5 miles, and one using the road the 5 miles out of Elk Park would pay the same toll as one using it 16 miles, which is the full length. There is about 12 miles of the turnpike between Valle Crucis and the first gate across the road which may be used without the payment of the tolls.

It appears from the evidence that the company's revenue is derived principally from its patrons near Elk Park, and any loss to its revenue is accounted for on the twelve miles of its road on which no toll is demanded.

The principal causes alleged in the complaint in this case seem to be:

1. The amount of the toll demanded for the use of the road at the Elk Park terminus, through two gates, a distance of five miles.
2. The bad condition of the road or the failure and neglect to keep it in repair.

It appears from the evidence that the turnpike under discussion is the only practicable route from Elk Park, near Cranberry, railroad termini and trading points in Mitchell county, to Valle Crucis in Watauga county, and the only road accessible to the populated sections of the two counties. It is, therefore, a much traveled road.

The annual receipts for the tolls of the company do not appear, although the record shows the company was allowed time in which to file statement showing them. The evidence is that, for ten years, during the construction period and after, no receipts from tolls were given to dividends, but since that time dividends have been declared, one of 40 per cent; that for twelve months, ending March 31, 1909, receipts exceeded expenditures only about \$494 or about 18 per cent, and for two months, April and May, 1909, \$97 or an average of 20 per cent.

The evidence shows that the condition of the road is often complained of. One or more times an effort to indict it in the court was made, and also a suit for damage on account of accident is now pending.

It further shows that the road is not kept in such repair and in such a class as a toll road paying dividends to its stockholders should be; and the commission so finds.

The maximum tolls authorized by the company's charter are, under the circumstances, excessive, and should not be demanded for the use of the road. The turnpike company recognizes the equity of the mileage or distance scale of charges, and the commission is of the opinion that the tolls allowed for the use of the pike should be so adjusted as to be less burdensome on those using only the Elk Park terminus.

The commission, therefore, approves the following tariff of charges or tolls for use of defendant company's road, and directs that no other charges exceeding same, if collected in the manner as at present, by two gates located as they now are, shall be demanded, namely:

	<i>One gate.</i>	<i>Second gate.</i>
Four-horse wagon	15 cents.	add 10 cents.
Two-horse wagon	10 cents.	add 5 cents.
One-horse wagon	5 cents.	add 5 cents.
Two-horse buggy	15 cents.	add 10 cents.
One-horse buggy	10 cents.	add 5 cents.
Horse and rider	5 cents.	add 5 cents.
Cattle	2 cents.	add 1 cent.
Sheep	1 cent.	add 1 cent.

While the question is not now being passed on by the commission, it respectfully calls the attention of the company to section 9 of the act creating said corporation, which, in the opinion of the commission, seems to direct that the fare

or toll received from the use of said road shall be expended in keeping the toll-house, making and constructing said turnpike and keeping the parts thus made in repair before dividends to stockholders are authorized.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY TO THE COMMISSION—EX PARTE—IN RE APPLICATION OF SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY TO INCREASE RATES IN EXCHANGE AT WILMINGTON.

This is a petition filed by the Southern Bell Telephone and Telegraph Company for permission to modify schedule of rates then and now in operation at the exchange in Wilmington, North Carolina, so that on and after October 21, 1909, the rate for

Business service—unlimited duplex line (two stations on line) would be \$3.50 per month instead of \$3; and unlimited party line (not exceeding six stations on line), \$3 per month instead of \$2.50; and

Residence service—unlimited special line would be \$2.50 per month instead of \$2; and unlimited duplex line (two stations on line), \$2 per month instead of \$1.50.

The proceeding was begun May 27, 1909, and notice of the pendency thereof was given to the public through the public press of the state immediately and that the petition would be heard on June 25, 1909.

Protests were filed by the chamber of commerce of Wilmington, which were withdrawn before the hearing, and later a number of citizens of Wilmington filed protest.

At the hearing petitioners were represented by Messrs. Hunt Chipley and A. B. Andrews, Jr., attorneys. There was no representative of the protestants.

The evidence offered by petitioner was taken by stenographer and typewritten copy thereof was made and is on file in this office.

It appears from this evidence that the rates now in force were put in effect in 1903, when there were about 800 subscribers to the exchange; now there are about 2,000 subscribers to the exchange.

It further appears that the average investment in exchange construction for Wilmington, North Carolina, for the year 1908, was \$207,136.68; that the exchange revenue amounted to \$50,759.50; and that the expenses of operation amounted to \$41,743.39—all of which data is put in the form of table and attached to the evidence. So that the per cent of profit for the year was 3.851, it appears.

It further appears that the average per cent of profit for the three years, to wit: 1906, 1907 and 1908, was 3.054.

The protests in the view taken by the commission are based on misapprehension of the law and the facts. One of the grounds assigned is the profit made by the petitioners upon their whole business in and out of the state. In the view taken by the commission, the petitioner is entitled to reasonable profit on amount invested in the exchange service in Wilmington.

Another ground of protest is that the petitioner made, in 1908, about \$36,000 net profit on an investment of \$81,000. From the above statement of facts as developed by the evidence, this is a misapprehension, the investment being \$207,-

136 and the net profit \$9,016. Upon the evidence in this case it does not appear that the increase in rates petitioned for would yield more than a reasonable income upon the investment, and it does appear that the petitioner is entitled to more income than he is receiving under the present schedule of rates.

It is, therefore, ordered that the petition be granted.

Reports will be required of petitioner from time to time of the operations of said exchange, and rates will be adjusted as the nature and circumstances of the case may require.

FRANKLIN McNEILL,

August 14, 1909.

Chairman.

ASHEVILLE TELEPHONE AND TELEGRAPH COMPANY TO THE COMMISSION—IN RE APPLICATION OF INCREASE EXCHANGE RATES—ASHEVILLE.

ROGERS, *Commissioner.*

The petitioner in this case asks a revision of and an increase in the telephone rates for exchange service in the city of Asheville.

The petitioner, the Asheville Telephone and Telegraph Company, is a duly authorized corporation, doing a telephone business in the city of Asheville, and, by virtue of an ordinance of said city, has been allowed to charge for unlimited telephone service within said city for a period of five years, from January 1, 1904, rates not exceeding those set forth therein, namely:

For business purposes, special line at the rate (payable in advance) of.....	\$10.00 per quarter,
or	3.50 per month.
For residence purposes, special line, at the rate (payable in advance) of.....	6.00 per quarter,
or	2.15 per month.
For duplex line for business purposes, at the rate (payable in advance) of.....	9.00 per quarter,
or	3.15 per month.
For duplex line for residence purposes, at the rate (payable in advance) of.....	4.50 per quarter,
or	1.65 per month.
For 4 party line for business purposes, at the rate (payable in advance) of.....	7.50 per quarter,
or	2.65 per month.
For 4 party line for residence purposes, at the rate (payable in advance) of.....	15.00 per annum,
or	1.50 per month.

The petitioner alleges that the said rates have not been remunerative, yielding less net revenue per annum than one per cent on the value of the property employed in furnishing said exchange service.

The petition in this case was filed May 27, 1909. Notice of the proceeding was given immediately through the public press. Notice giving date of hearing before the commission appeared in The Asheville Citizen, issue June 17, 1909.

At the hearing, June 25, 1909, the petitioner was represented by Alfred Barnard and Hunt Chipley, attorneys. There was no one representing the city of

Asheville. Evidence offered by the petitioner was taken by a stenographer and typewritten copy thereof made and is filed with other papers in the case.

It appears from the evidence that the present telephone plant in operation in the city of Asheville is practically new, having been reconstructed within the last three years, and is one of highest efficiency. The exchange investment in this plant represents a value, average, 1908, of \$272,072.07.

It further appears that the total revenue for the year 1908 was \$48,814.13; total expenses, \$46,265.31; net revenue of \$2,548.82, or a percentage of net profit, .89.

The evidence further shows that for three years, 1906, 1907 and 1908, the result of the operation of the Asheville Telephone and Telegraph Company was less than one per cent net revenue. Exhibits containing data to this effect were filed as evidence at the hearing, and copies thereof are attached hereto as findings of the commission.

It is also shown by the testimony that if the rates asked for in the petition were in effect, assuming that the same number of subscribers and the same class of service were retained, the maximum increase in the company's revenue would be \$8,655.24, and that the result of operation would show less than 4 per cent net earnings. Copy of an exhibit filed as evidence in the case to this effect is hereto attached.

It is further shown that the proposed rates are no higher than the rates charged by the Southern Bell Telephone and Telegraph Company in other states and in North Carolina under similar conditions.

It does not appear from the evidence in this case that the increase in rates petitioned for (a schedule copy is hereto attached) would yield more than a reasonable income upon the value of the property employed in the exchange service of the Asheville Telephone and Telegraph Company, and it is the opinion of the commission that the petitioner is entitled to more income than it is receiving under present schedule of rates.

It is, therefore, ordered that the petition be granted, and that the schedule of rates herein filed be and is hereby approved.

August 20, 1909.

CITIZENS OF WATAUGA AND MITCHELL COUNTIES v. VALLE CRUCIS,
SHAWNEEHAW AND ELK PARK TURNPIKE COMPANY—IN RE TOLLS
—ORDER OVERRULING EXCEPTIONS.

ROGERS, *Commissioner*.

The hearing in the above entitled case was had at Banners Elk, June 11, 1909, and the decision of the commission rendered August 4, 1909. A copy of the order of the commission was mailed both to the plaintiff's and defendant's attorneys August 5, 1909.

The defendant company filed with the commission, on August 23, 1909, exceptions, which were submitted without argument.

The exceptions were overruled, and the defendant company appealed to the superior court and filed bond in the sum of \$1,000, August 27, 1909, which is approved by the commission, as provided by section 1078, Revisal of 1905.

Therefore, it is ordered by the commission, upon defendant company filing bond as required in case of appeal to the superior court, that all the papers and evi-

dence considered by the commission, together with the assignments of errors filed with the appellant, be transmitted to the next term of superior court of Watauga county.

August 24, 1909.

CITIZENS OF MARION ET. ALS. v. SOUTHERN RAILWAY COMPANY, CAROLINA, CLINCHFIELD AND OHIO RAILWAY—FACILITIES AT MARION JUNCTION.

ROGERS, *Commissioner*.

Pursuant to notice to the petitioner and defendants, the exceptions in this case made by the Southern Railway Company were heard the 24th day of August, 1909.

Defendant Southern Railway Company was represented by James H. Pou, attorney, and E. H. Coapman, general superintendent; J. Norment Powell, attorney, and M. J. Caples, vice-president and general manager, represented the Carolina, Clinchfield and Ohio Railway.

Evidence was offered by defendant Southern Railway Company, and the same was taken by the commission's stenographer, copy of which is typewritten and filed in the record of the case.

It appears to the commission, in addition to the evidence in the case, that the parties defendant have practically agreed between themselves upon the terms on which they will provide the facilities prayed for in the petition in this case and as ordered by the commission on the original hearing, as is shown by copies of telegrams to and from defendants through the office of the commission, namely:

"HON. FRANKLIN McNEILL,

Chairman Corporation Commission,

Raleigh, N. C.

"If the C., C. and O. Railway will make all necessary improvements at Marion Junction for the transfer of passengers and baggage free of cost to the Southern Railway, and will pay two-thirds of the salary of the man necessary to handle the passengers and baggage, the Southern Railway will accept the order requiring them to stop their passenger trains at Marion Junction on flag signal for passengers coming from or going to the C., C. and O. Railway via Marion Junction; it being understood that this order is to cover passengers and baggage only.

E. H. COAPMAN."

"HON. FRANKLIN McNEILL,

Chairman State Corporation Commission,

Raleigh, N. C.

"Your telegram order in terms suggested by Mr. Coapman's telegram quoted will be satisfactory to us, with provision that Southern Railway shall erect and maintain platform along its own track. This will be insignificant cost, but it is doubtful if any other corporation could do it to the satisfaction of Southern. Would like for order to be so drawn as to give either party right to ask for modification upon any change of conditions or upon ascertaining that its provisions were not fair.

M. J. CAPLES."

"H. C. BROWN,
Clerk North Carolina Corporation Commission,
Raleigh, N. C.

"Advantage of stopping Southern Railway trains at Marion Junction all in favor of C., C. and O. and at sacrifice of Southern, therefore, C., C. and O. should make all necessary improvements. Southern Railway will maintain the platform and passenger shelter, but C., C. and O. should erect it.

E. H. COAPMAN."

Upon the further consideration of the evidence and the propositions as shown by the telegrams aforesaid, the commission hereby overrules exceptions filed herein, and

It is, therefore, ordered that the defendant, the Carolina, Clinchfield and Ohio Railway, make all necessary improvements at Marion Junction for the transfer of passengers and baggage and pay two-thirds of the salary of the man necessary to handle the passengers and baggage; and

It is further ordered that the defendant, the Southern Railway Company, provide, erect and maintain necessary platform along its own tracks to provide the interchange facilities for passengers and baggage at Marion Junction, and pay one-third of the salary of the man necessary to handle the passengers and baggage aforesaid.

That the facilities required by this order be provided within thirty days from this date.

August 26, 1909.

CITIZENS OF SANFORD ET ALS. v. ATLANTIC COAST LINE RAILROAD COMPANY, SEABOARD AIR LINE RAILWAY, SOUTHERN RAILWAY COMPANY—IN RE SANFORD DEPOT.

This cause coming on for further directions upon defendant filing in this cause plans and specifications for union passenger station at Sanford, and exceptions being filed to said plans by complainants, after notice to all parties of record, the cause was heard on August 23, 1909.

D. E. McIver, Esq., attorney, appeared for petitioners; Col. W. B. Rodman, counsel, appeared for Southern Railway Company; J. H. Pou, Esq., attorney, appeared for Atlantic Coast Line Railroad and Seaboard Air Line Railway.

Evidence was offered which was typewritten and copy thereof filed in this office.

It appearing to the commission that the Seaboard Air Line Railway contemplates making a change in its tracks at Sanford so that it will cross under the Southern Railway or Atlantic Coast Line Railroad track with a grade at Sanford, and that plans have been drawn up for that purpose, and that if this is done it might be necessary to change the location of the union passenger station;

And it further appearing to the satisfaction of the commission that a depot according to the plans filed would be sufficient for the security, accommodation and convenience of the traveling public at least until the Seaboard Air Line Railway will have a reasonable time for maturing and perfecting the plans above suggested;

It is ordered by the commission that the exceptions to said plans be and they are hereby overruled.

The order heretofore made in this cause does not indicate what material should be used in the construction of said union passenger station, nor do we do so now; nor do we pass upon the question as to whether defendant will violate "fire limits law" if they use material of wood in constructing said depot. This is a matter for the city government of Sanford.

We renew our order that the defendants unite in erecting a union passenger station adequate to the security, accommodation and convenience of the traveling public.

FRANKLIN MCNEILL,

Chairman.

Commissioner Aycock dissenting.

ATLANTIC COAST LINE RAILROAD COMPANY, SEABOARD AIR LINE RAILWAY, SOUTHERN RAILWAY COMPANY, NORFOLK AND SOUTHERN RAILWAY, TO THE COMMISSION—IN RE APPLICATION FOR RELIEF UNDER CHAPTER 446, LAWS OF 1909, FROM EQUIPPING ENGINES WITH ELECTRIC OR POWER HEADLIGHTS.

The petitions of the Atlantic Coast Line Railroad Company and Seaboard Air Line Railway were heard, after due notice, on the 24th day of May, 1909.

Geo. B. Elliott, Esq., appeared and represented Atlantic Coast Line Railroad Company; James H. Pou, Esq., appeared and represented Seaboard Air Line Railway; D. K. Wright, engineer, appeared and asked to be allowed to represent his own interests and that of other engineers, and was allowed to do so.

The evidence offered was typewritten and copy thereof filed in this office.

The petition of the Norfolk and Southern Railway was heard on the 22d day of June, 1909. W. W. Terry, attorney, appeared and represented petitioner.

The Southern Railway Company did not offer any evidence, but relied upon the evidence of other petitioners so far as same was applicable to its petition.

These petitions are all considered together, as they all involve the construction of the same statute.

The petition of the Southern Railway Company alleges that more than 25 per cent of its engines in operation in North Carolina are equipped with electric or power headlights, as required by the statute, and that on this account and also on account of abnormal depression of business, and the further fact, which they allege, that the safety of employees and the public will not be hazarded thereby, they ask to be exempted from equipping any engines until after April 1, 1910, and before April 1, 1911.

The petition of the Seaboard Air Line Railway alleges local trains 3 and 4, running between Norlina and Johnston Street Station, are scheduled to run wholly in daytime; and that trains from Boykins to Lewiston are on branch lines on which few trains are operated, and those that are are operated on day schedule; and that trains between Henderson and Durham and between Henderson, Dickerson and Oxford are on branch lines with few trains and on day schedule; and that trains operated between Franklinton and Louisburg are on branch lines with light service and daylight schedule; and that trains 1, 2, 3, and 4, operated between Raleigh and Aberdeen and Aberdeen and Monroe, are

local trains and scheduled for daylight runs; that trains operated between Moncure and Pittsboro are on branch lines and scheduled for light service and in daylight; that trains 5 and 6, operated between Hamlet and Columbia, are local trains operated on daylight service; that trains operated between Hamlet and Wilmington are on a road which is operated as a branch line with light service; and that trains operated between Monroe and Rutherfordton, including Ellenboro Branch, are on a road which is operated as a branch line and the service is light; that trains 5 and 6, operated between Monroe and Chester, are local trains run on daylight schedule with light service; and that the exemption of engines of all of the above trains from electric or power headlights will not, in petitioner's opinion, result in increased hazard to the men operating the trains, or other employees, or the traveling public, and will result in saving of petitioner's funds.

The petition of the Atlantic Coast Line Railroad Company and the Norfolk and Southern Railway alleged that electric or power headlights are not necessary or advisable on trains operated by them in North Carolina.

The statute provides that every company, etc., owning or operating a railroad is required to equip and maintain and use upon each and every locomotive in railroad service on main lines in this state an electric or power headlight, etc.: Provided, that only 25 per cent of said locomotives not *now* so equipped shall be required to be so equipped or used by April 1, 1910; another 25 per cent by April 1, 1911; another 25 per cent by April 1, 1912, and the remainder by April 1, 1913: Provided that this act shall not apply to locomotives regularly used in switching cars or trains; and further provided that this act shall not apply to locomotive engines used exclusively between sunup and sundown, nor going to nor returning from repair shops when ordered in for repairs: Provided further, the corporation commission may relieve from the operation of this act such locomotives and roads or parts or sections or branches of road upon which the corporation commission may deem electric or power headlights not advisable: Provided further, that should an engine start on a trip with headlight in good working condition, and from some unavoidable cause such headlight becomes disabled and cannot be repaired on the line of the road on which such run is being made, there shall be nothing in this act to prevent said engine from continuing on said trip, and the railroad shall not be liable for prosecution on account of such failure.

The contention of Southern Railway Company is that over 25 per cent of its engines now in operation in North Carolina are equipped with electric or power headlights, and, therefore, they should not be required to equip any more of its engines until after April 1, 1910, and prior to April 1, 1911; but the statute quoted above requires that 25 per cent of engines not *now so equipped*, etc. This act was passed March 5, 1909, so that the statute will not bear such a construction or the construction contended for by petitioner.

The evidence offered on the trial to show the understanding of the parties urging the bill or the legislative committee which passed upon it cannot be considered so as to change the plain words of the statute.

The corporation commission is only authorized to relieve from the operation of this act such locomotives, etc., upon which the said commission may deem such electric or power headlights not advisable.

Upon consideration of the petitions and the evidence, the commission is unable to grant the relief prayed for in the foregoing petitions, and,

Therefore, it is ordered that they and each of them be dismissed.

The commission deems it proper to say that a number of the locomotives referred to in the petitions are exempted from the operation of the law by the act itself. We only decide that, in our judgment, we ought not to prevent the operation of this law under the power conferred on us by this act.

FRANKLIN MCNEILL,

August 26, 1909.

Chairman.

CITIZENS OF SANFORD ET ALs. v. ATLANTIC COAST LINE RAILROAD, SEABOARD AIR LINE RAILWAY, AND SOUTHERN RAILWAY COMPANY—IN RE SANFORD DEPOT—DISSENTING OPINION OF B. F. AYCOCK, COMMISSIONER.

A sense of justice to the traveling public, citizens of Sanford and the railroad companies, compelled me to dissent from the order of the commission in overruling the petition of the citizens of Sanford.

There are three railroads using one depot at Sanford, to wit: Seaboard Air Line Railway, Atlantic Coast Line Railroad, and Southern Railway Company. The people of Sanford already have a union depot. They complain that the depot is not sufficient in size and has not the convenience necessary to accommodate the traveling public and that the construction and appearance of same is not in keeping with the size and importance of the town.

Mr. J. M. Shea, superintendent of the division of the Seaboard Air Line Railway on which Sanford is located, in his sworn testimony, says that the present depot "is not large enough; that the waiting rooms are not large enough; that the baggage room is not large enough; it needs toilet arrangements put in. The station is badly kept; it has not received proper attention. We should have a seating capacity in each waiting room for at least thirty passengers."

The evidence of the different witnesses before the commission shows conclusively that the present station is inadequate to meet the needs of the town.

The statement was made to the commission, however, that the Seaboard Air Line Railway (which is in the hands of a receiver) had plans on foot, when reorganized, to lower the grade of its roadbed at Sanford, and, if lowered, it might be that a new depot would be necessary and, therefore, the commission was urged not to require the construction of a union station at this time. This suggestion—and it appears to be merely a suggestion without any tangible basis to support it—appears to have been seriously considered by the commission.

"It further appearing to the satisfaction of the commission that a depot according to the plans filed would be sufficient for the security, accommodation and convenience of the traveling public, at least until the Seaboard Air Line Railway will have a reasonable time for maturing and perfecting the plans above suggested."

The plans filed provide for additions to the present depot; additions constructed of wood. That these plans are by no means satisfactory to the people of Sanford the following statement from the citizens of that town, filed by their attorney, abundantly show.

If the building is "enlarged as suggested in the plans, it would have the appearance of a cow shed and would be a reflection upon the three great systems represented in its construction, and would remain, as it now is, a disgrace to the town."

It was clearly shown by the testimony before the commission that the depot is within the fire limits of the town of Sanford, and that the building of the additions to the present depot in accordance with the plans approved by the commission would be in violation of law. In other words, the effect of the order of the commission is to command the three railway companies to violate a valid ordinance of the town of Sanford. The result would probably be that they would not be permitted to violate the ordinance, the whole question would be thrown into the courts, and the traveling public at Sanford required to indefinitely suffer the inconvenience of the present inadequate depot facilities.

The receipts at Sanford for passenger fares of the three railroads, according to the evidence offered before the commission, amount to about thirty-six thousand dollars per year, besides the large receipts from freight.

It was admitted on the hearing that if the suggested plan of lowering the grade was carried out, that the depot of the Seaboard Air Line Railway would probably be moved a quarter of a mile from the present location and the traveling public would then lose the benefit of a union station.

In my judgment, an order should be made requiring the construction of a union depot, to be of brick or stone, and to cost not less than five thousand nor more than eight thousand dollars. The receipts of these three railroads at Sanford, in my judgment, justify the expenditure and the needs of the traveling public demand this consideration.

For these reasons I dissent from the order of the commission herein rendered.

B. F. AYCOCK,
Commissioner.

IN RE ASSESSMENT OF MORRISON PRODUCE AND PROVISION COMPANY.

This cause coming on to be heard upon exceptions of Morrison Produce and Provision Company, the following are the facts:

Morrison Produce and Provision Company, a corporation organized under and by virtue of the laws of North Carolina, and doing business and having its principal office in the city of Statesville, made a report to the corporation commission for assessment and taxation under section 34 of the Machinery Act, 1909.

The appraisal of the capital stock of said corporation by its secretary in said report is as follows:

"Cash value of capital stock on 1st day of June, 1909; cash value after leaving out stock invested in other corporations, \$2,500."

"Assessed value of all real and personal property on which corporation pays taxes, \$2,500."

"Value of capital stock less assessed value of all real and personal estate, nothing."

The corporation commission was not satisfied with the appraisal and valuation so made and returned, as it appeared from said report that the amount of capital stock paid into said corporation was \$10,000 and that \$7,500 of this was invested in stock in other corporations and that the corporation owned personal property which was assessed at \$2,500; and, as they were authorized and empowered to do, made a valuation thereof based upon the facts contained in said report, and settled an account on the valuation so made for taxation and immediately gave notice thereof to said corporation.

The corporation commission assessed the capital stock at \$7,000 and deducted therefrom \$2,500, the assessed value of real and personal property, and found a corporate excess of \$4,500.

The said corporation was dissatisfied with the settlement so made against it and within twenty days after notice of such settlement filed with the corporation commission exceptions with the particulars to which it excepted and the ground thereof.

1st. "For that the corporation commission appraised the capital stock of the Morrison Produce and Provision Company for the purposes of taxation at \$7,000."

This is overruled for the reason that the appraisal of the capital stock is not excessive. Ten thousand dollars was paid into this corporation on its capital stock.

2d. "For that the corporation commission charged against the said Morrison Produce and Provision Company the sum of \$4,500 corporate excess."

This exception is overruled. The capital stock being valued at \$7,000 and the assessed value of real and personal estate being \$2,500, the corporate excess is found by deducting this latter item from the appraised value capital stock.

The facts and reason assigned to sustain foregoing exceptions are as follows:

1st. "The capital stock of said corporation amounts to \$10,000, but said capital stock is invested in the following manner, to wit:

Stock in other corporations.....	\$7,600.00
Balance	2,400.00
Total	\$10,000.00

2d. "The Morrison Produce and Provision Company is advised and believes that the \$7,600 of its capital stock invested in other corporations should not be taxed. This is done when is charged the corporate excess. The said corporation is advised and believes that this corporate excess is in violation of the statute laws of North Carolina by reason of the fact that section 4 of schedule A of the Revenue Act uses the following language: 'Nor shall corporations legally holding capital stock in other corporations upon which the tax has been paid by the corporation issuing the same be required to pay any tax on said stock or list the same.'

3d. "That none of the stock held by the Morrison Produce and Provision Company is used for the purpose of obtaining money with which to conduct the business of said corporation,

4th. "That the said Morrison Produce and Provision Company returned for taxes the following property, to wit:

Personal property..... \$2,500.00."

The corporations in which the Morrison Produce and Commission Company hold these shares of stock were created and organized and are doing business under the laws of North Carolina.

The authority for assessing this corporation was conferred upon the corporation commission by section 34 of the Machinery Act, 1909. In order to enable them to make this assessment, the corporation is required to make a report to them on or before the 1st day of July of each year, giving certain facts "and in this report one of the following named officers of such corporation, etc., presi-

dent, secretary, etc., after being duly sworn or affirmed to do and perform the same with fidelity to the best of his knowledge and belief, shall estimate and appraise the capital stock of said company at its actual value in cash on the first day of June, after deducting therefrom the assessed value of all real and personal estate upon which the corporation pays taxes, as indicated or measured by the amount of profit made, either declared in dividends or carried into surplus or sinking fund, etc."

In assessing this corporation the corporation commission did not understand that they were authorized to deduct anything from the value of the capital stock except the assessed value of real and personal estate upon which the corporation pays taxes.

If there is any conflict between section 34 of the machinery act and section 4 of the revenue act, the corporation commission cannot correct it.

There is no evidence that the corporations issuing the shares capital stock held by Morrison Produce and Provision Company paid taxes on the shares of stock so held.

The exceptions are overruled and the assessment is hereby affirmed.

FRANKLIN McNEILL,

Chairman.

September 6, 1909.

IN RE J. K. MORRISON & SONS COMPANY.

This cause coming on to be heard upon exceptions of J. K. Morrison & Sons Company, the following are the facts:

J. K. Morrison & Sons Company, a corporation organized under and by virtue of the laws of North Carolina, and doing business and having its principal office in the city of Statesville, made a report to the corporation commission for assessment and taxation under section 34 of the machinery act of 1909.

The appraisal of capital stock of said corporation by its secretary in said report is as follows:

"Cash value of capital stock on the 1st day of June, 1909; cash value, leaving out difference between assessed value of real estate and cost, as well as stock in other corporations, \$34,600."

"Assessed value of all real estate and personal property on which corporation pays taxes, \$34,600."

The corporation commission was not satisfied with the appraisal and valuation so made and returned, as it appeared from said report that the amount of capital stock paid into said corporation was \$50,000 in cash and that the amount of dividend declared ending with 1st day of June, 1909, during the year, was \$12,000, and, as they were authorized and empowered to do, made a valuation thereof based upon the facts contained in said report and settled on valuation so made for taxation and immediately gave notice thereof to said corporation.

The corporation commission assessed the capital stock at \$50,000 and deducted therefrom \$34,600, the assessed value of real and personal property, and found a corporate excess of \$15,400.

The said corporation was dissatisfied with the settlement so made against it, and within twenty days after notice of such settlement filed with the corporation commission exceptions with the particulars to which it excepted and the ground thereof.

1. "For that the corporation commission appraised the capital stock of J. K. Morrison & Sons Company for the purposes of taxation at \$50,000."

This is overruled for the reason that the appraisal of the capital stock of this corporation is not excessive. Fifty thousand dollars was paid in and upon this amount a dividend of \$12,000 was declared January 1, 1909, for the year ending June 1, 1909.

2. "For that the corporation commission charged against the J. K. Morrison Sons Company the sum of \$15,400 corporate excess."

This exception is overruled. The capital stock being valued at \$50,000 and the assessed value of the real and personal estate being \$36,400, the corporate excess is found by deducting this last item from the capital stock.

The facts and reason assigned to sustain foregoing exceptions are as follows:

1. "It is true that the capital stock of said corporation amounts to \$50,000, but said capital stock is invested in the following manner, to wit:

Real estate	\$12,590.00
Stock in other corporations	10,350.00
Balance	27,060.00
Total	\$50,000.00

2. "That the real estate of said corporation cost said J. K. Morrison & Sons Company the sum of \$12,590, as set out above, and is carried on the books of the company for that sum, but the tax assessors appointed by law for the purpose of placing valuations on real estate for the purposes of taxation valued said real estate in the sum of \$5,650 and reported said valuation, as required by law, to the board of county commissioners of Iredell county, which said valuation was accepted by said board as a proper valuation of said property for the purposes of taxation, and said valuation was duly entered on the books of Iredell county.

3. "That said corporation does not feel that it should be compelled to pay taxes upon the difference in the valuation placed upon the said real estate by the assessors and the cost of same. This is done when the corporation is charged with corporate excess to that amount. This compels said corporation to pay taxes at a great deal higher rate than does an individual owning the same property. The said J. K. Morrison & Sons Company is advised and believes that the charge against it of said corporate excess is unjust, inequitable, unconstitutional and invalid."

These facts and reason do not convince the commission that an error was made by them in this appraisal. It may be that the corporation paid more for its real estate than it is worth.

The corporation commission does not pass upon the value of the different properties in which the capital stock is invested, but taking the earnings to be \$12,000, as reported, they are of the opinion that the capital stock, as a whole, is worth \$50,000.

The further facts and reasons assigned are as follows:

4. "That the \$10,350 held by the J. K. Morrison & Sons Company should not be taxed by means of charging said corporation with corporate excess to that amount. That said J. K. Morrison & Sons Company is advised and believes that this is true by reason of the fact that section 4 of the revenue act (schedule A) of the legislature of 1909, uses the following language: 'Nor shall corporations legally holding stock in other corporations, upon which the taxes have been paid

by the corporation issuing the same, be required to pay any tax on said stock or list the same.

5. "That none of the stock held by J. K. Morrison & Sons Company in the other corporations is used for the purpose of obtaining money with which to conduct its business.

6. "That the said corporation returned for taxes the following property, to wit:

Real estate	\$5,650.00
Personal property	28,950.00
Total	\$34,600.00."

The corporations in which J. K. Morrison & Sons Company hold these shares of stock were created and organized and are doing business under the laws of North Carolina.

The authority for assessing this corporation was conferred upon the corporation commission by section 34, machinery act of 1909.

In order to enable them to make this assessment, the corporation is required to make a report to them on or before the first day of July of each year, giving certain facts, "and in this report one of the following named officers of such corporations, etc., president, secretary, etc., after being duly sworn, or affirmed, to do and perform the same with fidelity to the best of his knowledge and belief, shall estimate and appraise the capital stock of said company at its actual value in cash on the first day of June, after deducting therefrom the assessed value of all real and personal estate upon which the corporation pays taxes, as indicated or measured by the amount of profit made, either declared in dividends or carried into surplus or sinking fund, etc."

In assessing this corporation the corporation commission did not understand that they were authorized to deduct anything from the value of the capital stock except "the assessed value of the real and personal estate upon which the corporation pays taxes."

If there is any conflict between section 34 of the machinery act and section 4 of the revenue act, the corporation commission cannot correct it.

There is no evidence that the corporations issuing the shares of stock held by J. K. Morrison & Sons Company paid taxes on the shares of stock so held.

The exceptions are overruled and the assessment is hereby affirmed.

CITIZENS OF WELDON v. ATLANTIC COAST LINE RAILROAD COMPANY AND SEABOARD AIR LINE RAILWAY—IN RE UNION PASSENGER STATION.

ROGERS, *Commissioner.*

This cause coming on to be heard before the commission at Raleigh on the 21st day of September, 1909, the plaintiffs were represented by their attorneys, W. E. Daniel, Esq., and George D. Green, Esq., and the defendant Atlantic Coast Line Railroad Company by its attorney, George Elliott, Esq., and W. H. Newell, general superintendent; and the defendant Seaboard Air Line Railway by its attorney, Murray Allen, Esq., and J. H. Whitt, superintendent.

The evidence of both plaintiffs and defendants was taken by the commission's stenographer and typewritten, copies of which are filed with the record in the case.

It appears to the commission, from the evidence, that the defendants have separate waiting rooms and maintain separate agencies at Weldon, but upon adjoining lots and in buildings which their passengers use in common for their convenience and comfort.

That the defendant's, Seaboard Air Line Railway, station is a one-story brick structure with two apartments, the size of each being 13 by 18 feet, with a seating capacity for eighteen people in either apartment, and are not provided with the usual conveniences for the privacy and accommodation of the traveling public.

It also appears from the evidence that the defendant Seaboard Air Line Railway, in receiving and delivering passengers at this station, has to back its trains into or out from it, to the danger and confusion of the public. That the revenue, in tickets sold at this station by the defendant Seaboard Air Line Railway, is from \$1,500 to \$1,800 per month.

As to the defendant Atlantic Coast Line Railroad Company, the evidence shows that its station at Weldon is a portion of an hotel building, with apartments for white and colored passengers, with a seating capacity of twelve and seventeen persons, respectively.

That there are toilet arrangements for females only, and that the arrangements of the apartments are such as to make the ventilation objectionable and the lights poor.

It also appears from the evidence that the daily average of passengers hauled by the defendant Atlantic Coast Line Railroad Company out, as shown by tickets sold, was 81, and that the passenger revenue for tickets sold for a period of one year was \$21,815.83. That the defendants operate through Weldon daily fourteen passenger trains, and that it is an important transfer point.

That the arrangement for the transfer of baggage between the defendant roads is uncertain and unsatisfactory.

The evidence shows that the town of Weldon is an important industrial and commercial point and has a population of 1,800 to 3,000.

The commission made a personal investigation of the conditions at Weldon on the 27th instant and have since reviewed the evidence in the case.

It is the opinion of the commission that the defendant railroad companies have not separate depots which are adequate and convenient and offer suitable accommodation for the traveling public. That a union passenger station at Weldon for the defendant roads is practicable, and that the necessities of the case require them to have one common or union passenger station for the security, accommodation and convenience of the traveling public.

Therefore, the commission hereby orders the defendants, Atlantic Coast Line Railroad Company and Seaboard Air Line Railway, to unite in the joint undertaking and expense of erecting, constructing and maintaining such union passenger depot, commensurate with the business and revenue of such railroad companies.

It is further ordered that plans and specifications for such building and site be submitted to the commission within thirty days from this date for its inspection and approval.

This cause is retained for further orders.

September 29, 1909.

CITY OF DURHAM v. NORTH CAROLINA RAILROAD COMPANY, SOUTHERN RAILWAY COMPANY, AND SEABOARD AIR LINE RAILWAY.

This cause coming on to be heard on exceptions by plaintiff to the findings heretofore made in this case, the plaintiff being represented by R. O. Everett and H. A. Foushee, attorneys; the North Carolina Railroad Company and Southern Railway Company by W. B. Rodman, Esq.; and the Seaboard Air Line Railway by F. L. Fuller, Esq.:

Upon consideration of argument of counsel, it is ordered that exception 1 be overruled.

The act under which this proceeding is brought, chapter 199, Private Laws of 1905, provides:

"SECTION 1. That the city of Durham is hereby authorized and empowered to extend Gregson Street, Carr Street, and Alston Avenue, public highways, under the railroad tracks crossing said streets or the extensions of said streets, and to cross the right of way of any railroad company owning the same at said crossing or any extension of said streets across said right of way."

This statute seems to contemplate that the street shall be opened by the city of Durham. The corporation commission is not empowered to limit the time within which the work shall be done by the city, and no power is conferred upon the corporation commission to require defendants to extend said street or to construct an underpass thereat.

Exception 2 is overruled. No evidence was offered in this case except by plaintiff. The testimony tended to show that if the subway was made for Alston Avenue, as proposed, in order to substitute over support for defendants' tracks it would cost \$26,000, and the corporation commission is of opinion that the value of this property to defendant is the cost of a permanent substitute. It was further in evidence that a wooden structure is not advisable and would only be temporary and liable to accident, and that it ought to be made of concrete with steel girders, and that the cost of structure would be \$26,000; and petitioner prayed that the abutments be constructed out of concrete with steel girders.

Exception 3 is overruled. The plaintiff alleges in his petition, article 11, that an opening of 12 feet in the clearance and 46 feet between the abutments would be necessary to make an underpass at said crossing, and prayed for a finding to that effect.

Exception 4 is overruled. Mr. White, city engineer and witness for plaintiff, testified that Alston Avenue could be made 3 or 4 feet lower under the railroad track than was proposed, and drained. There was no evidence that it was practicable to raise the railroad tracks or what cost would be incurred in doing it. The evidence shows that there are five tracks at this point occupied by defendants.

Exception 5 is overruled.

It is, therefore, ordered that all the exceptions of the defendant be and they are hereby overruled.

FRANKLIN MCNEILL,

Chairman.

CITY OF DURHAM v. NORTH CAROLINA RAILROAD COMPANY, SOUTHERN RAILWAY COMPANY, SEABOARD AIR LINE RAILWAY.

This is a motion by the city of Durham to certify the record on appeal to the superior court for trial.

R. O. Everett, Esq., appeared for complainant, and suggested that the record be sent to the superior court of Durham county.

J. H. Pou, Esq., attorney for Southern Railway Company, and F. L. Fuller, Esq., attorney for Seaboard Air Line Railway, resisted the motion to certify the case to Durham county, but stated that they did not object to any other county in the state.

Upon consideration of the matter, it appearing that the city of Durham has complied with the terms of the statute, it is ordered that all the papers and evidence considered by the corporation commission, together with the assignment of errors filed by appellant, be transmitted to the superior court of Wake county for trial.

The appellate court's attention is called to the fact that by directions of the statute this cause is entitled in the appellate court "the state upon relation of corporation commission against city of Durham," though corporation commission has no interest in the matter. The city of Durham and the North Carolina Railroad Company, the Southern Railway Company and the Seaboard Air Line Railway are interested in the questions presented by appeal in this case.

CITIZENS OF STATESVILLE v. SOUTHERN RAILWAY COMPANY—PASSENGER DEPOT.

ROGERS, *Commissioner.*

The petition filed in this case by the committees representing the Manufacturers' Association, the Commercial Club, the United Commercial Travelers, the Retail Merchants' Association, and the Board of Aldermen of the city of Statesville, asks for a new passenger station at Statesville.

After the usual notice to all parties of the proceeding, October 5, 1909, was the day on which the hearing of the matter was fixed, at Statesville.

The plaintiffs and defendant appeared before the commission at the time and place so fixed, the plaintiffs appearing through H. P. Greer, Dorman Thompson, and Turner & Armfield, attorneys at law; and defendant company by its general superintendent, G. R. Loyall.

The only testimony offered was by plaintiffs, which was taken by the commission's stenographer, typewritten, and copies thereof filed with the other papers in the case.

It appears from the evidence that Statesville is a town with 5,000 or more population, of commercial and manufacturing importance; it shows that for the months September, 1908, to September, 1909, inclusive, the revenue from freight and passengers received by the defendant company at Statesville amounted to \$397,703.06; that the passenger revenue for tickets sold for the same period was \$62,673.90; that it is a junction point, being the crossing of the Western North Carolina Railroad and the Charlotte, Statesville and Taylorsville Railroad. It appears that at this point the roads interchange many passengers. Parties de-

siring to transfer from one road to the other necessarily use the passenger station there. The evidence is and the trains' schedules show that passengers wait from thirty minutes to one and a half hours at this point. There are ten passenger trains daily passing this junction.

The station building is a wooden structure with rooms for white and colored passengers, each room with a seating capacity for fifty-two to fifty-five persons. It is without any outside projections or shelter, has no toilet conveniences, and the evidence shows that the city sewerage is a considerable distance from the station; but, while that is true and the cost of extending it to the station approximates \$1,000, the city will make the extension at any time the railroad company builds a satisfactory depot.

It also appears that on many occasions more than twice as many persons were taking the trains at this station as was seating room for them in the building.

The evidence shows that the manner in which the express and baggage are handled, and the arrangements of the tracks in the depot yard inconvenience and subject to danger the passengers received and delivered at this point.

The testimony of N. B. Mills, W. A. Thompson, W. L. Gilbert and E. G. Gilmer, business men of the town of Statesville, is that they are perfectly familiar with the conditions about the station there and that the accommodations for the public furnished by the defendant company at Statesville are totally inadequate. Their evidence is in no way denied.

The commission personally made inspection of the conditions at Statesville.

After careful consideration of the evidence and the conditions as they appear, the commission is of the opinion that the accommodations asked for in the petition should be granted; that the public necessity demands it, and the revenues received by the defendant company at Statesville justify it.

Therefore, it is hereby ordered by the commission that the Southern Railway erect a passenger depot at Statesville, North Carolina, with accommodations commensurate with the business and the revenue at that place.

It is further ordered that the plans and specifications be submitted to the commission for its inspection within sixty days from this date: Provided, however, that before approval of the plans so ordered, it shall appear to the commission that the city of Statesville has extended its sewer line so that the toilets which the defendant companies will be expected to provide in said station can be connected therewith.

October 30, 1909.

CITIZENS OF LIBERTY, SILER CITY AND OTHERS v. SOUTHERN RAILWAY COMPANY—PASSENGER SERVICE.

This cause coming on to be heard on petition and answer, after conferences with the defendant and after personal investigation by the commission, the following facts are found:

Complaint was filed in this case alleging necessity for additional passenger facilities on the A. and Y. Railroad between Sanford and Greensboro. The allegation is that there should be daily passenger service in the morning from Sanford to Greensboro and in the afternoon from Greensboro to Sanford. The distance from Sanford to Greensboro is 61 miles, with 13 stations inclusive.

Substantially the same complaint was made to this commission in the year 1906, and defendant alleged that this deficiency could be remedied by attaching

passenger coach to through freight trains which would leave Sanford in the morning at 6:00 o'clock and arrive at Greensboro at 10:00 o'clock, and returning leave Greensboro at 2:00 o'clock in the afternoon; and defendant promised the commission that such service would be installed. The corporation commission is informed that this passenger coach was attached to the through train and for a time improved the passenger facilities, but being a through freight train rather than a passenger train, in course of time, when there was no train load of carload freight, the schedule for this train would be annulled, and so it became uncertain.

Another objection was that the actual time of leaving Greensboro became more and more uncertain. While scheduled to leave at 2:00 o'clock P. M., it was frequently two or more hours later; and finally this passenger service was discontinued entirely, not on account of lack of passenger patronage, but because it was a freight train, so that now there is practically but one passenger service daily each way between Sanford and Greensboro, and this is by means of through train from Mount Airy to Wilmington and Wilmington to Mount Airy. This through passenger service has existed, with the exception of a few months, ever since the C. F. and Y. V. Railway was constructed.

The present schedule provides that train No. 130 shall leave Greensboro at 12:50 P. M. daily and arrive at Sanford at 3:30 P. M.; and train No. 131 shall leave Sanford at 2:18 P. M. and arrive at Greensboro at 4:45 P. M. These trains are well patronized between Greensboro and Sanford, the coaches being usually well filled and frequently crowded. It is necessary, for the convenience of the traveling public, that these trains be maintained and operated as through trains between Wilmington and Mount Airy.

There is also a mixed train operated between Greensboro and Ramseur, mainly for the convenience of Ramseur, which incidentally serves that portion of the road between Greensboro and Climax. The distance between Greensboro and Climax is 13 miles. This train is also a necessity.

In answer to complaint, defendant proposed to add passenger coaches to local freight train, with schedule to leave Sanford at 6:00 A. M. and arrive at Greensboro at 10:00 A. M., and returning leave Greensboro at 2:00 P. M. and arrive at Sanford at 8:00 P. M. The corporation commission is of the opinion that the time called for in this schedule is too long. The schedule of passenger trains between Sanford and Greensboro is about two and a half hours—to be accurate, one is 2 hours and 27 minutes and the other 2 hours and 40 minutes, and this, we are informed, is usually kept.

The corporation commission is of the opinion that the schedule ought not to be longer than three or three and a half hours.

The corporation commission is further of the opinion that the schedule ought to require the arrival at Greensboro at or before 9:25 A. M. instead of 10:00 A. M., so as to connect at Greensboro with trains leaving Greensboro at and after that hour, especially with train No. 144, which leaves Greensboro at 9:30 A. M. for Goldsboro, which would furnish connection for the traveling public from points between Sanford and Greensboro to all Southern Railway points, as well as connections at Durham, Raleigh, Selma and Goldsboro; and that the schedule ought further to require that this train should not leave Greensboro, returning to Sanford, earlier than 3:20 P. M., so as to furnish transportation to points on this road for passengers arriving at and before that hour.

It is, therefore, ordered that Southern Railway furnish passenger service between Sanford and Greensboro and Greensboro and Sanford daily on schedule for the run not to exceed three and a half hours, and arrive at Greensboro by or before 9:15 A. M., so as to connect with trains leaving Greensboro after that hour, and returning leave Greensboro not earlier than 3:20 P. M., so as to accommodate passengers arriving on trains before that hour; and to that end that they make a passenger schedule and report same to this commission within fifteen days from the date hereof.

Chairman.

N. W. HATCH v. SEABOARD AIR LINE RAILWAY—FREIGHT SIDING FACILITIES.

AYCOCK, *Commissioner.*

It appearing to the corporation commission, from petition of N. W. Hatch, that Millbrook is a small passenger and freight station 6.6 miles north of Raleigh on the Seaboard Air Line Railway.

There is at this point a small combination freight and passenger depot, ample for the accommodation of passengers and for such freight as is ordinarily moved through a warehouse, but under present conditions practically no accommodation for shipment or delivery of carload freight.

The Seaboard Air Line Railway has, at this point, four tracks—the main line, a pass track on both the east and west side of said main line, and a short spur track running alongside of the depot, for the shipment and delivery of freight moving through the depot. The spur track continues far enough north of the depot to take three cars at a time, two of which extend beyond the depot. A public highway crosses these tracks on the south side of the depot at right angles. South of this highway the railway enters a cut, which makes it impossible to load or unload cars south of the depot. North of the depot is also a small cut, but the land only rises to about the height of a car door. At this point, at the north end of the spur, the railway has provided a landing where one car at a time can be loaded or unloaded. This point has been used by shippers for that purpose many years. On or about the 27th of September free access to this spur track was prevented by a wire fence built by private parties, giving great inconvenience for the loading and unloading of cars at the only place that car service could be given to the general public, making it impossible to drive a two-horse team up to the cars, there being only a space of about eight feet. The only possible way now to reach it is with a one-horse wagon, then take out and push back the empty wagon.

With these facts before it, the commission orders that all obstructions be cleared away for at least twenty-five or thirty feet, so as to give free access to the depot and sidings necessary for the loading and unloading of freight cars.

CITIZENS OF CANTON v. SOUTHERN RAILWAY COMPANY—IN RE
BRIDGE AT RAILROAD CROSSING.

This case was heard at Canton on the 6th of October, 1909, for convenience of the parties.

Plaintiff was represented by the mayor, John M. Curtis, and by the board of aldermen, J. H. Mease, H. D. Secrest, and E. V. Hampton; defendant was represented by the general superintendent, G. R. Loyall, engineer of maintenance of way, T. H. Gatlin, and superintendent, T. S. Boswell.

Evidence was taken by stenographer and typewritten, and a copy of same is filed in the record in this office.

Petition alleges in substance that defendant company maintains a line of railway tracks in the town of Canton, crossing the public highway of said town near its passenger station, and that at said crossing trains and locomotives are constantly crossing and moving backwards and forwards at frequent intervals, and that said tracks are constantly in use by said trains and locomotives, both for freight and passenger trains and also for switching and moving freight cars; that said crossing is dangerous, and that the persons using it are in constant jeopardy of their lives; and that the said town is thickly populated on both sides of said railroad crossing, and that in going to and from places of business in said town it is necessary to cross at said crossing; and that there is an adequate place at said crossing for the construction of an overhead bridge, which could be constructed at a reasonable cost, and that said overhead bridge would minimize the danger incident to said crossing; and prays for an order directing defendant to construct an overhead bridge, etc.

Defendant admits that its tracks cross the highway at grade, as alleged, and that it is a dangerous crossing, but denies that it is practicable to construct an overhead bridge at said crossing. Defendant further says that it is practicable to construct an overhead bridge at a point east of said crossing, but there is no street to this point (the point and line of street being indicated by a blue print filed with the commission).

Defendant further says that it proposed to plaintiff that, if they would abolish the present grade crossing and condemn the land for a street to defendant's right of way, defendant would construct an overhead bridge and grade the street and approaches to said bridge, the point being indicated as above. That at first plaintiff agreed to this proposition, and defendant began to collect material for the work, but, upon plaintiff refusing to abolish the grade crossing, the preparation was discontinued.

It was alleged and admitted, and the evidence establishes beyond doubt, that the crossing is a dangerous one; it is the throat of a yard at which a large amount of carload freight is delivered, and the business at this place is growing so that instead of the danger becoming less in the future it will become greater.

As alleged in the petition, this is the only crossing in the town of Canton, a town of 2,500 to 3,000 inhabitants, with about half of its population located on either side of the railroad track. The passenger and freight depot is south of the railroad, so that all persons on the north have to cross it for their freights and to take passage on the trains. It is estimated that 500 school children who live on the south side have to cross and recross it daily to reach the school building, which is on the north side.

It was conceded that it is impracticable to construct an overhead bridge at the crossing.

The statute under which this petition is filed is as follows:

"SECTION 1. That in addition to the powers already conferred upon and possessed by the North Carolina corporation commission it shall have power:

* * * * *

"(c) To require the raising or lowering of any track or highway at any highway crossing and to designate who shall pay for the same, and, when they think proper, partition the cost of abolishing grade crossings and the raising or lowering of said track or highway among the railroads and municipalities interested."

The manifest purpose of this statute is to authorize the corporation commission to require the abolishing of grade crossings where it can be done by raising or lowering railroad tracks. As stated above, all of the evidence is to the effect that this is impracticable at the present crossing, and that there is only a way to have an overhead crossing at a point (indicated on the blue print filed by defendant) some distance east of the present crossing.

On the hearing defendant renewed its offer to grade the street approaches and to construct the bridge upon plaintiff's abolishing so much of the present street as crossing defendant's right of way and condemning the necessary land for the purpose of street to the point indicated on the blue print for a bridge.

By chapter 90, section 15, Private Laws of 1907, it is enacted: "That the board of commissioners of the town shall have power at any time, whenever by them deemed necessary, to lay out and open new streets and sidewalks, or to widen, enlarge, change, extend or discontinue any street or streets, sidewalk or sidewalks, or any part thereof within the corporate limits of the said town, and shall have full power and authority to condemn, appropriate or use any land or lands necessary for the purposes named in this section, upon making reasonable compensation to the owner thereof."

Under and by virtue of this statute, we are of opinion that plaintiff can discontinue so much of this street as is on defendant's right of way at this grade crossing, and we respectfully recommend that plaintiff accept the offer made by defendant.

We refrain from making an order because, in our opinion, we have not the power under the statute.

"Where a consignee shall give to the delivering carrier notice of his refusal to accept a shipment of freight properly tendered in pursuance of the bill of lading, the delivering carrier shall give to the consignor legal notice of such refusal, and if the consignor fails within three days thereafter to give direction for the disposition of such goods, he shall thenceforth become liable to such carrier for the usual storage charges, to the same extent, and at the same rate, as such charges are now, under like circumstances, by the rules of this commission, imposed upon consignees who neglect or refuse, after notice of arrival, to remove freight of like character.

"And where a consignee of freight, either in carloads or less than carloads, shall fail or neglect to remove such freight within six days after the expiration of free time, then the carrier shall, through the agent at point of shipment, so notify the shipper, unless the consignee has signified his acceptance of the property. Said notice may either be served personally or given by mail.

"No such notice to the consignor, however, shall be required of a carrier company where goods are shipped in less than carload lots, unless such goods, or the packages containing the same, or waybill, shall legibly bear the name and address of the consignor thereof.

"A consignee who has once refused to accept a consignment of goods shall not thereafter be entitled to receive the same, except upon the payment of all charges for storage which would otherwise have accrued.

Effective on and after April 1, 1909, the following rule will be added to Circular No. 36, being storage and demurrage rules:

Where a consignee shall give to the delivering carrier notice of his refusal to accept a shipment of freight properly tendered in pursuance of the bill of lading, the delivering carrier shall give to the consignor legal notice of such refusal, and if the consignor fails within three days thereafter to give direction for the disposition of such goods, he shall thenceforth become liable to such carrier for the usual storage charges, to the same extent, and at the same rate, as such

charges are now, under like circumstances, by the rules of this commission, imposed upon consignees who neglect or refuse, after notice of arrival, to remove freight of like character.

And where a consignee of freight, either in carloads or less than carloads, shall fail or neglect to remove such freight within six days after the expiration of free time, then the carrier shall, through the agent at point of shipment, so notify the shipper, unless the consignee has signified his acceptance of the property. Said notice may either be served personally or given by mail.

No such notice to the consignor, however, shall be required of a carrier company where goods are shipped in less than carload lots, unless such goods, or the packages containing the same, or waybill, shall legibly bear the name and address of the consignor thereof.

A consignee who has once refused to accept a consignment of goods shall not thereafter be entitled to receive the same, except upon the payment of all charges for storage which would otherwise have accrued.

By order of the commission:

H. C. BROWN,
Clerk.

FRANKLIN McNEILL,
Chairman.
